REQUEST FOR PROPOSALS (RFP)

ENVIRONMENTAL ABATEMENT, DEMOLITION AND RESTORATION OF COMMERCIAL STRUCTURES IN GENESEE COUNTY

INTRODUCTION

Overview

Demolition of commercial structures is being undertaken as an approved eligible activity under the Genesee County Land Bank Authority (GCLBA) Demolition Program. GCLBA receives grant funding through various sources for blight elimination activities, including the demolition of GCLBA owned residential and commercial structures within Genesee County. Funding may come from various grants and or sources to include, but not limited to, the Community Development Block Grant, Genesee County Treasurer Demolition Funding, and other various funds.

GCLBA invites the submission of proposals from contractors experienced and licensed to conduct the abatement, demolition and disposal of commercial structures located in Genesee County. Contractors are expected to be able to handle the GCLBA’s needs and be very responsive to GCLBA staff requests. Funding sources for services to be provided may include but are not limited to:

- Genesee County Treasurer Demolition Funding
- Community Development Block Grant Program (CDBG)

Any contract resulting from this RFP may be partially funded through City of Flint Community Development Block Grant dollars awarded to the GCLBA through an agreement attached hereto (Appendix 11) and incorporated herein. GCLBA is working with the City of Flint to satisfactorily complete the federal environmental review requirement for the site prior to committing and CDBG funding to the cleanup/demolition. Funding available for this project is limited and Bidders are advised that this RFP does not constitute a commitment of CDBG funds or site approval, and that such commitment of funds or approval may occur only upon satisfactory completion of environmental review and receipt of City of Flint’s determination to proceed with, modify or cancel the project based on the results of a subsequent environmental review.

Qualified demolition contractors may submit bids for the Scope of Work defined in this RFP. This proposal will be scored on the evaluation criteria set forth in this RFP. The GCLBA anticipates entering a contract for the Scope of Work set forth herein.

Only firms/contractors that are on the GCLBA Approved Contractor lists can respond to RFP’s issued by the GCLBA. Bidders must have an active DUNS registration in order to bid on work funded through the Community Development Block Grant Program. Please note that proof of an active Data Universal Number System (DUNS) number and System for Award Management (SAM; www.sam.gov) registration are additional required submittals for this RFP.

Approved contractors that will not be responding to this RFP should only return the Attachment C.
Addendums to this RFP can be found at www.thelandbank.org under the tab Current Bids. Prior to bidding, please check for updates to this proposal.

Companies with demonstrated experience in the scope of work defined in this RFP and with an interest in making their services available to GCLBA are invited to respond to this RFP. “Bidders” means the companies or individuals that submit proposals in response to this RFP. The Bidder shall be financially solvent and each of its members if a joint venture, its employees, agents or sub-contractors of any tier shall be competent to perform the services required under this RFP document. “Contractor” means the Bidder whose proposal submitted in response to this RFP is selected for award of a contract.

GCLBA is seeking to encourage participation by respondents who are MBE/WBE/DVBE and Section 3 business enterprises. Section 3 contracting goals for funding received through the City of Flint and the Department of Housing and Urban Development (HUD) are as follows: 10% of construction (demolition) subcontracts are to be awarded to agencies/businesses who are Section 3 certified, and 3% of non-construction subcontracts (ex - architectural, etc.) are to be awarded to agencies/businesses who are Section 3 certified.

For additional information please refer to Attachment E and the following links:

Nothing in this RFP shall be construed to create any legal obligation on the part of GCLBA or any Bidder. GCLBA reserves the rights, in its sole discretion, to amend, suspend, terminate, or re-issue this RFP in whole or in part, at any stage. In no event shall GCLBA be liable to Bidders for any cost or damages incurred in connection with the RFP process, including but not limited to, any and all costs of preparing a response to this RFP or any other costs incurred in reliance on this RFP. No Bidder shall be entitled to repayment from GCLBA for any costs, expenses or fees related to this RFP. All supporting documentation submitted in response to this RFP will become the property of the GCLBA. Bidders may also withdraw their interest in the RFP, in writing, at any point in time as more information becomes known.

Each Bidder is responsible for labeling the exterior of the sealed envelope containing the proposal response with the proposal number, proposal name, proposal due date and time and your firm’s name. Late proposals will not be accepted. The proposal request number and due date for this Bid is:

**PROPOSAL REQUEST NUMBER:** #LB: 19-010

**MANDATORY PRE-BID WALK THROUGH**
Friday, April 26, 2019 2:00pm on site

**QUESTIONS DUE**
Wednesday, May 1, 2019 by 3:00pm

**DUE DATE:**
Tuesday, May 14, 2019 @ 3:00pm EST

All inquiries relating to this RFP should be directed in writing to Faith Finholm, Grants Manager [ffinhholm@thelandbank.org], at Genesee County Land Bank, 452 S. Saginaw Street, 2nd Floor, Flint, Michigan 48502 or via the appropriate indicated email.
No proposal may be withdrawn for a period of thirty (30) days after submission. Proposals offering less than thirty (30) days for acceptance by the Genesee County Land Bank from the date set for opening will be considered non-responsive and will be rejected.

The GCLBA reserves the right to reject any or all proposals and to waive irregularities or informalities as may be deemed in the GCLBA’s interest. It is the GCLBA’s intent to award the contract to the Bidder(s) whose proposal(s) is the most responsive, responsible and offers the best service to the GCLBA in accordance with criteria set forth in RFP. The GCLBA may choose to enter into multiple contracts for the same scope of services to ensure that there is enough capacity to complete the work in a timely manner, as required by the funding sources identified.

**Time of Completion**

Any agreement awarded pursuant to this RFP solicitation shall be in accordance with the Scope of Work and compensation as outlined below, and, within a mutually agreed upon expedited timeframe.

**Term of Contract**

It is anticipated that the Bidder(s) will start work after the contract is executed and depending on the readiness of the projects. The anticipated project schedule can be found under the IMPORTANT DATES section of this RFP. Please note that some projects that may be awarded may later be cancelled prior to being issued a Notice to Proceed depending on various factors including changes in priorities, readiness of projects prior to grant deadlines, and available funding. GCLBA reserves the right to cancel any project(s) that has been issued on a bid or entered into a contract if GCLBA has deemed project(s) infeasible and is unable to proceed with the demolition. In the event a structure or structures itemized on this bid is destroyed or substantially destroyed by fire or other calamity beyond its present condition as determined by the GCLBA, or environmental hazards are found, at any time prior to actual demolition, the Authority reserves the right to remove the structure from the bid; or in the event of bid award, to remove the structures(s) from the award and reduce the price by the Contractors’ bid for that structure(s). GCLBA also reserves the right to negotiate pricing.

If there are any incomplete payment request packets or if final demolition inspection is failed by the GCLBA Demolition Inspector, all packets will be rejected and returned to the Contractor for correction.

Once packet includes all of the required documentation, Contractor can resubmit to the GCLBA for processing. **When payment packets have been approved and include all required documentation, payment request will be submitted for processing.** Payment to Contractor will be made by the GCLBA in 30 to 60 days upon receiving approved and complete payment request packet for each project/address and all required submittals (invoice, sworn statement, lien waivers, manifests, etc.)
Federal, State, and Local Regulations

This project will comply with all codes, standards, regulations, and workers' safety rules that are administered by federal agencies (EPA, OSHA, and DOT), state agencies (MOSHA, MDEQ, MDOT, and DCH), and any other or relevant local regulations and standards that may apply.

Proposals shall be responsible for compliance with the following additional requirements:

1. Certification Form Note
2. Bid Bond
3. Michigan Builders or M&A – Home Wrecking License
4. Michigan Accredited Asbestos Building Inspector Certification for Company
5. Michigan Accredited Asbestos Certification for Asbestos Supervisor
6. Michigan Accredited Asbestos Certification for workers
7. OSHA 40-hour Hazardous Waste Operations Certification (HAZWOPER)
8. OSHA 8-hour refresher HAZWHOPER Re-certification
10. Part 169, Scrap Tires, of the NREPA
12. Compliance with MIOSHA Part 602 Asbestos Standards for Construction (as amended June 5, 2013)
13. OSHA 29 CFR 1926 - Construction Industry Standards
16. 40 CFR Part 261- EPA Regulations
17. 40 USC §3701 et seq.; 29 CFR Part 5 - Contract Work Hours and Safety Standards Act (CWHSSA)
18. HUD Title X parts 1012-1013
20. Equal Opportunity Clause
21. Section 3 Clause (See Attachment E)
22. HUD Contract and Subcontract Activity
23. Copeland Anti-kickback Act
24. Drug Free Workplace Requirements
25. Bidders Insurance Checklist (Attachment A)
26. Genesee County Labor Standards (Including Prevailing Wage & Wage Determination)
27. And other Regulations Referenced throughout this document and attachments

PROFESSIONAL SERVICE REQUIREMENTS

Scope of Work

The purpose of this project is to provide abatement, demolition, waste disposal, and site protection of blighted and/or dangerous structure(s) located in the City of Flint and Genesee County. Applicants can respond to the proposal/ scope of services described below (the complete scope of work is available in Appendix 1 and on the Land Bank’s website: www.thelandbank.org).

Note: Change orders will not be approved for this project. Each Bidder must sign and submit the Certification of Site Visit Form as supplied in Attachment D, verifying that, if successful, any material missed by the Bidder in preparation of bid will be the responsibility of the successful Bidder to remove in compliance with all relevant rules and regulations at no additional cost.

During the contract period, GCLBA anticipates the abatement and disposal of environmentally hazardous materials from specified structures prior to demolition of the structure(s). Demolition and disposal of the structures is to follow abatement.

The purpose of the abatement and disposal is to properly remove environmental hazardous materials/waste concerns associated with the structure, or within close proximity to the structure, that may require removal and disposal, or other consideration, before a structure is renovated, demolished or deconstructed.

It is the policy and practice of the GCLBA to abate what can feasibly be abated despite the condition of the structure, whether or not a structure will ultimately be demolished as asbestos containing. Conditions inhibiting the abatement of identified materials must be thoroughly documented and explained.

Exceptions may be made in the case of roofing materials in good condition and in cases where a composite sample of drywall and joint compound contain less than 1% asbestos. Contractor will remove all identified ACM unless otherwise directed by the Land Bank.

In instances where Bidder intends to leave ACM in place during demolition, this must be specifically noted in the Work Plan with specific addresses and procedures identified.

Site demolition is to include removal of building, basements, and foundations while protecting structures, utilities, sidewalks, pavements, and other facilities existing to remain from damage caused by settlement, lateral movement, undermining, washout, and other hazards created by earthwork and demolition operations. Site restoration is to include: fill and compaction of all
disturbed areas, and seeding and mulch of the entire parcel/lot and the Right of Way per specification.

In periods of abnormal dryness to severe drought as indicated by the U.S. Drought Monitor, Contractor will be required to water site for a period of 7 days after seeding to keep site sufficiently moist during the germination period.

Bidders can request access to access to Environmental Site Assessments and Pre-demolition surveys by emailing requests to ffinholm@thelandbank.org. Respondents will be invited to review information via Box.com.
The GCLBA will evaluate the four lowest cost proposals received and identify the submittals that are the most responsive, responsible and offer the best service to the GCLBA. Additional proposals will only be evaluated in the event that the award is not made to one of the four lowest cost proposals. The GCLBA will consider Bidder qualifications, financial viability, project references, experience with comparable projects, and projects with concurrent timelines. Specifically, each RFP package will be reviewed based on the following selection criteria:

</tbody>
</table>

** Up to twenty (20) points may be deducted when evaluating Bidder capacity. GCLBA staff will consider past experience with Bidder’s response to issues and complaints, including the timeframe in which the Bidder responded to identified issues and where Bidder performed substandard work (work performed by Bidder or Bidder’s subcontractor(s) that did not meet bid specifications) on any previous GCLBA projects.
SUBMITTAL REQUIREMENTS

RFP responses must be submitted both via hard copy and electronic copy. Each Bidder shall submit one (1) original, one (1) additional copy of application and one flash drive containing a PDF copy of the following documents in a clear, legible, 12 point font, and 8.5 by 11 inch format. Responses not submitted via hard copy will not be considered. Bidders are advised to adhere to the Submittal Requirements. Failure to comply with the instructions of this RFP will be cause for rejection of submittals.

Bidders may, without prejudice to himself/herself, withdraw Bid/Tender after it has been submitted, provided the request for such withdrawal is received in writing before time set for opening. Verbal communication is not acceptable. After opening, no Bid/Tender may withdraw for period indicated.

Before submitting a proposal, each Bidder shall inspect the site of the proposed work to arrive at a clear understanding of the conditions under which the work is to be done. He will be held responsible for having compared the premises with the drawings and specifications, and to have satisfied himself/herself as to all conditions affecting the execution of the work.

Bidders are required to submit all required documentation identified in the “Minimum Qualifications of Bidders” when responding to bids, with the exception of company tax returns. Bidders may have the most recent two years company tax returns on file with the GCLBA instead of submitting with the bid response.

If there are any changes with the documents or renewals, it is the Bidders’ responsibility to submit the correct documents to the GCLBA in a timely manner. If the Bidder does not submit all required documents with the bid response, the documents may be considered missing, which may result in the bid response being considered as non-responsive.

GCLBA reserves the right to seek additional information to clarify responses to this RFP. Each response must include the following:

A. Minimum Qualifications of Bidders

These documents must be submitted and acceptable before GCLBA will review the Experience and Capacity proposal:

1. Evidence of Financial Stability: The Bidder shall be financially stable and have the financial wherewithal to carry out the requirements of this solicitation. All Bidders shall include two years of Company tax returns and a most recent corresponding annual financial statement (balance sheet, etc.) provided by their accountant and/or a letter from their accountant stating evidence of financial stability with the proposal response. This information will assist GCLBA in determining the Bidder’s financial condition. GCLBA is seeking this information to ensure that the proposer’s have the financial stability and wherewithal to assure good faith performance.

2. Michigan Builders or M&A –Home Wrecking License: The Bidder must be licensed by the State of Michigan, as a Residential Builders and/or Maintenance & Alterations Contractors with a House Wrecking trade designation. (The person/company that is issued the License by the State of Michigan must be in entity that applies in order to be added to the prequalified list.)
3. **Asbestos License & Certificate:** The Bidder must be a licensed Asbestos Abatement Contractor by the State of Michigan in the name of principal or co-partnership. *(The person/company that is issued the License and/or Certificate by the State of Michigan must be an entity that applies to be added to the prequalified list.)*

4. **Evidence of Insurance:** The Bidder and subcontractors must have Commercial General Liability with limits not less than: Premises/operations $1,000,000 per occurrence with $2,000,000 aggregate; Workers Compensation Statutory limits of Michigan; Automobile Liability with limits not less than $1,000,000 combined single limit each accident-Owned, hired, non-owned; and, Professional Liability with limits not less than $1,000,000 including errors & omissions $200,000 per occurrence. The Bidder must also have Pollution Liability insurance for projects involving the removal and disposal of waste or storage tanks or potential contamination. Contractor shall maintain limits no less than $1,000,000 per loss/$1,000,000 aggregate. A certificate of insurance must be included with submission of qualifications. *(See Attachment A for Bidder’s Insurance Checklist) GCLBA must be listed as an additional insured for all contracts.*

5. **Current Certificate of Good Standing (Corporation) or Certificate of Existence:** The Bidder shall provide a Certificate of Good Standing (Corporation) or Certificate of Existence (Limited Liability Company) issued by the Michigan Department of Licensing and Regulatory Affairs Corporations, Securities & Commercial Licensing Bureau. *(If Bidder is a joint venture, a Certificate of Good Standing or Certificate of Existence, as applicable, must be submitted for each entity comprising the joint venture.)*

6. **Experience:** Bidders must have a minimum of five* (5) years of relevant and proven experience providing professional licensed demolition services. *Required by the State of Michigan. References should be related to the scope of work and must be recent, with projects completed within the past 5 years.*

7. **Bid, Performance and Payment Bond:** Bidders must provide a letter from the bonding company they intend to use stating bonding capacity and surety rating. Bidders must have the ability to secure a Bid Bond in the amount of five (5%) of their bid amount and a Performance Bond and Payment Bond, if awarded, in an amount equal to one hundred percent (100%) of the total contract amount. Surety on such bonds shall be by a bona fide company authorized to do business in the State of Michigan. *Bond requirement shall be increased consistent with any contract amount increase.*

8. **Conflict of Interest Statement & Supporting Documentation:** The Bidder shall disclose any professional or personal financial interests that may be a conflict of interest in representing the GCLBA. In addition, all Bidders shall further disclose arrangement to derive additional compensation from various investment and reinvestment products, including financial contracts.

9. **Debarment and Suspension:** The Bidder certifies to the best of its knowledge and belief that it, its agents, and its subcontractor(s):
a. Are not presently debarred, suspended, proposed for debarment, and declared ineligible or voluntarily excluded from covered transactions by any federal department or the State.

b. Have not within a three-year period preceding this Contract been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction, as defined in 45 CFR 1185; violation of federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property.

c. Are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, State, or local) with commission of any of the offenses enumerated in subsection (b).

d. Have not within a three-year period preceding this Contract had one or more public transactions (federal, State, or local) terminated for cause or default.

e. Will comply with all applicable requirements of all other State or federal laws, executive orders, regulations, and policies governing this program.

10. Other State License and/or Certification:
   b. Verification of active DUNS number and registration on www.SAM.gov
   c. Any other State License and/or Certification that is deemed necessary to complete the Scope of Work as described.

11. Capacity: The bidder must have the capacity to complete the abatement and demolition of projects in the timeframe identified by the GCLBA identified in this RFP.
Letter of Interest

Please submit a Cover Letter of Interest on your firm's letterhead signed by a duly authorized officer or representative of the Bidder, not to exceed two (2) pages in length. The Letter of Interest must also include the following information:

1. The principal place of business and the contact person, title, telephone/fax numbers and email address.

2. A brief summary of the qualifications of the Bidder and team. Please ensure you are including information for GCLBA to assess your qualifications in regards to the scoring criteria set forth in this RFP.

3. Description of organization (i.e. Corporation, Limited Liability Company, or Joint Venture).

4. The names and business addresses of all Principals of the Bidder. For purposes of this RFP “Principals” shall mean persons possessing an ownership interest in the Bidder.
   - If the Bidder is a partially owned or fully-owned subsidiary of another organization, identify the parent organization and describe the nature and extent of the parent organization’s approval rights, if any, over the activities of the Bidder.
   - A complete list of all the Bidders’ board/officers must be included.

5. Experience and capacity to implement the scope of work described in Scope of Services. Please ensure you are including information for GCLBA to assess your qualifications in regards to the scoring criteria set forth in this RFP. Include a list of projects your company is currently committed to and briefly explain whether you see any conflict between being able to complete projects currently under contract and a GCLBA contract should the project be awarded.

6. Familiarity with the GCLBA and basic understanding of programs (see www.thelandbank.org for more information) including previous experience with other Land Banks.

7. The Signature Page attached hereto at the end of this RFP and incorporated herein by reference must be signed by Bidder and attached to the Letter of Interest

SELECTION PROCESS

The Selection Committee comprised of GCLBA staff will review qualifications in accordance with the evaluation criteria set forth herein. Proposals that are submitted on time and comply with the mandatory requirements of the RFP will be evaluated in accordance with the terms of the RFP. Any contract resulting from this RFP will not necessarily be awarded to the Bidder with the lowest price. Instead, contract(s) shall be awarded to Bidder(s) whose proposal(s) is the most responsive, responsible and offers the best service to the GCLBA in accordance with criteria set forth in RFP.

BID/TENDER FORM #LB 19-010

SUBMITTED TO: Genesee County Land Bank
452 S. Saginaw Street
Flint, Michigan 48502

FOR: Invitation to Bid #LB 19-010 Environmental Abatement, Demolition and Restoration of 4615 Western Rd, Former Shady Acres Mobile Home Park:

DATE: ______________________________

NAME OF BIDDER: ______________________________

ADDRESS: ______________________________________

TELEPHONE: ____________________________________

TO: Genesee County Land Bank Authority (hereinafter called “GCLBA”)

To Whom It May Concern:

The Bidder, in compliance with your invitation for bids for the environmental abatement and demolition and disposal of Residential and/or Commercial Structures having examined Bid #LB: 19-010 prepared by the Genesee County Land Bank, and other related documents and being familiar with site of proposed work, and with all conditions surrounding demolition of the listed property including availability of materials and labor, hereby propose to furnish all labor, materials, tools, equipment, machinery, equipment rental, transportation, superintendence, perform all work, provide all services, and to perform all work in accordance with Bid #LB: 19-010, within time set forth herein, at prices stated below. These prices are to cover all expenses incurred in performing work required under Scope of Work, of which this Bid/Tender is a part. Successful Bidder agrees to provide performance and payment bonds written by surety acceptable to GCLBA; made in favor of GCLBA as obligee. The Bidder recognizes that the GCLBA may award the bid packages separately and not as a total contract.

Adjustments to bid- In the event a structure or structures itemized on this bid is destroyed or substantially destroyed by fire or other calamity beyond its present condition as determined by the GCLBA, or environmental hazards are found, at any time prior to actual demolition, the Authority reserves the right to remove the structure from the bid; or in the event of bid award, to remove the structures(s) from the award and reduce the price by the Contractors’ bid for that structure(s).

GCLBA reserves the right to cancel any project(s) that has been issued on a bid or entered into a contract if GCLBA has deemed project(s) infeasible and is unable to proceed with the demolition.
ATTENTION:

*It is the policy and practice of the GCLBA to abate what can feasibly be abated despite the condition of the structure, whether or not a structure will ultimately be demolished as asbestos containing.* If conditions inhibiting the abatement of identified materials exist, GCLBA must be notified and conditions must be thoroughly documented and explained.

Exceptions may be made in the case of roofing materials in good condition and in cases where a composite sample of drywall and joint compound contain less than 1% asbestos. Contractor will remove all identified ACM unless otherwise directed by the Land Bank.

In instances where Contractor intends to leave ACM in place during demolition, this must be specifically noted in the Work Plan with specific addresses and procedures identified.

Where surveys are incomplete due to mitigatable conditions (blocked stairwells, debris, flooded basements, etc.), abatement quote should include cost of addressing barrier so that a thorough inspection can be made prior to demolition. Contractors are to include cost to address conditions in abatement bid and coordinate completing survey with GCLBA and surveyor. Change Orders will not be accepted on these properties. Some of the properties contain vermiculite. (See Abatement Tabs) Quantities listed in surveys are only estimates. Contractors are to satisfy themselves as to actual quantities prior to submitting a bid.

As described later in the specification, certain regulatory exemptions exist for the removal and disposal of environmental hazardous materials from residential structures. Regardless of any regulatory exemption, the GCLBA has decided to divert certain waste from landfill disposal and therefore will identify select materials during the pre-demolition survey, which will require manifesting and transportation to a licensed treatment, storage, or disposal facility or other appropriate disposal location. A site specific Pre-Demolition Hazardous Materials Survey has been prepared by others and available upon request.

In order to prepare a responsive quote for the abatement and demolition of structures in this bid, bidders should request permission from the Genesee County Land Bank to view the environmental surveys and reports on Box.com in addition to conducting site visits. Requests can be submitted via email to ffinholm@thelandbank.org.

This RFP may include structures located outside of the City of Flint and scattered throughout Genesee County. While the Genesee County Land Bank secures disconnects of water utilities for structures within the City of Flint, **Contractor will be responsible for securing water and sewer disconnects for structures outside the City of Flint.**

Please note: This document, originally prepared for Genesee County Land Bank (GCLBA) by AKT Peerless has been modified by GCLBA for bidding purposes. Modifications include bidding augmentation not included in the Legend.
Bidder Name: ________________________________________________

Bidder, if awarded a Contract, hereby agrees to commence work under this contract on or around Monday, June 3, 2019 and to fully complete on or before Friday, July 12, 2019.

Bidder understands that the GCLBA reserves right to reject any or all Bid/Tenders and to waive any informalities or irregularities herein.

In the event a structure or structures itemized on this bid is destroyed or substantially destroyed by fire or other calamity beyond its present condition as determined by the Land Bank, or environmental hazards are found, at any time prior to actual demolition, the GCLBA reserves the right to remove the structure from the bid; or in the event of bid award, to remove the structure(s) from the award and reduce the price by the Contractor’s bid for that structure(s).

Upon notice of acceptance of this Bid/Tender, bidder will execute Contract Agreement and deliver properly executed insurance certificates, Performance and Payment Bonds to GCLBA within 10 days.

Bidder acknowledges receipt of following addenda:

If awarded a contract, bidder’s surety will be (name of Surety Company).

CERTIFICATION OF SITE VISIT

Before submitting a proposal, each Bidder shall inspect the site of the proposed work to arrive at a clear understanding of the conditions under which the work is to be done. Contractor will be held responsible for having compared the premises with the surveys, maps, drawings and specifications, and to have satisfied himself/herself as to all conditions affecting the execution of the work. Bidder acknowledges that, if successful, any material missed by the bidder in preparation of bid will be the responsibility of the successful bidder to remove in compliance with all relevant rules and regulations at no additional cost.

No allowance or extra compensation concerning any matter or thing about which the Bidder might have fully informed himself/herself will be allowed. Additional quantities will not be compensated without the GCLBA’s prior approval.

END OF SECTION
ATTACHMENT E: Section 3 Clause and City of Flint Section 3 Business Certification Program Information

Section 3 is a provision of the Housing and Urban Development Act of 1968. The purpose of Section 3 is to ensure that employment and other economic opportunities generated by certain HUD financial assistance shall, to the greatest extent feasible, and consistent with existing Federal, State and local laws and regulations, be directed to low- and very low income persons, particularly those who are recipients of government assistance for housing, and to business concerns which provide economic opportunities to low- and very low-income persons.

Section 3 contracting goals for funding received through the City of Flint and the Department of Housing and Urban Development (HUD) are as follows: 10% of construction (demolition) subcontracts are to be awarded to agencies/businesses who are Section 3 certified, and 3% of non-construction subcontracts (ex - architectural, etc.) are to be awarded to agencies/businesses who are Section 3 certified.

For additional information please refer to the following links:
https://www.hud.gov/section3

Becoming Section 3 Certified

Bidders interested in becoming Section 3 certified through the City of Flint can contact City of Flint’s Department of Community and Economic Development at (810) 766-7426. City of Flint application forms for businesses seeking Section 3 Preference in Contracting are attached.

Information on hiring or becoming certified as a Section 3 Resident through Mott Community College Workforce Development is also attached.

Section 3 Reporting Requirements

Contractors performing work on Section 3 covered contracts must comply with Section 3 rules and regulations at 24 CFR Part 135, incorporate the Section 3 Clause into all subcontracts, and complete Section 3 reports (attached) for all contracts.
City of Flint - Certification for Business Concern Seeking Section 3 Preference in Contracting and Demonstration of Capacity

Name of Business ___________________________ Phone & Fax ____________

Address ___________________________ City ___________ Zip ___________

Type of Business: Corporation Partnership Sole Proprietorship

Type of Business Activity: ________________________________ (i.e. construction, plumbing, demolition...)

Please attach the following documentation as evidence of status:

For all business entities (as applicable):

☑ Copy of Articles of Incorporation
☑ Assumed Business Name Certificate
☑ List of owners/stockholders and
51% ownership of each
☑ Organization chart with names and titles
and brief function statement

☐ Certificate of Good Standing
☐ Partnership Agreement
☐ Corporation Annual Report
☐ Latest Board minutes appointing officers
☐ Additional documentation

1. For business claiming status as a Section 3 resident-owned enterprise:

☐ Certification for Section 3 Residents (at least 51% of the business owners)

2. For Business claiming Section 3 status by subcontracting 25% of the dollar award to qualified Section 3 Business:

☐ List of subcontracted Section 3 business(es) and contract/agreement documentation of subcontract amount
☐ Section 3 certification & all supporting documentation for each subcontracted Section 3 Business

3. For business claiming Section 3 status by claiming at least 30 percent of their full time, permanent workforce are currently Section 3 residents or were Section 3 eligible residents within 3 years of date of first employment with the business:

☐ List of all current full time employees
☐ List of employees claiming Section 3 status
☐ Certification for Section 3 Residents (at least 30% of all current full-time employees) with supporting documentation showing Section 3 status immediately prior to the date of first hire

For all business entities:

Evidence of ability to perform successfully under the terms and conditions of the proposed contract:

☐ Current audited financial statement or Income Tax Return
☐ Statement of ability to comply with public policy related to government funding (federal, state or city work experience) evidenced by providing a list of all contracts for the past two years

☐ List of owned equipment

In completing this application you are aware as stated in 24 CFR 8.5.36 (d) to the following:

☑ All work to be performed is covered by Section 3
☑ Parties under contract certify that no Impediment would prevent compliance
☑ Contractor agrees to notify labor organizations of Section 3 commitments and post notice at work site
☑ Noncompliance with Section 3 may result in termination of contract for default

MOTT COMMUNITY COLLEGE
Section 3 Resident Application Process

(810) 232-2555

Mott Community College (MDD) – Workforce & Career Development Department offers several programs through the Federal Workforce Investment Act (WIA). The objective of these programs is to assist adults who are seeking employment or skill improvements as a path to better employment.

Adult Worker Program – Available to any adult 18 years or older. Dislocated Worker Program – Available to any adult 18 years or older who has been terminated, laid off or has exhausted their unemployment compensation. Incumbent Worker Program – Available for any adult who is currently employed and wants to improve their skills in computers, basic math, grammar or reading. This program can also be utilized by employers interested in customized training for their current workforce.

Each program offers three levels of service: staff-assisted core intensive and training services. Participants are involved in activities such as Individual Job Development, Advances Job Club, Advanced Screened Referrals and Follow-Up Services, which are tailored to meet individual needs. Supportive Services may be available on a limited basis to those who qualify for the purpose of enabling the successful participation and completion of program services.

To take advantage of these program opportunities, individuals must register with and receive core services from the Employment Services Office; complete the WIA Registration process and meet the program eligibility and documentation requirements.

The following documentation will be needed at the time of your appointment as it applies to your situation.

- Career Alliance Referral Forms from Employment Services (located in the basement of Career Alliance)
- Valid Driver’s License or State ID
- Social Security Card
- Birth Certificate (if no valid ID)
- Adult Workers (Proof of family size and proof of income – most recent check stub)
- Most Recent Tax Return (To verify family size)
- Dislocated Workers (Most current UA check stub / UA Determination Notice)

**NOTE:** Genesee County is part of the **Flint, MI MSA**, so all information presented here applies to all of the **Flint, MI MSA**.

The **Flint, MI MSA** contains the following areas: Genesee County, MI;

* The FY 2014 Consolidated Appropriations Act changed the definition of extremely low-income to be the greater of 30/50ths (60 percent) of the Section 8 very low-income limit or the poverty guideline as established by the Department of Health and Human Services (HHS), provided that this amount is not greater than the Section 8 50% very low-income limit. Consequently, the extremely low income limits may equal the very low (50%) income limits.

Income Limit areas are based on FY 2018 Fair Market Rent (FMR) areas. For information on FMRs, please see our associated FY 2018 [Fair Market Rent documentation system](#).

For last year's Median Family Income and Income Limits, please see here:

[FY2017 Median Family Income and Income Limits for Flint, MI MSA](#)

   | D. Total number of Section 3 businesses receiving non-construction contracts | |

**Part III: Summary**

Indicate the efforts made to direct the employment and other economic opportunities generated by HUD financial assistance for housing and community development programs, to the greatest extent feasible, toward low- and very low-income persons, particularly those who are recipients of government assistance for housing. (Check all that apply.)

- Attempted to recruit low-income residents through: local advertising media, signs prominently displayed at the project site, contacts with community organizations and public or private agencies operating within the metropolitan area (or nonmetropolitan county) in which the Section 3 covered program or project is located, or similar methods.
- Participated in a HUD program or other program which promotes the training or employment of Section 3 residents.
- Participated in a HUD program or other program which promotes the award of contracts to business concerns which meet the definition of Section 3 business concerns.
- Coordinated with Youthbuild Programs administered in the metropolitan area in which the Section 3 covered project is located.

Other; describe below.

---

Public reporting burden for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB control number.

Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u., mandates that the Department ensure that employment and other economic opportunities generated by its housing and community development assistance programs are directed toward low- and very low-income persons, particularly those who are recipients of government assistance for housing. The regulations are found at 24 CFR Part 135. The information will be used by the Department to monitor program recipients’ compliance with Section 3, to assess the results of the Department’s efforts to meet the statutory objectives of Section 3, to prepare reports to Congress, and by recipients as a self-monitoring tool. The data is entered into a database and will be analyzed and distributed. The collection of information involves recipients receiving Federal financial assistance for housing and community development programs covered by Section 3. The information will be collected annually to assist HUD in meeting its reporting requirements under Section 808(e)(6) of the Fair Housing Act and Section 916 of the HCDA of 1992. An assurance of confidentiality is not applicable to this form. The Privacy Act of 1974 and OMB Circular A-108 are not applicable. The reporting requirements do not contain sensitive questions. Data is cumulative; personal identifying information is not included.
Form HUD-60002, Section 3 Summary Report, Economic Opportunities for Low- and Very Low-Income Persons.

Instructions: This form is to be used to report annual accomplishments regarding employment and other economic opportunities provided to low- and very low-income persons under Section 3 of the Housing and Urban Development Act of 1968. The Section 3 regulations apply to any public and Indian Housing programs that receive: (1) development assistance pursuant to Section 5 of the U.S. Housing Act of 1937; (2) operating assistance pursuant to Section 9 of the U.S. Housing Act of 1937; or (3) modernization grants pursuant to Section 14 of the U.S. Housing Act of 1937 and to recipients of housing and community development assistance in excess of $200,000 expended for: (1) housing rehabilitation (including reduction and abatement of lead-based paint hazards); (2) housing construction; or (3) other public construction projects; and to contracts and subcontracts in excess of $100,000 awarded in connection with the Section-3-covered activity.

Form HUD-60002 has three parts which are to be completed for all programs covered by Section 3. Part I relates to employment and training. The recipient has the option to determine numerical employment/training goals either on the basis of the number of hours worked by new hires (columns B, D, E and F) or the number of new hires utilized on the Section 3 covered project (columns B, C and F). Part II of the form relates to contracting, and Part III summarizes recipients’ efforts to comply with Section 3.

Recipients or contractors subject to Section 3 requirements must maintain appropriate documentation to establish that HUD financial assistance for housing and community development programs were directed toward low- and very low-income persons.* A recipient of Section 3 covered assistance shall submit two copies of this report to the local HUD Field Office. Where the program providing assistance requires an annual performance report, this Section 3 report is to be submitted at the same time the program performance report is submitted. Where an annual performance report is not required, this Section 3 report is to be submitted by January 10 and, if the project ends before December 31, within 10 days of project completion. Only Prime Recipients are required to report to HUD. The report must include accomplishments of all recipients and their Section 3 covered contractors and subcontractors.

HUD Field Office: Enter the Field Office name forwarding the Section 3 report.
1. Recipient: Enter the name and address of the recipient submitting this report.
2. Federal Identification: Enter the number that appears on the award form (with dashes). The award may be a grant, cooperative agreement or contract.
3. Dollar Amount of Award: Enter the dollar amount, rounded to the nearest dollar, received by the recipient.
4 & 5. Contact Person/Phone: Enter the name and telephone number of the person with knowledge of the award and the recipient’s implementation of Section 3.
6. Reporting Period: Indicate the time period (months and year) this report covers.
7. Date Report Submitted: Enter the appropriate date.

Submit two (2) copies of this report to the HUD Field Office of Fair Housing and Equal Opportunity, Program Operations and Compliance Center Director, at the same time the performance report is submitted to the program office. For those programs where such a report is not required, the Section 3 report is submitted by January 10. Include only contracts executed during the reporting period specified in item 8. PHAs/HAs are to report all contracts/subcontracts.

* The terms “low-income persons” and “very low-income persons” have the same meanings given the terms in section 3(b)(2) of the United States Housing Act of 1937. Low-income persons mean families (including single persons) whose incomes do not exceed 80 per centum of the median income for the area, as determined by the Secretary, with adjustments for smaller and larger families, except that the Secretary may establish income ceilings higher or lower than 80 per centum of the median for the area on the basis of the Secretary’s findings such that variations are necessary because of prevailing levels of construction costs or unusually high- or low-income families. Very low-income persons mean low-income families (including single persons) whose incomes do not exceed 50 per centum of the median family income for the area, as determined by the Secretary with adjustments for smaller and larger families, except that the Secretary may establish income ceilings higher or lower than 50 per centum of the median for the area on the basis of the Secretary’s findings that such variations are necessary because of unusually high or low family incomes.
SECTION 3 CLAUSE

All Section 3 covered contracts shall include the following clause (referred to as the “Section 3 Clause”):

A. The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u (section 3). The purpose of section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.

B. The parties to this contract agree to comply with HUD’s regulations in 24 CFR Part 135, which implement section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the part 135 regulations.

C. The contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

D. The contractor agrees to include this section 3 clause in every subcontract subject to compliance with regulations in 24 CFR Part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 CFR Part 135. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR Part 135.

E. The contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected by before the contract is executed, and (2) with persons other than those to whom the regulations of 24 CFR part 135 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 CFR part 135.

F. Noncompliance with HUD's regulations in 24 CFR part 135 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.
G. With respect to work performed in connection with section 3 covered Indian housing assistance, section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450e) also applies to the work to be performed under this contract. Section 7(b) requires that to the greatest extent feasible (i) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises. Parties to this contract that are subject to the provisions of section 3 and section 7(b) agree to comply with section 3 to the maximum extent feasible, but not in derogation of compliance with section 7(b).

(See other side for explanation)
Explanation of Business Enterprise Status

A Minority Business Enterprise (MBE) is a business entity which is at least 51% owned by one or more minorities who are citizens or lawful permanent residents of the United States and a member of a recognized ethnic or racial group.

A Women Business Enterprise (WBE) is a business entity at least 51% owned by one or more women who are citizens or lawful permanent residents of the United States.

An Other Business Enterprise (OBE) is any business which does not otherwise qualify as a Minority or Women Business Enterprise.

A Small Business Enterprise (SBE) is an independently owned and operated business; with 50 or fewer employees and net profits of 100,000 or less.

A Local Business Enterprise (LBE) is a business entity whose principal place of business is located within the boundaries of Genesee County.

A Disabled Veteran Business Enterprise (DVBE) is a business concern certified by the administering agency as meeting all of the following: 1) a veteran of the military, naval, or air service of the United States with a service-connected disability of at least 10 percent, and who is also a resident of California, 2) one or more disabled veterans own 51% percent of the firm, 3) the management and control of the daily business operations are by one or more disabled veterans, and 4) it is a sole proprietorship corporation or partnership with its home office located in the United States and is not a subsidiary of a foreign firm.
ATTACHMENT H: DEBARMENT CERTIFICATION

BID# _____________

Certification Regarding
Debarment, Suspension, and Other Responsibility Matters

The prospective participant certifies, to the best of its knowledge and belief, that it and its principals:

(1) Are not presently or proposed to be debarred or suspended, declared ineligible, or voluntarily excluded from federal, state, or local (hereinafter “public”) transactions;

(2) Have not within a three year period preceding this Agreement been convicted of or had a civil judgment rendered against them for
   (i) Fraud or commission of a criminal offence in connection with obtaining, attempting to obtain, or performing a public transaction or contract under a public transaction,
   (ii) Violation of federal or state antitrust laws, or
   (iii) Embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property;

(3) Have not within the preceding three years had a public transaction terminated for cause or default; and

(4) Are not presently indicted for or otherwise criminally or civilly charged by a public entity with commission of any of the offenses enumerated under the above.

I understand that a false statement on this certification may be grounds for the rejection of this proposal or the termination of the award.

☐ I am unable to certify to the above statement. Attached is my explanation.
Community Ventures

Michigan employers and the Michigan Economic Development Corporation... a unique partnership to provide jobs for structurally unemployed individuals.

Advantages for Employers

Employer Wage Incentive  Under Community Ventures’ guidelines, Michigan employers who agree to hire structurally unemployed people (from key target communities) in permanent, full-time positions will receive a one-time $5,000 wage reimbursement incentive for each employee. The grant is paid in monthly installments.

Pre-Screened Talent  Community Ventures is designed to ensure that both employers and companies are well-matched. Community Ventures works with the local Michigan Works agencies to provide job applicants who reside in target areas. In the Flint area the target areas are Flint, Burton, Mt. Morris, and Mt. Morris Township. Michigan Works will pre-screen applicants for you to interview.

Employee Retention Services  Another key component of our program is the availability of supportive services and resources to help individuals who are hired at your company to remain successfully employed.

Streamlined Process  Our wage reimbursement process is streamlined to make it as easy as possible for employers. We require a monthly wage verification form with copies of pay stubs for each employee and an invoice on your company’s letterhead.

517-488-5101 (cell)
jemersonv@michigan.org

---

Here’s how the wage incentive works for your full-time, permanent employees:

**Community Ventures**
**Monthly Wage Incentive**
$500 x Number of Employees

**Monthly Example**
$10 x 160 hours
**Monthly Wages** = $1,600
$1,600 - $500 = $1,100
Your Monthly Wage Cost = $1,100

***************

**Examples of Annual Grant Awards**
Grant amount your company could receive based on number of employees who are eligible for the Community Ventures program.

- 5 employees = $25,000
- 10 employees = $50,000
- 15 employees = $75,000
- 20 employees = $100,000
- 25 employees = $125,000
- 100 employees= $500,000

SECTION 1 – SUMMARY OF WORK
RESIDENTIAL/COMMERCIAL ENVIRONMENTAL ABATEMENT AND DISPOSAL

PART 1 PROJECT/SITE CONDITIONS

A. General requirements

The work covered by this section includes the abatement and disposal of asbestos and potentially environmentally hazardous material located on selected tax-reverted and/or blighted residential/commercial properties owned by Genesee County and Land Bank or other local municipality. The purpose of the abatement and disposal is to properly remove asbestos and environmental hazardous materials/waste concerns associated with the residential/commercial properties prior to the structures being demolished or rehabilitated.

B. Responsibility

It shall be the responsibility of the Contractor to review the specifications; the conditions, and the relative difficulty thereof, which are present and that may affect results of the environmental abatement measures.

Bidders can request access to pre-demolition surveys by emailing request to Genesee County Land Bank Authority (GCLBA) staff identified in the Request for Proposals (RFPs). Bidders will be invited to review information via Box.com.

**Change Orders will not be approved for this project.**

C. Knowledgeable Person

It shall be the Contractor’s responsibility to assure that the abatement measures and disposal of material is supervised by individuals certified and knowledgeable on the State of Michigan and local regulations in such endeavors. Such persons shall comply with the appropriate Federal, State, and local regulations that mandate work practices and shall be capable of performing the work under this contract.

D. Supplying Necessary Items

The Contractor shall be responsible for supplying all labor, material, equipment, services, insurance, bonds and all incidentals which are necessary or required to perform the Work in accordance with applicable regulations and these specifications.

E. Liability

The Contractor shall assume full responsibility and liability for the compliance with all Federal, State, regional and local regulations pertaining to work practices, confined spaces, hauling, disposal and protection of workers, visitors to the site. This shall include Hazard Communication to workers and visitors of the work site (29 CFR 1926.59).

(Revised 2-7-2018)
Furnish Certificates of Insurance which specifically set forth evidence of all coverage required of the Contractor and Sub-Contractor(s) prior to commencement of work. Certificates shall be sent to the Genesee County Land Bank, 452 S. Saginaw St., Second Floor Flint, MI 48502. Furnish to the GCLBA copies of all endorsements that are subsequently issued amending coverage or limits.

F. Hazardous and Other Waste Disposal

Waste shall be defined in accordance with applicable regulations under State and Federal law.

Hazardous Waste Exemption for Household Waste

Based on consultation with the Michigan Department of Environmental Quality, the Administrative Rules of Part 111, Hazardous Waste Management, of the NREPA, PA 451, 1994 (http://www.michigan.gov/deq/0,4561,7-135-3312_4118_4240---,00.html) excluded from the definition of hazardous wastes are the following:

R 299.9204 Exclusions.

(2) The following wastes are not hazardous wastes for the purposes of part 111 of the act and these rules:

(a) Household waste, including household waste that has been collected, transported, stored, treated, disposed of, recovered, or reused. Household waste means any waste material, including garbage, trash, and sanitary wastes in septic tanks, that is derived from households, including single and multiple residences, hotels and motels, bunkhouses, ranger stations, crew quarters, campgrounds, picnic grounds, and day-use recreation areas. A resource recovery facility that manages municipal waste shall not be deemed to be treating, storing, disposing of, or otherwise managing hazardous wastes for the purposes of regulation pursuant to these rules if the facility is in compliance with both of the following provisions.

Given the above exclusion, materials that are removed from the homes as part of the demolition are solid waste, not hazardous waste, and must be disposed of in accordance with Part 115, Solid Waste Management, of the NREPA. This means that, at a minimum, the material must be disposed of in a type II landfill or municipal solid waste incinerator. These materials could also go to a Household Hazardous Waste facility or a licensed treatment, storage, and disposal facility.

Regardless of the above exemption, the GCLBA has decided to divert certain waste from landfill disposal and therefore will identify select materials at each structure, which will require manifesting and transportation to a licensed treatment, storage, or disposal facility or other appropriate disposal location. These materials include, but are not limited to mercury, tires, solvents, CFCs, refrigerants, automotive batteries, and certain types/quantities of oils, automotive fluids, paints, pesticides, etc.
The transportation of solid waste does not require any special licensing from the MDEQ. If the materials are left in the home when it is demolished, the demolition debris must be disposed of in a type II landfill as well.

The above exemption is not applicable to commercial demolitions or residential demolitions where commercial operations occurred or commercial quantities of hazardous materials are present.

**Site Specific Pre-Demolition Inspection/Hazardous Materials Survey**

A site specific Pre-Demolition Inspection/Hazardous Materials Survey will be prepared by others. Regardless of the above exemption, the GCLBA will require proper manifesting treatment, disposal, or recycling of specified materials. The survey report will identify the site specific environmentally hazardous material/wastes requiring packaging, transportation, manifesting, and disposal prior to demolition, in accordance with these specifications. At residential structures, materials not defined within the survey report shall remain in the structure during the demolition and be disposed of in accordance with applicable regulations.

If the Contractor identifies additional waste materials or has a question regarding the quantity of materials defined in the survey report, the Contractor shall contact the GCLBA prior to proceeding with any additional work. No payment adjustments in excess of the quantities identified in the hazardous materials survey shall be made by the GCLBA without prior written authorization.

**G. Use of Site and Other Areas**

1. **Limitation on Use of Site and Other Areas:**
   
   I. Contractor shall confine construction equipment, the storage of materials and equipment, and the operations of workers to the Site and other areas permitted by Laws and Regulations, and shall not unreasonably encumber the Site and other areas with construction equipment or other materials or equipment. Contractor shall assume full responsibility for any damage to any such land or area, or to the owner or occupant thereof, or of any adjacent land or areas resulting from the performance of the Work.

   II. Should any claim be made by any such owner or occupant because of the performance of the Work, Contractor shall promptly settle with such other party by negotiation or otherwise resolve the claim by arbitration or other dispute resolution proceeding or at law.

   III. To the fullest extent permitted by Laws and Regulations, Contractor shall indemnify and hold harmless the GCLBA, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of, attorneys, and other professionals and all court or arbitration or other dispute...
resolution costs) arising out of or relating to any claim or action, legal or equitable, brought by any such owner or occupant against the GCLBA, or any other party indemnified hereunder to the extent caused by or based upon Contractor's performance of the Work.

2. Removal of Debris During Performance of the Work: During the progress of the Work Contractor shall keep the Site and other areas free from accumulations of waste materials, rubbish, and other debris. Removal and disposal of such waste materials, rubbish, and other debris shall conform to applicable Laws and Regulations.

3. Cleaning: Prior to Substantial Completion of the Work Contractor shall clean the Site and the Work and make it ready for utilization by the GCLBA and its Contractors and/or potential buyer or lessor. At the completion of the Work Contractor shall remove from the Site all tools, appliances, construction equipment and machinery, and surplus materials and shall restore to original condition all property not designated for alteration by the Contract Documents.

4. Boarding of Windows and/or Doors: At the completion of the Work Contractors shall replace all boards to windows and doors. If decorative boarding is on structure, contractor shall make all efforts possible to avoid damaging these boards. Decorative boarding will be retrieved by community groups prior to demolition.

**PART 2 DESCRIPTION OF WORK**

The Work covered by this section includes the abatement and disposal of asbestos containing material and environmentally hazardous material/wastes located on residential/commercial properties scheduled for demolition or rehabilitation in the City of Flint and/or Genesee County.

**SUMMARY OF WORK**

A. Hazardous Materials/Waste Disposal

1. Contractors will be authorized by the GCLBA to proceed on the removal and disposal of environmentally hazardous materials from specific residential/commercial structures.

2. Each residential/commercial building has been surveyed and inspected for the presence of hazardous materials/waste including but not limited to one or more of:

   a. Asbestos Containing Building Materials
   b. Pesticides/Herbicides
   c. Fluorescent Light Bulbs
   d. Fluorescent Light Fixture Ballasts
   e. Mercury Switches
f. Fuels/Solvents/Oils

g. Underground Storage Tanks

h. Aboveground Storage Tanks

i. Refrigerators/Air Conditioners/Freezers

j. Tires

The Contractor shall properly remove, pack, and dispose of these in accordance with all applicable current regulations.

4. A site specific Pre-Demolition Inspection/Hazardous Materials Survey will be prepared by others for each structure.

5. The Pre-Demolition Inspection/Hazardous Materials Survey will document the presence of each material/waste identified, the location and quantity of each material/waste.

6. Contractor is to visit each site prior to submitting quotes in order to arrive at a clear understanding of the conditions under which the work is to be done and to make their own determination as to the amount of asbestos and/or hazardous materials to be removed from the sites. Contractor will be held responsible to have compared the premises with the hazardous materials survey, drawings, specifications, or other provided items, and to have satisfied himself as to all conditions affecting the execution of the work.

7. Change Orders will not be approved for this project. When submitting pricing proposals Bidders must ensure prices quoted allow for the removal of additional materials without a change order as no changes will be accepted barring discovery of material whose removal requires substantial work.

8. Following authorization to proceed, Contractor shall remove all specified asbestos, hazardous materials, and other materials banned from landfill disposal, regardless of the estimated quantities provided in the Hazardous Materials Survey Report.

9. No payment adjustments in excess of the quantities identified in the hazardous materials survey shall be made by the GCLBA without prior written authorization. Deviations from the hazardous materials survey shall be submitted to the Demolition Program Coordinator: Genesee County Land Bank, 452 South Saginaw Street, Flint, Michigan 48502, (810) 257-3088.

10. A summary of hazardous materials within each structure will also be provided in an electronic spreadsheet. Following abatement and removal, Contractor shall provide to GCLBA all actual quantities on a per unit basis. Contractor shall submit the inventory of actual quantities removed in hardcopy and electronic format. Reporting formats shall be provided by the GCLBA.

11. Contractor shall submit invoices on a per unit basis. Invoices formats shall be pre-approved by the GCLBA with required supporting documentation.

(Revised 2-7-2018)
PART 3 PRE-WORK SUBMITTALS

The Contractor will submit a Work Plan to the Professional to include the following:

A. Work Plan
   1. Address Specific Schedule and sequence of work.
   2. Sampling and analysis protocols.
   3. Quality Control procedures

B. Health and Safety Plan
   A written Health and Safety Plan (HASP) shall be submitted prior to the start of Work. The HASP must be prepared to comply with the appropriate Federal, State, and local regulations, which mandate work practices. This plan must be submitted in writing to the Project Manager prior to the start of any site work.

PART 4 HAZARDOUS MATERIAL/WASTE COLLECTION AND DISPOSAL

A. The Contractor is responsible for providing the appropriate packaging to transport the materials/wastes from each site in accordance with all applicable state and federal laws.

B. Pack and properly dispose of waste identified during the environmental inspections. Include laboratory analysis for characterization if necessary. (55 gallon drums properly labeled shall be used for packing material). Documentation tracking waste from site to disposal is required for payment.

C. If applicable, all materials/wastes must be segregated and packaged according to the applicable hazardous class (i.e., flammables, corrosives, etc.) before leaving an individual site. Materials may be combined (lab packed) from site to site according to hazard class. Certain items can be disposed of as solid waste or recycled as appropriate.

D. The Contractor is responsible for preparing the proper shipping papers necessary to transport the materials from each individual site at the time the materials leave the site.

E. If it is necessary for the Contractor to store the materials/wastes overnight to facilitate lab packing or disposal, the materials can only be stored in accordance with applicable regulations.

F. The shipping papers will be carried at all times by the transporter when moving the materials/wastes on public roadways.

G. The Contractor will conform to all necessary vehicles placarding when transporting materials.

H. The Contractor will maintain a separate inventory sheet (trip log) for each property that hazardous materials/wastes are removed in accordance with the Michigan Department of Environmental Quality Operation Memo 121-3, Revised part 121.
Consolidated Manifest Management Procedures and in accordance with the Michigan Department Of Environmental Quality Hazardous Waste, Liquid Industrial Waste, and PCB Manifest Requirements (Rev October 22, 2007). The records must indicate the property address, type and quantity of materials/waste removed.

PART 5 TECHNICAL

A. DESCRIPTION

Environmentally Hazardous Material Removal and Disposal

1) It shall be the responsibility of Contractor to remove and dispose of material identified in the pre-demolition inspection/hazardous materials survey of structures as being environmentally hazardous. Contractor shall remove all specified asbestos, hazardous materials, and other materials banned from landfill disposal, regardless of the estimated quantities provided in the Hazardous Materials Survey Report. Adjustments shall be included in the final total quantity reported by the Contractor; however, no payment adjustments in excess of the quantities identified in the hazardous materials survey shall be made by the GCLBA without prior written authorization.

B. SUMMARY

This section includes the following:

1) Removal and disposal of potentially environmentally hazardous material.

C. SUBMITTALS

1) Upon completion of the material/waste collection and disposal the Contractor will provide a separate Inventory Sheet for each property that materials/wastes were removed. Asbestos and hazardous materials removed must be itemized for each structure on a per unit basis.

The Inventory Sheet will be supported by the following paperwork (as applicable to the individual property).

a. A copy of the disposal manifest and/or shipping papers used to dispose of materials/wastes from each disposal/recycling facility.

b. A copy of the CFC recovery certificate signed and certified by the licensed CFC recovery professional.

c. A copy of the scrap metal receipt for AST/USTs and other metals.

d. A copy of the Scrap Tire Transportation Record (MDEQ Form EQP5128 (12/15)) signed by the “SCRAP TIRE END USER/PROCESSOR/DISPOSER”.

2) Landfill records for record purposes indicating receipt and acceptance of asbestos materials by a landfill facility licensed to accept such wastes.

a. Contractor shall supply GCLBA with a copy of all landfill, recycling, weight tickets, disposal receipts, manifests and other documentation relating to the
removal and disposal of asbestos and hazardous materials/specified wastes from the properties.

b. **Landfill receipts/waste manifests must be submitted to the Land Bank within 10 days with invoice at the completion of project.**

D. **HAZARDOUS CONDITIONS:**

1) The Contractor will be authorized to perform work at properties identified to contain potentially environmentally hazardous material. The contractor will be required to remove and dispose of such materials as directed by the GCLBA. **With few exceptions, it is the policy and practice of the GCLBA to abate what can feasibly be abated despite the condition of the structure, whether or not a structure will ultimately be demolished as asbestos containing. Conditions inhibiting the abatement of identified materials must be thoroughly documented and explained. Exceptions may be made in the case of roofing materials in good condition and in cases where a composite sample of drywall and joint compound contain less than 1% asbestos. Contractor will remove all identified ACM unless otherwise directed by the Land Bank.**

2) The pre-demolition survey will have identified potentially environmentally hazardous material. These items may include but not be limited to the following: flammables, fuels/waste oils, thinners/paints/solvents; underground storage tanks; pesticides; mercury switches, fluorescent light bulbs, etc. These items are to be removed and disposed by a licensed contractor familiar with the proper procedures. These materials are required to be characterized and placed with like materials in clearly marked 55 gallon drums or other containers and disposed of properly prior to any site demolition work.

3) Contractor shall supply GCLBA with a copy of all landfill, recycling, weight tickets, disposal receipts, manifests and other documentation relating to the removal and disposal of asbestos and waste materials from the properties.

E. **CERTIFICATION OF PROPERTY**

1) **Contractor shall notify owner/owner’s representative in writing when each specific listed property has been mitigated of potentially environmentally hazardous material within 24 hours of completion of said work.**

2) Contractor shall revise Notification of Intent to Renovate/Demolish through the Asbestos Notification System (ANS) website and upload pictures certifying the completion of mitigation of asbestos and waste materials. **Contractor must submit a 10-day NESHAP notification for Asbestos Containing Materials (ACM). NO EXCEPTIONS!**

3) **Contractor shall take photos documenting the removal of specified environmentally hazardous materials and upload to a file sharing site to be designated by the GCLBA.**

F. **POLLUTION CONTROLS**
1) Under the authority of Section 112 of the Clean Air Act, as amended, 42 U.S. C. 1857 (C-7), the Administrator of the United States Environmental Protection Agency (EPA) promulgated National Emission Standards for Hazardous Air Pollutants on April 6, 1973, (38 F.R. 8820) Asbestos was designated a hazardous air pollutant, and standards were set for its use, and to control asbestos emissions. It was determined that one significant source of asbestos emissions was the demolition of certain buildings and structures.

Additionally, contractors are required under authority of Section 114 (a) to follow EPA personnel (or other authorized regulatory personnel) to freely enter any of your facilities or demolition sites, to review any records, inspect any demolition method, and sample or observe any omissions.

All demolition operations conducted by Contractor are to be in compliance with applicable provisions of Section 112 of the Act and 40 C.F.R. Section 61.22(d).

In addition, Section 113(c)(1) of the Act (42 U.S.C. 1857 C-8(c)(1)), provides that any person who knowingly fails or refuses to comply with any such order shall be punished by a fine of not more than $25,000 per day of violation, or by imprisonment for not more than one year, or by both.

Finally, Section 113(c)(2) of the Act (42 U.S.C. 1857 C-8(c)(2), provides that any person who knowingly makes any false statement in any report required under the Act shall be punished, upon conviction, by a fine of not more than $10,000 or by imprisonment for not more than six months, or by both.

2) Use water mist, temporary enclosures, and other suitable methods to limit the spread of dust and dirt. Comply with governing environmental protection regulations.

   Do not create hazardous or objectionable conditions, such as ice, flooding, and pollution, when using water.

3) Remove and transport debris in a manner that will prevent spillage on adjacent surfaces and areas.

4) Clean adjacent buildings and improvements of dust, dirt and debris caused by demolition operations. Return adjacent areas to condition existing before start of demolition.

5) Contractor shall limit hours of operation to Monday through Saturday during the hours of 7:00 a.m. to 8:00 p.m. Special hours of operation outside the normal hours must be approved by the GCLBA. Contractor shall limit noise pollution at all times to prevent objectionable conditions.

**PART 6 SUBMITTALS**

A. In order to receive payment for completed work, all documentation must be submitted for each property/project individually.

(Revised 2-7-2018)

ABATEMENT OF REGULATED MISCELLANEOUS MATERIALS

APPENDIX 1A - 10 of 35
B. Payments will not be processed without receipt of waste manifest documenting proper disposal of waste.

C. Request for Payment Packet must include:

1. Request for Final Payment
2. Sworn Statement – Must list all subcontractors
   a. If sub-contracting, you must provide proof that the sub-contractor is:
      i. Appropriately licensed (including licensure to transport waste or haul more than 7 scrap tires, if applicable) and,
      ii. In compliance with the Michigan Workers’ Disability Compensation Act requirements and appropriately licensed.
3. Waivers of Lien from yourself, as well Unconditional Waiver of Lien from all subcontractors listed on Sworn Statement
4. Certified Payroll using Genesee County Prevailing Wage
5. Invoice on Contractor’s Letterhead
6. Pre-Abatement Walkthrough Form
7. Before and After Photographs of the site (dated and labeled) uploaded to Box.com
8. NESHAP Notification and MIOSHA Notification if required
9. Air Sampling Results (for RACM)
10. Field Report/Daily Log/Inventory Sheet with supporting paperwork:
    a. Abatement Summary sheet by individual project documenting per item identified and per item removed:
       i. Quantities quoted
       ii. Actual quantities removed
       iii. Material Destination
       iv. Associated Manifests/BOLs
       v. Associates Receipts provided by final destination
    b. A copy of the disposal manifest and/or shipping papers used to dispose of materials/wastes from each disposal/recycling facility.
       i. A copy of the CFC recovery certificate signed and certified by the licensed CFC recovery professional.
       ii. A copy of the scrap metal receipt for AST/USTs and other metals.
       iii. A copy of the Scrap Tire Transportation Record (MDEQ Form EQP5128 (12/15)) signed by the “SCRAP TIRE END USER/PROCESSOR/DISPOSER”
SECTION 2- ASBESTOS ABATEMENT & DISPOSAL SCOPE OF WORK

PART 1 GENERAL

1.01 SECTION INCLUDES
Removal and disposal requirements for asbestos containing materials (ACM). It is recommended that the contractor review and consider the recommendations reported in the Pre-Demolition Inspection/Hazardous Materials Survey when performing asbestos abatement and general building demolition activities. With few exceptions, it is the policy and practice of the GCLBA to abate what can feasibly be abated despite the condition of the structure, whether or not a structure will ultimately be demolished as asbestos containing.

Conditions inhibiting the abatement of identified materials must be thoroughly documented and explained. Exceptions may be made in the case of roofing materials in good condition and in cases where a composite sample of drywall and joint compound contain less than 1% asbestos. Contractor will remove all identified ACM unless otherwise directed by the Land Bank.

1.02 REFERENCE STANDARDS
The publications listed below form a part of this Section to the extent referenced. The publications are referenced in the text by basic designation only.

A. American Society for Testing and Materials (ASTM)

B. Code of Federal Regulations (CFR)
   5. CFR 40 Part 763 Asbestos.

C. National Fire Protection Association (NFPA)
D. National Institute of Occupational Safety and Health (NIOSH)
   1. NIOSH –01 Manual of analytical Methods
E. State of Michigan
   1. P.A. Act 451, Michigan Natural Resources and Environmental Protection Act
   2. MIOSHA Act 154 General Industry and Construction (as amended) Safety Standards.
F. United States Environmental Protection Agency (U.S. EPA)

1.03 MEASUREMENT
The removal and disposal of ACM will be quoted rate. Estimated quantities of ACM will be provided in the Pre-Demolition Inspection/Hazardous Materials Survey. Contractor is responsible for verifying actual quantities and conditions prior to preparing bid.

1.04 PAYMENT
All acceptably completed work as required under this Section for the removal and disposal of ACM found on site will be paid as bid and authorized. No payment will be made for work not completed.

1.05 DEFINITIONS
A. Friable Asbestos Containing Material
   As defined in 40 CFR Part 61, Subpart M, any material containing more than 1 percent asbestos as determined using the method specified in 40 CFR Part 763, Appendix A, Subpart F, Section 1, Polarized Light Microscopy, that when dry, can be crumbled, pulverized, or reduced to powder by hand pressure.

B. Nonfriable Asbestos Containing Material
   As defined in 40 CFR Part 61, Subpart M, any material containing more than 1 percent asbestos as determined using the method specified in 40 CFR Part 763, Appendix A, Subpart F, Section 1, Polarized Light Microscopy, that, when dry, cannot be crumbled, pulverized or reduced to powder by hand pressure.

C. Category I Nonfriable Asbestos Containing Material
   As defined in 40 CFR Part 61, Subpart M, asbestos-containing packings, gaskets, resilient floor covering, and asphalt roofing products containing more than 1 percent asbestos as determined using the method specified in 40 CFR Part 763, Appendix A, Subpart F, Section 1, Polarized Light Microscopy, that when dry, cannot be crumbled, pulverized, or reduced to powder by hand pressure.

D. Category II Nonfriable Asbestos Containing Material
   As defined in 40 CFR Part 61, Subpart M, any material, except Category I nonfriable ACM, containing more than 1 percent asbestos as determined using the methods specified in Appendix A, Subpart F, 40 CFR Part 763, Section 1, Polarized Light Microscopy, that when dry, cannot be crumbled, pulverized, or
reduced to powder by hand pressure.

E. Asbestos Regulated Work Area
An area contained and controlled where asbestos containing materials (ACM) operations are performed and isolated by physical boundaries to prevent the spread of ACM and control access to authorized persons. Containment may consist of full containment area, single or double bulkhead containment area, mini-containment area, modified containment, glove bag, or other techniques. An outdoor regulated work area is not isolated within a containment enclosure, but is otherwise secured by means of physical barriers, boundary warning tape, and signage, etc., to control access by unauthorized persons.

F. Time-Weighted Average
The Time Weighted Average (TWA) is an average of airborne concentration of fibers (longer than 5 micrometers) per cubic centimeter of air based on an 8-hour exposure duration, which represents the employee’s 8-hour workday as defined in Appendix A of 29 CFR Part 1926, Section 1926.1101.

G. Amended Water
Water containing a wetting agent or surfactant with a surface tension of at least 29 dynes per square centimeter when tested in accordance with ASTM D 1331.

H. Adequately Wet
As defined in 40 CFR Part 61, Subpart M, sufficiently mix or penetrate with liquid to prevent the release of particulates from the source material. Continue wetting asbestos-containing material (ACM) if visible emissions are encountered during abatement activities. When uncertainties arise, continue wetting material until uncertainties diminish.

I. Competent Person
As defined in 29 CFR Part 1926, should be experienced in administering and supervising asbestos abatement projects. A competent person should be familiar with safe and reasonable work practices, abatement methods, protective measures for personnel, inspection of asbestos abatement work areas, evaluating the adequacy of containment barriers, placement and operation of local exhaust systems, waste containment and disposal procedures, decontamination units, and site health and safety health requirements. The designated “competent person” will be responsible for compliance with applicable local State, and Federal requirements and for enforcing the site-specific Health and Safety Plan (HASP).

1.07 SUBMITTALS

A. Work Plan
Before proceeding with any removal and disposal work, submit an address specific work plan that includes the procedures proposed for the accomplishment of all specified activities. Indicate all materials to be removed and any materials that contractor intends to remain. The procedures shall
provide for safe conduct of the work, careful removal and disposition of asbestos-containing materials, and property protection. The procedures shall provide a detailed description of the methods and equipment to be used for each operation, and the sequence of operations. The work plan shall be based on work experience, and the guidance provided in this specification.

B. Health and Safety Plan
Submit a Health and Safety Plan (HASP) before beginning removal or disposal activities. Include in the HASP required personal protective equipment, respiratory protection, asbestos regulated work area controls, and hazard communication program. Refer to Section 00100 for other HASP requirements.

C. Qualifications
Submit adequate information to conclude the qualifications of the Contractor, on-site supervisors, workers, all subcontractors, and the independent testing laboratory performing asbestos abatement activities are properly trained in safety procedures associated with handling asbestos-containing materials. Specify the staff organization to include subcontractors used for this project. Include qualifications and certifications of the designated “competent person.”

D. Air Sampling Results
Conduct fiber counting for air quality during each sampling event. Provide results within 24 hours of completion of each sampling event. Notify the GCLBA immediately if any airborne levels of asbestos fibers are encountered above levels established in the HASP. Provide a table including sampling results within 10 working days of the date of collection. Provide a signature of the authorized representative of testing laboratory.

G. Manifests
Submit waste documentation for all shipments removed from the property. Waste disposal manifests will be signed by the GCLBA-appointed representative.

1.08 REGULATORY REQUIREMENTS

A. Permits
Obtain all necessary permits and licenses for asbestos abatement activities. Provide all required pre-abatement notifications. Notify the State of Michigan, Michigan Department of Energy, Labor & Economic Growth, local agencies, and the GCLBA in writing at least 10 calendar days before beginning abatement activities. Where applicable, notify the Michigan Department of Environmental Quality in writing at least 10 business days before beginning abatement activities. Conduct all abatement activities in accordance with 40 CFR Part 61, Subpart M, state and local requirements to include the mandatory “Notification of Intent to Renovate/Demolish” form and other required notification documents.
B. Health and Safety Compliance

Comply with all applicable laws, ordinances, rules, regulations, whether stated or omitted from bidding documents. While conducting all handling, storing, transporting, and disposing activities for asbestos waste materials, comply with the applicable requirements of 29 CFR Part 1910, 29 CFR Part 1926, 40 CFR Part 61, Subpart A, and 40 CFR Part 61, Subpart M, NFPA 10, NFPA 70, NFPA 90A, NFPA 101. In case of a discrepancy between the requirements of this specification, applicable laws, rules, criteria, ordinances, regulations, and referenced documents vary, the most stringent requirement as determined by the GCLBA or GCLBA’s Representative shall apply.

1. Air Monitoring
   a. Conduct personal air sampling as defined by the previously noted regulations. Monitoring for airborne asbestos fibers and lead dusts. Adhere to all permit and regulatory requirements for air quality.

2. Respiratory Protection Program
   a. Establish and implement a respiratory protection program in accordance with 29 CFR 1926, Section 1926.1101, 29 CFR Part 1910, Section 1910.134. Include medical monitoring, employee training, procedures for respirator use, respirator fit-testing, routine inspection, and storage. Select and use respirators in accordance with manufacturers’ recommendations, Mine Safety and Health Administration, and the National Institute for Occupational Safety and Health requirements for use in environments containing airborne asbestos fibers.

3. Training
   a. All employees working directly with asbestos-containing material and wastes must have successfully completed a course of asbestos training as specified by United States Environmental Protection Agency (EPA) requirements at 40 CFR Part 763, Subpart E, Appendix C, within 1 year prior to conducting asbestos abatement activities. Each worker must successfully complete the “Worker” course, and on-site supervisors and technical support personnel must successfully complete the “Contractor/Supervisor” course.

4. Medical Monitoring
   a. Conduct medical monitoring requirements as described in 29 CFR Part 1926, Section 1926.1101 and the requirements of the Contractor’s Health and Safety Plan found.
5. Personal Protective Equipment
   a. Provide personnel working in asbestos environments with whole body protection as specified in Section 01110, Health, Safety, and Emergency Response. Single-use coveralls shall be disposed as asbestos-contaminated waste upon exiting from the asbestos regulated work area.

1.09 PROJECT CONDITIONS
   Site summaries and Pre-Demolition Inspection/Hazardous Materials Survey will be provided to Contractor at the time Contractor is authorized to proceed with abatement and disposal.

PART 2 PRODUCTS

2.01 MATERIALS
   A. Wetting Agent
      1. Amended Water
         a. Comply with ASTM D 1331.
      2. Removal Encapsulant
         a. Provide a removal or penetrating encapsulant when conducting asbestos abatement activities that require a longer removal time or are subject to rapid evaporation of amended water. The removal encapsulant shall be capable of wetting the ACM and retarding fiber release during disturbance of the ACM equal to or greater than provided by amended water.
   B. Strippable Coating
      Provide additional incidental items necessary to complete specified activities.
   C. Prefabricated Decontamination Unit(s)
      Provide additional incidental items necessary to complete specified activities.
   D. Chemical encapsulant
      Provide additional incidental items necessary to complete specified activities.
   E. Chemical encasement materials
      Provide additional incidental items necessary to complete specified activities.
   F. Material Safety Data Sheets (for all chemicals proposed)
      Provide additional incidental items necessary to complete specified activities.
   G. Sheet Plastic
      Provide sheet plastic as specified herein and in the largest size necessary to minimize seams. Comply with ASTM D 4397 and NFPA 701.
   H. Other items
      Provide additional incidental items necessary to complete specified activities.
2.02 EQUIPMENT

A. High efficiency filtered local exhaust equipment
B. Vacuum equipment
C. Pressure differential monitor
D. Air monitoring equipment
   Provide appropriate air monitoring equipment to evaluate concentrations of airborne asbestos fibers and comply with applicable regulations.
E. Respirators
   Provide respirators as specified in Part 1.08.B.2 of this Section
F. Glove Bag
   Provide glove bags that comply with 29 CFR Part 1926.
G. Duct Tape
   Provide industrial grade duct tape in 2 inch and 3 inch widths, suitable for bonding sheet plastic and disposal containers specified herein.
H. Leak-Tight Containers
   Provide leak-tight disposal containers and bags for asbestos-containing materials and generated wastes as specified herein. All disposal containers shall be either pre-labeled or affixed with OSHA warning label, as specified in 29 CFR Part 1926.

2.03 SOURCE QUALITY CONTROL

Encapsulants shall conform to USEPA requirements, shall contain no toxic or hazardous substances or solvent, and shall meet the following requirements:

A. Requirements and Corresponding Test Standards for All Encapsulants

<table>
<thead>
<tr>

PART 3 EXECUTION

3.01 GENERAL

Remove and dispose asbestos-containing material to a licensed recycle facility. Obtain all required permits and approval documents. Provide approved containers, vehicles, equipment, labor, signs, placards, labels, manifests, and other documents necessary for accomplishing the work including materials necessary for spill cleanup from removal operations. Coordinate any additional sampling that may be necessary with GCLBA.

A. Safety Guidelines

Personnel working inside and in the general vicinity of the cleanup area shall be trained and made thoroughly familiar with the safety precautions, procedures, and equipment required for controlling the potential hazards associated with this work. Personnel shall use proper protection and safety equipment during work in and around the asbestos regulated work area.

B. Controls

Areas where asbestos abatement activities are conducted should be adequately secured as specified herein.

Perform work in accordance with the requirements and specifications and take direction only from the GCLBA for this contract. Any other party that proposes to give direction to the contractor shall be immediately referred to the GCLBA.

C. Routine Cleaning

1. Package all loose asbestos-containing materials and debris and remove from the work area to the load-out area.
2. Vacuum work areas with HEPA vacuum or other high volume HEPA-filtered
transfer equipment.
3. Inspect and maintain polyethylene and PVC in work and high traffic areas.
4. If air sample results exceed prescribed level, wipe clean containment and decontamination areas.

3.02 ABATEMENT PROCEDURES

A. Methods
Determine and implement the most efficient asbestos abatement method in conformance with this specification and applicable regulations. Employ proper handling procedures in accordance with 29 CFR Part 1926 and 40 CFR Part 61, Subpart M, and the requirements specified herein. Abatement techniques and items identified shall be detailed in the Work Plan including but not limited to details of construction materials, equipment, and handling procedures, and necessary safety precautions.

B. Revised Quantities
Before the Asbestos containing materials and/or contaminated debris has been removed, verify the previously submitted quantity estimates of other asbestos-containing materials and notify the GCLBA of any changes in the quantities. No payment adjustments in excess of the quantities identified in the hazardous materials survey shall be made by the GCLBA without prior written authorization.

C. Air Monitoring
Perform sampling and analysis for airborne concentration of asbestos fibers in accordance with 29 CFR Part 1926 Section 1926.1101, the air monitoring plan, and as specified herein. Collect personal air monitoring samples to represent the work activities for each shift, or a minimum of two, whichever is greater. Results of the personal samples shall be posted at the job site and made available to the GCLBA as specified herein. The Contractor shall maintain a fiber concentration inside enclosed containment regulated work area equal to or less than 0.1 f/cc expressed as an 8 hour, TWA during asbestos abatement. If fiber concentration rises above 0.1 f/cc, the Contractor will examine work procedures to determine the cause and work to implement corrective actions.

Workers shall not be exposed to an airborne fiber concentration in excess of 1.0 f/cc, as average over a sampling period of 30 minutes. If either an environmental concentration of 1.0 f/cc expressed as an 8-hour TWA or a personal excursion concentration of -1.0 f/cc expressed as a 30-minute sample occur inside the enclosed work area, stop work immediately, notify the GCLBA, and implement additional engineering controls and work practice controls to reduce airborne fiber levels below prescribed limits in the work area.

Conduct personal sampling required by 29 CFR Part 1926 Section 1926.1101, in accordance with the NIOSH Method 7400, Phase Contract Microscopy (PCM).
Per regulation, environmental and perimeter air monitoring outside of regulated
containment areas shall not exceed clearance levels contained in 40 CFR part 763, subpart E, which is 0.01 f/cc or no more than background levels representing the same area before the asbestos work began.

For final clearance samples, the Contractor will conduct sampling at a sufficient velocity and time to collect a sample volume necessary to establish the limit of detection of the method used at 0.01 f/cc or background levels, whichever is higher. Background, environmental, quality assurance and final air clearance samples will be collected and analyzed according to NIOSH Method 7400 methodology.

1. **Routine Air Sampling**
   Provide personal sampling as indicated in 29 CFR Part 1926 Section 1926.1101, state and local requirements, and in accordance with the air monitoring plan. Conduct air sampling at least once during every shift, close to the work in the containment area, outside the clean room entrance to the containment area, inside the clean room, outside the load-out unit exit, and at the exhaust discharge point of the local exhaust system.

2. **Sampling After Final Clean-Up (Clearance Sampling)**
   Prior to conducting final air clearance monitoring, conduct a final visual inspection with the Engineer. Final clearance air monitoring shall not begin until acceptance of this final cleaning by the Engineer. Comply with the sampling and analytical methods provided in NIOSH-01 Method 7400 (PCM) with optional confirmation of results by NIOSH-01 Method 7402 (TEM).

3. **Failure to Meet Air Quality Requirements**
   If clearance sampling results fail to meet the final clean-up requirements, reclean, resample, and reanalyze until final clean-up requirements are met. Costs associated with additional samples, cleaning, and inspections will be paid by the Contractor.

D. **Additional Bulk Asbestos Sampling**
   Bulk asbestos sampling and polarized light microscopy analysis (PLM) has been conducted for various materials located throughout the site. During debris removal, previously unidentified potential asbestos-containing material may be encountered, requiring bulk sampling and analysis. Additional bulk sample analyses as required under this Section shall be paid by the Contractor. Perform bulk sampling as required or as specified by the GCLBA. Employ a laboratory for testing and analysis, which routinely provides analytical services acceptable to Michigan Department of Environmental Quality and EPA.
E. Asbestos Abatement
Collect and place in sealed, leak-tight containers all asbestos waste, scrap, debris, bags, containers, equipment, and asbestos contaminated personal protective equipment. Use 6-mil, double wrapped polyethylene sheets, sealed fiberboard boxes, or other approved containers. Waste within the containers must be wetted in case the container is damaged. Affix a warning label and a Department of Transportation (DOT) label on each bag. Dispose waste material at an approved, licensed asbestos landfill. For temporary storage, keep sealed impermeable containers in asbestos waste load-out unit or in a storage/transportation conveyance (dumpsters or roll-off boxes) in a manner as acceptable by the GCLBA. Procedure for hauling and disposal asbestos-containing material shall comply with 40 CFR Part 61, Subpart M, state, regional, and local standards and specifications.

F. Waste Records
Provide final completed copies of the Waste Shipment Record for shipments of all waste material as specified in 40 CFR Part 61, Subpart M, and other required state waste manifest shipment records within 10 days of project completion.

G. Final Cleaning
Abate asbestos by collecting, packing, and storing all gross contamination in accordance with all references and specifications. Once cleaning has been completed, conduct a visual pre-inspection of the cleaned area. A final air monitoring event will be performed to verify adequacy of clean-up. Re-cleaning and follow-up inspections shall be at the Contractor’s expense. Upon completion of the final cleaning, conduct a final visual inspection of the cleaned area. Document the results. If the GCLBA or GCLBA’s Representative determines that the abatement area does not meet final cleaning requirements, re-clean as necessary and conduct additional follow-up inspection with the GCLBA.

H. Lock Down Encapsulant
In areas where friable ACM was removed, after clean-up of gross contamination, and final visual inspection, but before removing plastic barriers, apply a post removal (lockdown) encapsulant to floor, walls, ceilings, and other surfaces in the removal area. When work was limited to glove bags only apply encapsulate to item within glove bag.

END OF SECTION
SECTION 3 – PCB CONTAINING EQUIPMENT REMOVAL

PART 1 GENERAL

1.01 SECTION INCLUDES

A. Removal and disposal requirements for PCB ballasts. PCB containing light ballasts and other electrical equipment may be present at the subject property.

1.02 REFERENCE STANDARDS

The publications listed below form a part of this Section to the extent referenced. The publications are referenced in the text by basic designation only.

A. American Petroleum Institute (API)
   1. APR Rp 2003, Protection Against Ignitions Arising out of Static, Lightning and Stray Currents.
   2. API Publ 2015, Safe Entry and Cleaning Petroleum Storage Tanks.
   4. API Publ 2219, Safe Operation of Vacuum Trucks in Petroleum Service.

B. Code of Federal Regulations (CFR)

C. National Fire Protection Association (NFPA)

D. National Institute of Occupational Safety and Health (NIOSH)
   1. NIOSH 80-106 Criteria for a Recommended Standard for Working in Confined Spaces.

E. State of Michigan
   1. P.A. Act 451, Michigan Natural Resources and Environmental Protection Act
   2. MIOSHA Act 154 General Industry and Construction (as amended) Safety Standards.

F. United States Environmental Protection Agency (U.S. EPA)

1.03 MEASUREMENT
A. Removal and Disposal of PCB-containing Light Ballasts and Equipment
   The removal and disposal of containerized PCB-containing light ballasts will be a unit rate pay item. Estimated quantities of PCB-containing Light Ballasts and Equipment are included the Pre-Demolition Inspection/Hazardous Materials Survey.

1.04 PAYMENT
A. Removal and Disposal of PCB-containing Light Ballasts
   All acceptably completed work as required under this Section for the removal and disposal of containerized PCB-containing light ballasts found on site will be paid as the lump sum cost as bid.

1.05 SUBMITTALS
A. Work Plan
   Before proceeding with any removal and disposal work, submit a work plan that includes the procedures proposed for the accomplishment of the removal and disposal work. The procedures shall provide for safe conduct of the work; careful removal and disposition of solid materials and liquid wastes; and property protection. The procedures shall provide a detailed description of the methods and equipment to be used for each operation, and the sequence of operations. The work plan shall be based on work experience, and the guidance provided in this specification.

B. Health and Safety Plan
   Before proceeding with any removal and disposal work, submit a site-specific health and safety plan (HASP) that includes the necessary precautions and safety procedures proposed for the accomplishment of the removal and disposal work. Include detailed information regarding temporary controls, including lock-out/tag-out procedures, and hazardous material handling. The HASP shall be based on applicable regulations, work experience, and the guidance provided in this specification.

(Revised 2-7-2018)
C. Copies of all analyses performed for disposal.
D. Copies of all waste analyses or waste profile sheets.
E. Copies of all certifications of final disposal signed by the responsible disposal facility official.
F. Information on who sampled, analyzed, transported, and accepted all wastes encountered.
G. Information describing the sample method, rationale, results, and chain-of-custody documentation for all testing.
F. Copies of all disposal manifests, bills of lading, load tickets, and other transportation documentation.
G. Notice of Acceptance
After removing and disposing drums and small containers from the project site, submit the name and location of the properly licensed disposal facility and a copy of the written agreement from the disposal facility agreeing to accept contaminated materials for disposal. This documentation shall include manifests with quantities. The documentation is due 10 days after removal from the site.
H. Disposal Documents
Provide copies of all licenses, certificates, permits, agreements, manifests, chain of custody records, weigh tickets, meter recordings, delivery tickets, and receipts required or issued for material disposal. Provide a list of the equipment used, the methods used, and the disposal areas and facilities used for disposing ballasts. Provide a copy of the results of tests performed to comply with the requirements of each disposal facility.
I. Manifests
Submit a copy of the official manifest for each shipment of contaminated materials including, but not limited to, ballast contents and ballast carcasses evidencing delivery of the material to the approved licensed disposal facility. All manifests shall be in accordance with the requirements of 40 CFR, Part 262, 40 CFR, Part 761, Section 23 and State and local regulations. Manifests shall be signed by the GCLBA or authorized official.

1.07 REGULATORY REQUIREMENTS
A. Statutes and Regulations
PCB-containing liquid removal, transportation, and disposal work shall be carried out in accordance with 29 CFR, Part 1910 and 1926, State of Michigan Act 64, Act 641, Act 307 and Act 136 wherever applicable. Hazardous material shall be transported in accordance with 40 CFR Part 263 to disposal facilities that operate in accordance with 40 CFR Part 264 and 40 CFR Part 265. Obtain all licenses, permits, certifications, receipts, etc., as required by such laws, regulations, codes, and ordinances.
B. General
All health and safety regulations relating to the removal, transportation, and disposal of ballasts available in 29 CFR, Parts 1926 and 1910 shall be complied with at all times. All pertinent regulations such as 29 CFR Parts 1910 and 1926 and 40 CFR 260, 261, 262, 263, 264, 761 and applicable state and local regulations shall be followed for storing, containing, and handling drums and small containers and for maintaining equipment for handling materials.

C. Protection of Employees and Visitors
Address the work in a manner such that its employees and site visitors will not be subjected to hazardous and unsafe conditions. Comply with all safety precautions, as required by 29 CFR Parts 1926 and 1910 and NFPA 329. Conduct and document the appropriate level of electrical lock-out/tag-out procedures.

D. Toxicity Considerations
Exercise care to minimize exposure to PCB-containing material and petroleum compounds when present during the handling of PCB-containing materials.

E. Flammability and Combustibility Considerations
Flammable and combustible vapors are likely to accumulate in work areas. Exercise caution by observing the following precautions: (a) eliminate all potential sources of ignition within the area; (b) present the discharge of static electricity during venting of flammable and combustible vapors; and (c) prevent the accumulation of vapors at ground level. Refer to API Publication 2015, 2015A and Recommended Practice 2003 for precautionary measures to follow during vapor evacuation activities. All open flame and spark-producing equipment is to be shut down and all electrical equipment must be explosion proof in compliance with NFPA 70B Class I, Division I, Group D or otherwise approved for use in potentially explosive atmospheres.

PART 2 PRODUCTS
2.01 GENERAL
Provide incidental equipment and materials necessary to complete specified activities, including, but not limited to, provision of drums for PCB-containing ballasts, and any scaffolding, cranes, or lifting equipment necessary to reach the areas for removal.

PART 3 EXECUTION
3.01 GENERAL
Disconnect or have disconnected power from ballasts and equipment being removed. Remove and containerize all PCB-containing light ballasts and equipment and dispose of properly. Obtain all required permits and approval documents. Provide approved containers, vehicles, equipment, labor, signs, placards, labels, manifests, and other documents necessary for accomplishing the work including materials necessary for spill cleanup for material from removal operations. Coordinate and pay for any additional sampling that may be necessary. Removal all PCB containing equipment discovered

(Revised 2-7-2018)
ABATEMENT OF REGULATED MISCELLANEOUS MATERIALS
APPENDIX 1A - 26 of 35
during abatement activities. No payment adjustments in excess of the quantities identified in the hazardous materials survey shall be made by the GCLBA without prior written authorization.

A. Safety Guidelines
Personnel working inside and in the general vicinity of the cleanup area shall be trained and made thoroughly familiar with the safety precautions, procedures, and equipment required for controlling the potential hazards associated with this work. Personnel shall use proper protection and safety equipment during work in and around the ballast, as specified in API Publication 2217, AP RP 1604, and in the site-specific health and safety plans. Proper guidelines regarding safety precautions shall be required for handling all other items.

B. Control of the Work
Perform work in accordance with the requirements and specifications and take direction only from the Engineer or On-site Representative for this contract. Any other party that proposes to give direction to the contractor shall be immediately referred to Engineer or On-Site Representative. Perform control measures as specified in Section 01570.

3.02 CONTENTS VERIFICATION
A. Sampling and Analytical Testing
A Pre-Demolition Inspection/Hazardous Materials Survey will be provided for each structure. In general, the survey activities include an identification of the general location and quantity of mechanical and/or electrical equipment that may contain PCBs.

Any additional testing necessary is the responsibility of the Contractor. If necessary, the Contractor shall collect samples to the extent required by the approved off-site disposal facility receiving the material. All analytical testing as required under this section shall be paid for by the Contractor and is incidental to the Contract. Meet all regulatory requirements, including chain-of-custody documentation. Provide testing results to the GCLBA.

3.03 EXAMINATION
Selected contractors will be authorized to proceed on the removal and disposal of environmentally hazardous materials from specific residential/commercial structures. A site specific hazardous material survey will be prepared by others for each structure and will be provided to the contractor at the time of authorization. The Contractor is encouraged to inspect the site of the proposed work, at the time of authorization to proceed on the removal and disposal of environmentally hazardous materials from specific residential/commercial structures. Prior to proceeding on the authorized work Contractor may visit each of the listed sites to arrive at a clear understanding of the conditions under which the work is to be done and to make their own determination as to the amount of hazardous materials to be removed from the sites. Contractor will be held responsible to have compared the premises with the hazardous materials survey,
drawings, specifications, or other provided items, and to have satisfied himself as to all conditions affecting the execution of the work. No payment adjustments in excess of the quantities identified in the hazardous materials survey shall be made by the GCLBA without prior written authorization.

3.05 DISPOSAL REQUIREMENTS

A. General
Materials requiring disposal shall become the property of the Contractor. Dispose light ballasts at a facility licensed to receive, clean, recycle, and dispose PCB-containing electrical equipment. Dispose all wastes in accordance with all local, State, and Federal solid and liquid waste laws and regulations, including those for hazardous waste, when applicable, as well as the Resource Conservation and Recovery Act (RCRA), and conditions specified herein. These services shall include all necessary personnel, labor, transportation, packaging, manifesting, or completing waste profile sheets, equipment, and reports. Provide all disposal and recycle information to the GCLBA.

B. Records
Maintain disposal and recycle records for all waste determinations, including: (1) appropriate results of analyses performed, (2) sample locations, (3) substances detected, (4) time of collection, and (5) other pertinent data as required by 40 CFR Part 280, Section 74 and 40 CFR Part 262 Subpart D. Record and make available information regarding method of transportation, method of treatment, method of disposal, quantities of waste, the names and addresses of each transporter, and the disposal or reclamation facility. Prepare and maintain copies and originals of disposal manifests, waste analyses or waste profile sheets, and certifications of final treatment/disposal signed by the responsible disposal facility official. Following contract completion, the records shall become the property of the GCLBA.

C. Hazardous/Special Waste Manifests
U.S. EPA waste generator’s identification number for the site may be required due to the nature of the materials to be disposed. Work with the generator to obtain this or other generator identification numbers. For hazardous and non-hazardous contaminated liquid waste, utilize a State of Michigan approved manifest system in conformance with the requirements identified in 40 CFR Part 262, 40 CFR Part 263 and 40 CFR Part 761.

The manifests shall comply with all of the provisions of the transportation and disposal regulations. Prepare manifests for each load and obtain the appropriate identification numbers and signatures. The designated representative of the GCLBA will sign all hazardous and non-hazardous waste manifests.

Before waste transportation, all of the established pre-transport requirements shall be met. The wastes shall be transported by a certified waste hauler (i.e., the hauler must have an appropriate State waste identification number) in approved
containers. All transporters must sign the appropriate portions of the manifest and must comply with all of the provisions established in the applicable regulations. Hazardous waste manifests must be signed by the generator.

Provide the GCLBA with manifests, certificates, and other such evidence as may be required by local, State, and Federal regulations, to demonstrate that waste materials of all types were properly transported to, received at, and disposed at approved disposal facilities. After delivery of the load, provide a copy of the manifest to the GCLBA.

D. Documentation of Treatment and Disposal
Dispose hazardous wastes at an approved treatment, storage, or disposal facility. The disposal facility will maintain U.S. EPA or appropriate State permits and waste treatment identification numbers and will comply with all of the provisions of the disposal regulations. Documentation of acceptance of special waste by a facility legally permitted to treat or dispose those materials shall be furnished to the GCLBA following the delivery of those materials to the facility.

3.06 SPILLS

A. Spill Responsibility
The Contractor is responsible for cleaning up all the leaks and spills from decommissioning operations, drums, or other containers that occur because of the Contractor's negligence. Immediate containment actions shall be taken as necessary to minimize the effect to natural surroundings. Notify the GCLBA and appropriate governmental authorities of the incident. Cleanup shall be in accordance with applicable local, State, and Federal laws and regulations at no additional cost to the GCLBA.
SECTION 4 – RECYCLING OF CFCs

PART 1 GENERAL

1.1 GENERAL

A. Contractor shall furnish all labor, material, equipment and incidentals required to remove, handle, transport and recycle residual refrigerants (assumed to be CFCs) contained in air conditioning units, refrigerators, drinking fountains, or other similar devices.

B. Contractor shall submit to the GCLBA a copy of the applicable Contractor license for CFC removal and handling.

C. Upon removal of CFCs from each unit, Contractor shall label each unit to indicate the refrigerant has been recovered.

D. Contractor shall provide record documents in accordance with 40 CFR 82 verifying the removal procedures and amounts recovered.

PART 2 PRODUCTS

2.1 CONTAINERS AND LABELS

A. Cylinders for CFC removal, storage, and transportation shall be provided to the Contractor by a licensed recycling facility.

B. Contractor shall provide labels that indicate that the refrigerant materials have been evacuated.

PART 3 EXECUTION

3.1 GENERAL

A. Contractor shall identify the locations of all equipment at the Site that are believed to contain refrigerants and shall disconnect all utility services.

B. Using a method acceptable to the licensed recycling facility, Contractor shall evacuate each unit of all refrigerants and containerize the materials for recycling.

C. Contractor shall ensure that the CFC containing units are de-pressurized and free of all refrigerants. This may be accomplished by subsequent flushing with pressurized nitrogen or another acceptable method.

D. Contractor shall transport all cylinders containing CFCs in accordance with the applicable DOT regulations.

E. Contractor shall record and provide to GCLBA documentation of devices evaluated, procedures used, amounts recovered and other information as required by 40 CFR 82 upon completion of removal activities.

END OF SECTION
SECTION 5 – ABATEMENT OF REGULATED MISCELLANEOUS MATERIALS

PART 1 GENERAL

1.1 GENERAL

A. Contractor shall furnish all labor, material, equipment, packaging, sampling, and testing, and incidentals required to remove/abate, transport and dispose/recycle all substances regulated under Federal, State and local statutes and land ban restrictions. These substances may include but are not limited to items listed in the Unit Rate Bid Schedule.

B. The quantities of hazardous and/or regulated materials are provided in the Hazardous Materials Survey. Contractor will be authorized to proceed on the removal and disposal of environmentally hazardous materials from specific residential/commercial structures. A site specific hazardous material survey will be prepared by others for each structure and will be provided to the contractor at the time of authorization. The Contractor is encouraged to inspect the site of the proposed work, at the time of authorization to proceed on the removal and disposal of environmentally hazardous materials from specific residential/commercial structures. Prior to proceeding on the authorized work Contractor may visit each of the listed sites to arrive at a clear understanding of the conditions under which the work is to be done and to make their own determination as to the amount of hazardous materials to be removed from the sites. Contractor will be held responsible to have compared the premises with the hazardous materials survey, drawings, specifications, or other provided items, and to have satisfied himself as to all conditions affecting the execution of the work. No payment adjustments in excess of the quantities identified in the hazardous materials survey shall be made by the GCLBA without prior written authorization.

C. Contractor shall be aware that the buildings may contain lead based paint and as such the potential for exposure exists. Contractor shall handle lead based paint in accordance with all federal, state, and local regulations.

D. The Michigan Occupational Safety and Health Administration (MIOSHA) provides protection and regulations for the safety and health of workers. The Department of Community Health provides for the health of workers (517) 373-3500.

1. Contractor shall post any applicable State and/or Federal government regulations at the job sites in prominent locations.

2. Contractor shall be responsible for training their workers in safe work practices and in proper removal methods when coming in contact with hazardous materials.
E. Applicable Regulations (include but are not limited to):

1. RCRA, 1976 -Resource Conservation and Recovery Act: This federal statute regulates generation, transportation, treatment, storage or disposal of hazardous wastes nationally.

3. Part 121, Act 451, 1994 -Liquid Industrial Waste Act: This statute regulates the transportation of liquid industrial wastes in Michigan. This includes non-hazardous liquids and hazardous liquids, which are not subject to management under RCRA or Part 111, Act 451, 1994.

4. Toxic Substances Control Act (TSCA), 1976. This statute regulates the generation, transportation, storage, and disposal of PCB wastes.

F. To use an off-site hazardous waste disposal facility, the Contractor must use the Uniform Hazardous Waste Manifest (shipping paper).

1. Hazardous wastes may not be disposed of in sanitary landfills used for solid waste.

2. Hazardous waste manifests shall be signed by the GCLBA or designated representative.

(Revised 2-7-2018)

ABATEMENT OF REGULATED MISCELLANEOUS MATERIALS
G. Federal, State and local laws and regulations may apply to the storage, handling, and disposal of hazardous materials and wastes generated at the Site. The list above includes the regulations that are most frequently encountered.

PART 2 PRODUCTS

2.1 PACKAGING AND CONTAINERIZATION MATERIALS

A. Packaging and containerization materials shall include but not be limited to the following:
   1. Lab packing requirements per licensed disposal or recycling facility.
   2. Fiberboard barrels
   3. DOT approved removable head drums; roll-off boxes or equivalent
   4. Drum labels and marking which conform to 29 CFR 1926.58 K and all other Federal, State and local regulations
   5. Spill prevention countermeasure materials and control products consistent with 49 CFR 173 and Contractor approved SPCC plan.
   6. Sampling equipment and containers consistent with standard sampling technique

PART 3 EXECUTION

3.1 REMOVAL OF CHEMICAL FIRE EXTINGUISHERS

A. Chemical fire extinguishers may be present at the Site. Contractor shall be responsible for the removal, proper handling, and disposal of all chemical fire extinguishers.

B. Contractor shall properly collect, label and stage all chemical fire extinguishers throughout the Site. All chemical fire extinguishers shall be recycled or disposed at a licensed facility. Chemical fire extinguishers shall be transported in a manner that minimizes the potential for discharge.

3.2 REMOVAL OF MERCURY DEVICES

A. High intensity discharge lamps and fluorescent light bulbs that may contain mercury are present either in fixtures or stored in bulk. The approximate locations of these lamps/bulbs will be identified in the Hazardous Materials Survey Report. Contractor shall remove all lamps/bulbs regardless of the estimated quantities provided in the Hazardous Materials Survey Report.
   1. Many light fixtures and/or associated components may be suitable for recycling or resale. Contractor is encouraged to account for recycling or resale of such fixtures in its bid, if feasible.
   2. Contractor shall be responsible for the removal of all regulated lamps and bulbs from the associated lighting fixtures. All lamps and bulbs shall be carefully removed from the fixtures and placed in appropriate sized containers equipped with dividers.
3. All containers intended for off-site recycling shall be either shrink-wrapped or placed in a secure crate to avoid accidental breakage. All containers shall be labeled as hazardous waste in accordance with applicable MDOT regulations.

4. Contractor must use all precautions when handling lamps to avoid accidental breakage. Should accidental breakage of lamps occur, then the lamp debris shall be collected and placed in segregated reinforced drums or similar containers pending disposal.

5. Light ballasts containing PCBs shall be managed in accordance with applicable regulations and appropriate sections of this Bid Document.

B. Mercury switches and thermometers are present at the Site as indicated in the Hazardous Materials Survey Report, Contractor shall be responsible for the removal, transport and recycling or disposal of all mercury containing devices.

3.3 REMOVAL OF NON-HAZARDOUS EQUIPMENT OIL

A. Oil-filled blowers, compressors, hydraulic hoists, and motors may be present at the site. The approximate locations of this oil filled equipment will be identified in the Hazardous Materials Survey Report. Contractor shall remove all oil filled equipment regardless of the estimated quantities provided in the Hazardous Materials Survey Report.

B. Contractor shall drain all free flowing oil from each oil-filled unit. All oil shall be drained into appropriate storage containers, consolidated, and staged on-site with appropriate labeling pending transport and disposition to a licensed reclamation facility.

C. Upon removal of all free-flowing oil, equipment will be released by the GCLBA for disposition/recycling.

3.4 REMOVAL OF MISCELLANEOUS CHEMICALS, CONTAINERS, AND LIQUIDS

A. Liquid filled containers, miscellaneous chemicals, and other hazardous materials banned from landfill disposal are present at the site. The approximate locations of these materials will be identified in the Hazardous Materials Survey Report. Contractor shall remove all liquid filled containers, miscellaneous chemicals, and other hazardous materials banned from landfill disposal, regardless of the estimated quantities provided in the Hazardous Materials Survey Report.

B. Contractor shall remove all liquid filled containers, miscellaneous chemicals, and other hazardous materials banned from landfill disposal. All materials shall be staged on-site with appropriate labeling pending transport and disposition to a licensed reclamation/disposal facility.

3.5 TRANSPORTATION

A. Contractor shall evaluate all materials associated with the activities to designate materials classification for transportation purposes.
B. Contractor shall package all hazardous materials for transportation and storage in accordance with 49 CFR 172.101 and applicable sections of 49 CFR 173. In addition, the Contractor shall comply with any packaging requirements identified by the licensed disposal or recycling facilities used for waste disposition during this project.

C. Contractor shall label and mark all hazardous materials packaged and temporarily staged for subsequent off-site transport. Hazardous materials that have been specifically prepared for off-site transport shall be labeled in accordance with 40 CFR 172.101 and 49 CFR 173 Subparts D and E. Contractor shall provide all labels.

D. Contractor shall ensure that the transporter has applied all appropriate placards to the transport vehicle according to the requirements outlined in 49 CFR 172.101 and 49 CFR Subpart F and all applicable MDOT/DOT regulations. The Contractor or transporter shall provide all such placards.

E. Contractor shall submit the manifest to the GCLBA for review prior to signature by the GCLBA or designated representative and prior to removal of any material.

APPENDIX 1B: SCOPE OF WORK/SUMMARY OF WORK

SECTION 100 – SUMMARY OF WORK

PART 1 - GENERAL INFORMATION

1.1 DESCRIPTION <UPDATED 4/18/19>

A. This project consists of building and site demolition and disposal of buildings and basement/foundation, including backfill of the excavated area, secure all necessary permits (demolition, water/sewer cut, soil erosion and any other required by the local unit of government), and disconnect water and sewer utilities or cap wells and abandonment of septic tanks, if present, per Genesee County Health Department requirements.

B. Unless otherwise specified in the Request For Proposals (RFP), asbestos and hazardous materials have not been removed by others for structures identified in this bid. Contractor is responsible for executing the abatement scope of work as outlined in Appendix 1A unless materials are identified as previously removed.

It is the policy and practice of the GCLBA to abate what can feasibly be abated despite the condition of the structure, whether or not a structure will ultimately be demolished as asbestos containing. Conditions inhibiting the abatement of identified materials must be thoroughly documented and explained.

Exceptions may be made in the case of roofing materials in good condition and in cases where a composite sample of drywall and joint compound contain less than 1% asbestos. When ACM roofing materials and drywall joint compound with <1% ACM composite are not abated, where applicable, ensure demolition activities adhere to MIOSHA regulations. In instances where Contractor intends to leave ACM in place during demolition, this must be specifically noted in the Work Plan with specific addresses and procedures identified.

Contractor will remove all identified ACM unless otherwise directed by the Land Bank.

Bidders can request access to Pre-demolition surveys by emailing request from the appropriate individual as identified in the RFP. Bidders will be invited to review information via Box.com.

A licensed abatement company is not required to remove non-friable Category I asbestos containing material; however, a NESHAP Competent Person must be present on-site during the demolition/removal. The burden to conduct the requested work in accordance with all applicable laws and regulations is the responsibility of the contractor.

i. **Contractor must submit 10-day NESHAP project notifications for ALL demolition projects including Ordered/Emergency Demolitions. NO EXCEPTIONS!**

ii. Contractor must follow all State and Federal laws and requirements for the removal of all Asbestos Containing materials (ACMs) – friable and non-friable.

C. Ordered Demolitions - Requirements per the Asbestos NESHAP for all Ordered demolitions (commonly referred to as emergency demolitions):

i. An Asbestos NESHAP trained person must be on site during the demolition

ii. **ALL CONTRACTORS ARE REQUIRED TO HAVE A WATER TRUCK ON SITE.**
iii. Water must be used and all debris must be kept wet at all times (except when temperatures are below freezing - then records must be kept onsite of the temperature at the beginning, middle and end of each work day)

iv. Wetted debris may be disposed of in bulk in lined and covered dumpsters. Signs must be posted during handling and loading of debris

v. All debris must be disposed of as “friable asbestos” (RACM) at a Type II landfill and disposal records must be kept for 2 years or for the amount of time indicated for retention in the Contract, whichever is greater.

D. Ordered Demolitions - Requirements per the Asbestos MIOSHA for all Ordered demolitions (commonly referred to as emergency demolitions) or demolition of structures as asbestos containing:

i. Asbestos Abatement License and training is required is required for all employees on site of an Ordered/Emergency Demolition. Demolitions involving Class I or Class II ACM require a 40-hour trained competent person.

ii. MIOSHA never waives a requirement for wetting, regardless the temperature.

E. Removal of non-friable/intact Class II materials requires workers to be trained 8 or more hours depending on number of Class II materials involved.

F. There is one exception to this competent person training requirement involving flooring that is removed intact utilizing compliant work practices specified in Part 602 for these materials; 12 hours competent person training is required.

G. Requirements of the work are contained in the Scope of Work and include cross-references to published information, which is not necessarily bound herewith.

H. A description of the scope of work can be summarized as follows:

(1) Site and Building Demolition
   (a) Locate property corners and lot lines to accurately set limits of demolition. Contractor will take before and after photos with date to document that they are at the right property and its current condition.
   (b) Contractors are to utilize two water hoses on each project during knock down and load out. This may be achieved with two hoses on one water truck with sufficient supply of water, or with two water trucks. Contractors are to utilize the following methods to mitigate fugitive dust:
      (i) Provide two hoses and sufficient water misting to eliminate creation of dust so that there are NO VISIBLE EMISSIONS. This requires wetting prior to demolition activities and during load out.
      (ii) Minimize any drop distances.
      (iii) Limit work that creates dust on windy days.
      (iv) Cover debris piles/open holes if existing for more than 24 hours.
   (c) Protect structures, utilities, sidewalks, pavements, and other facilities existing to remain from damage caused by settlement, lateral movement, undermining, washout, and other hazards created by earthwork operations.
   (d) Site and building demolition as specified in the RFP, including the removal of structures, basements, footings, landscaping and walls, cut brush and dead and/or falling trees, asphalt, bituminous and/or concrete paving, and miscellaneous debris on the site.

(2) Protection of Trees
(a) It shall be the responsibility of the Contractor to protect all trees of a diameter of 4” or greater that are located outside of five (5) feet from the structure being demolished. **UNLESS trees are in the way of the demolition or dead/rotten and/or are in jeopardy of falling.**

(3) Concrete Sidewalks/Drive Approach

(a) Access to the property for demolition work shall be limited to the driveway unless otherwise designated by the GCLBA project manager. The Contractor shall be held responsible for the replacement of any sidewalks or approaches damaged during the project. In the City of Flint, if the Contractor significantly damages or causes further damage to the approach during the demolition process, Contractor must remove the approach and replace it with a new curb in line with City specifications, and regrade, seed, and straw the Right of Way.

(b) Contractors shall make all efforts to protect sidewalks and approaches by using materials such as dirt, plywood, etc.

(c) **It is the Contractor’s responsibility to take before and after pictures of sidewalks, drive approach and surrounding areas to document pre-existing condition.** Replacement of damaged sidewalk or drive approach is not required; provided contractor’s access is limited to the driveway unless otherwise approved by site manager and no further damage occurs. **If contractor further damages sidewalk or approach making sidewalks and approach unsafe and/or creating trip hazards, Contractor must replace sidewalks and/or approach.** In the City of Flint, if the Contractor significantly damages or causes further damage to the approach during the demolition process, Contractor must remove the approach and replace with a new curb in line with City specifications, and regrade, seed, and straw the Right of Way.

(d) Concrete, asphalt and/or gravel driveways are to be removed with the exception of the approach. Approach will be defined as the first ten feet of the driveway or from the road to the sidewalk. Contractor must take all necessary steps to protect sidewalks and approaches.

(4) Site Restoration

(a) **Site restoration includes fill and compaction of all disturbed areas, seeding and mulch** (to include regrading, seeding, and mulching of Right of Way) **as specified in Section 200, Part 2 – Products and Part 3 - Execution.**

(b) **Any areas disturbed by construction activities shall be re-graded and reseeded if necessary.** Right of Way is to be regraded, seeded, and mulched per specifications, regardless. The Right of Way will be defined as the first ten feet of the yard or from the road to the sidewalk.

(5) Except for items indicated to remain the GCLBA/OWNER’S property, demolished materials shall become the Contractor’s property and shall be removed from the site and disposed of legally.

I. Submittals

i. Landfill receipts/waste manifests must be submitted to the Land Bank within 10 days with invoice at the completion of project.

ii. All documentation must be submitted for each property/project individually.

iii. Payments will not be processed without receipt of waste manifest documenting proper disposal of waste.
(1) Request for Payment Packet must include:
   (a) Request for Final Payment
   (b) Attestation Form
   (c) NESHAP Notification and MIOSHA Notification if required
   (d) Pre-Demolition Walkthrough Form
   (e) Sworn Statement
   (f) Waivers of Lien from yourself, as well as all subcontractors listed on Sworn Statement
   (g) Invoice on Contractor’s Letterhead
   (h) Pre and Post Demolition Photograph Requirements (UPDATED 3/5/18): All pre and post demolition photos must contain a full view of the property to facilitate identification of property transitioning from pre to post condition. All prep and post demolition photos must be labeled with the date, street address, and geo-tagging. Pre and post photos must be included with payment request packet. All photos must be uploaded to Box.com.
   (i) Pre-Demolition - Prior to demolition of property, Contractor must take quality pre-demolition photos which include a full and complete image (i.e., front, rear, right and left side of structure) of the project structure, as well as, the pre-condition image of sidewalk, driveway, and approach. In addition, pre-demolition photos must contain identifiers (i.e., trees, adjacent structures, power poles, fire hydrants, fencing, geo-tagging) to help link the property to the image in the photo. Photos must include sidewalks, driveway, and approach. If separate photos are taken of sidewalk, driveway, and approach, Contractor must include an image of the structure in the photo to ensure that the sidewalk, driveway, and approach are linked to the correct property. Any portion of the sidewalk and driveway approach damaged during demolition process must be repaired. Cold patch repairs of sidewalks and driveway approaches are not allowed.
   (ii) Post-demolition – After demolition of property, Contractor must take quality post-demolition photos which include a full and complete image of the vacant lot, as well as, a post-condition image of sidewalk and approach. In addition, post-demolition photos must contain identifier (i.e., trees, adjacent structures, power poles, fire hydrants, fencing, geo-tagging) that help tie the property to the image in the pre-demolition photos. If separate photos are taken of sidewalk and approach, Contractor must include an image of the graded and seeded lot in the photo to ensure that the sidewalk and approach are linked to the correct project. Any portion of the sidewalk and driveway approach damaged during the demolition process must be repaired. Cold patch repairs of sidewalks and driveway approaches are not allowed.

</tr>
</tbody>
</table>
(i) City or Township Winter-grade or Final inspection receipt as stated in contract and/or RFP

(j) If sub-contracting, you must provide proof that the sub-contractor is in compliance with the Michigan Workers’ Disability Compensation Act requirements and appropriately licensed.

(k) Demolition Permit (Must be on site at start of demolition and dated prior to start of demolition)

(l) Soil Erosion Permit OR Soil Erosion Permit Waiver issued by Genesee County Drain Commission prior to start of demolition work.

(m) Statement of confirmation from qualified professional and backup documentation (Lab results from soil sample for backfill and top soil) that backfill and top soil meets specifications. Projects without a statement from a qualified professional and those with backfill and topsoil that do not meet specs will not be approved for payment. Refer to Section 300, Part 2 - Products for specification requirements.

(n) Field Report/Daily Log/Inventory Sheet with supporting paperwork:
   (i) A copy of the disposal manifest and/or shipping papers used to dispose of materials/wastes from each disposal/recycling facility.
   (ii) A copy of the CFC recovery certificate signed and certified by the licensed CFC recovery professional.
   (iii) A copy of the scrap metal receipt for AST/USTs and other metals.
   (iv) A copy of a trucking log tracking loads out and load in. Each load should be described in detail (i.e. Demo debris, concrete, backfill, brush, topsoil, etc.).
   (v) A copy of any receipts for delivery of bituminous or concrete material to a recycler. If no receipts are provided, Contractor must supply a confirmation statement identifying loads delivered, where the loads were delivered, and that the receiving facility is appropriately permitted/licensed.

(o) Seeding and Watering Report

(p) Seed tags identifying correct seed used per specification Section 200, Part 2 - Products

(q) Certified Payroll using appropriate Prevailing Wage

(r) Sidewalk Permit – for sidewalk repair and curb removal, if applicable. (Approach removal and curb replacement only applies to properties located in the City of Flint)

(s) Fill Dirt and Topsoil load receipts that show where the dirt came from (Source) and the address (demolition site) where it was dumped. The Source will be required to provide a load ticket and contractor and/or contractor truck driver will be required
to include the address where the load was dropped. The Source receipt will need to be date stamped and signed by an authorized representative of the Source.

1.2 WORK SCHEDULE

A. Schedule work for most efficient operation. Coordinate with utility companies and/or local agencies to verify that shutting off and capping utility services (electrical, gas, cable, water, storm, sanitary sewer, etc.) has been completed prior to start of demolition.

B. Immediately after contract award the General Contractor shall submit to the GCLBA for review a tentative schedule of completion dates and work plan for the above referenced work.

C. Contractor shall notify the GCLBA’s representative 72 hours in advance if a subcontractor is to be employed for the project and provide the subcontractor(s) company name, address, telephone & fax number, if not provided at time contract is signed.

D. Furnish certificates of insurance which specifically set forth evidence of all coverage required of the contractor and subcontractor prior to commencement of work. Certificates shall be sent to the Genesee County Land Bank, 452 S. Saginaw Street, Flint, MI 48502. Furnish to the GCLBA copies of all endorsements that are subsequently issued amending coverage or limits.

E. Completion dates are provided in the contract documents.

1.3 CONTRACTOR USES OF PREMISES (UPDATED 2-11-2017)

A. General: During the contract period the Contractor shall have full use of the lots occupied by the structures. The Contractor’s use of the premises is limited only by the limits of the property and adjacent public right-of-ways if properly barricaded, and the access is as designated by the site manager. Contractor shall confine construction equipment, the storage of materials and equipment, and the operations of workers to the Site and other areas permitted by Laws and Regulations, and shall not unreasonably encumber the Site and other areas with construction equipment or other materials or equipment. Contractor shall assume full responsibility for any damage to any such land or area, or to the owner or occupant thereof, or of any adjacent land or areas resulting from the performance of the Work.

1. Should any claim be made by any such owner or occupant because of the performance of the Work, Contractor shall promptly settle with such other party by negotiation or otherwise resolve the claim by arbitration or other dispute resolution proceeding or at law.

2. To the fullest extent permitted by Laws and Regulations, Contractor shall indemnify and hold harmless the GBLBA, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to any claim or action, legal or equitable, brought by any such owner or occupant against the GCLBA, or any other party indemnified hereunder to the extent caused by or based upon Contractor’s performance of the Work.

B. Use of the Site: Limit use of the premise to work in areas indicated. Confine operations to areas within contract limits.
(1) Driveways and Entrances: Keep driveways and entrances serving adjacent premises clear.
(2) Drive approaches located between the sidewalk and curb must be left as is.
(3) Any debris or sedimentation deposited in the road right-of-way shall be promptly removed by the Contractor at the Contractor's expense. No sedimentation on the road will be allowed.

B. Removal of Debris During Performance of the Work: During the progress of the Work Contractor shall keep the Site and other areas free from accumulations of waste materials, rubbish, and other debris. Removal and disposal of such waste materials, rubbish, and other debris shall conform to applicable Laws and Regulations.

C. Cleaning: Prior to Substantial Completion of the Work Contractor shall clean the Site and the Work and make it ready for utilization by the GCLBA and its Contractors and/or potential buyer or lessor. At the completion of the Work Contractor shall remove from the Site all tools, appliances, construction equipment and machinery, and surplus materials and shall restore to original condition all property not designated for alteration by the Contract Documents.

D. Boarding of Windows and/or Doors: Decorative boarding will be retrieved by community groups prior to demolition when possible.

C. Any areas disturbed by construction activities shall be re-graded and seeded if necessary.
D. Any asphalt, fallen trees, trash, debris and/or brush must be removed from site.

1.4 ADJUSTMENTS TO BID

A. In the event a structure or structures itemized on this bid is destroyed or substantially destroyed by fire or other calamity beyond its present condition as determined by the GCLBA, or environmental hazards are found, at any time prior to actual demolition, the Authority reserves the right to remove the structure from the bid; or in the event of bid award, to remove the structures(s) from the award and reduce the price by the Contractors’ bid for that structure(s).

B. GCLBA reserves the right to cancel any project(s) that has been issued on a bid or entered into a contract if GCLBA has deemed project(s) infeasible and is unable to proceed with the demolition.

1.5 USE OF CITY OF FLINT WATER <UPDATED 1/18/19>

A. All contractors are REQUIRED to have and use a water truck. Contractors must provide TWO hoses per project. Two hoses may be achieved with two hoses on one truck or by utilizing two trucks. Water truck(s) must be on site at all times, provided by a contractor to water mist, temporary enclosures, and other suitable methods to limit the spread of dust and dirt to include but not limited to:

i. Providing two hoses and sufficient water misting to eliminate creation of dust so that there are NO VISIBLE EMISSIONS. This requires wetting prior to demolition activities and during load out.
ii. Minimizing any drop distances.
iii. Limiting work that creates dust on windy days.
iv. Covering debris piles/open holes if existing for more than 24 hours.
Comply with governing environmental protection regulations. If respondent/contractor does not include a water truck in list of equipment, submitted response may be considered non-responsive.

B. All contractors are required to provide proof of: a) water source, b) legality of use of the source, c) where the source requires payment, proof of payment for quantity used, and d) proof of approval for use of specific hydrants utilized.

The City of Flint has a limited number of water meters available for rent. These meters will be rented to contractors with the understanding that contractors follow the following procedures:

1. Only use hydrants sparingly. Contractor must notify the appropriate City of Flint water official prior to hooking up to a hydrant and acquire approval.
2. Contractor must then use that hydrant to refill water trucks.

Meters should not be moved from hydrant to hydrant based on geography of demolition projects. Contractor is to strategically select one hydrant for all projects in an area and use the selected and approved hydrant to meter the water used for filling water truck. This is a requirement in order to remain in compliance with EPA and DEQ edicts to the City of Flint and in order to reduce damage to the aging infrastructure.

Any contractor that is illegally using the City of Flint water/fire hydrants, or illegally sourcing water from any site, will face penalties up to suspension or debarment by the Genesee County Land Bank.

C. Adequately Wet- As defined in 40 CFR Part 61, Subpart M, sufficiently mix or penetrate with liquid to prevent the release of particulates from the source material. Continue wetting asbestos-containing material (ACM) if visible emissions are encountered during abatement activities. When uncertainties arise, continue wetting material until uncertainties diminish.

D. Do not create hazardous or objectionable conditions, such as ice, flooding, and pollution, when using water.

1.6 LIQUIDATED DAMAGES

A. CONTRACTOR and the GCLBA recognize that time is of the essence for this Contract and that GCLBA will suffer financial loss if the Work is not completed within the times specified in the Term of Contract, plus any extensions thereof allowed in accordance of Contract. The parties also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by GCLBA if the Work is not completed on time. Accordingly, instead of requiring any such proof, GCLBA and CONTRACTOR agree that as liquidated damages for delay (but not as a penalty), CONTRACTOR shall pay GCLBA $250.00 for each day that expires after the time specified in Notices to Proceed, as well as Term of Contract for Substantial Completion until the Work is substantially complete. After Substantial Completion, if CONTRACTOR shall neglect, refuse, or fail to complete the remaining Work within the Contract Time or any proper extension thereof granted by GCLBA, CONTRACTOR shall pay GCLBA $250.00 for each day that expires after the time specified in the Term of Contract for completion and readiness for final payment until the Work is completed and ready for final payment. If the work is not completed to the GCLBA’s specifications, at the discretion of the GCLBA, the GCLBA will make the necessary repairs and decrease that amount from the Contractor’s contracted amount.
1.7 WARRANTY.

A. In addition to any other warranties set forth elsewhere in this Contract, Contractor warrants that Work performed and materials furnished under this Contract conform to the Contract requirements and as required in the ("Contract"), and are free of any defect of equipment, material or design furnished, or workmanship performed by Contactor or any of its subcontractors or suppliers of any tier. Such warranty shall continue for a period of 1 year from the date of final acceptance of the Work by Owner/Relevant Parties, or for such other greater period of time as may be specified in the ("Contract"). Under this warranty, Contractor shall remedy at its own expense any such failure to conform or any such defect. In addition, Contractor shall remedy at its own expense any damage to real or personal property owned or controlled by Owner/Relevant Parties when that damage is the result of Contractor’s failure to conform to Contractor requirements or of any defect in equipment, material, workmanship or design furnished by Contractor. Contractor shall also restore any work damaged in fulfilling the terms of this Article.

1.8 RE-INSPECTION FEE.

A. If the Contractor’s work fails the GCLBA’s inspection after Contractor requests inspection, the GCLBA will charge Contractor a $75 re-inspection fee per re-inspection.

END OF SECTION 100
SECTION 200- SOIL EROSION –SEDIMENTATION CONTROL

PART 1– GENERAL INFORMATION

1.1 Related Documents
   A. Drawings, reports, and general provisions of the contract, including General Conditions and other Division I specifications sects apply to this section.

1.2 DESCRIPTION
   A. Soil erosion permits are required for certain parcels. Contractor, at Contractor’s expense, shall secure waivers and/or permits for soil erosion, demolition, utility cut/plug and/or well/septic abandonment permits. Soil erosion permit or waiver is a required submittal for receipt of payment.

1.3 SCHEDULING
   A. Control measures shall be constructed by the Contractor prior to the time demolition work starts and maintained throughout the demolition and site restoration work.

PART 2 - PRODUCTS

2.1 SEED
   A. 100% Dutch white clover seed inoculated with Rhizobium bacteria – Strain B. Do not mix with annual rye or other grass seed. Seed tags must be submitted with payment request.

2.2 MULCH
   A. Mulch may be straw or wood fiber. Do not leave twine from straw bales on lot, twine and other packaging must be disposed of off properly off site and is not considered mulch.

PART 3 - EXECUTION

3.1 PERFORMANCE
   A. General:
      (1) Even though a specified erosion control measure is not called out on the plans, the contractor shall properly control and/or prevent all erosion caused by the Contractor’s demolition operation.
   B. Sediment Removal:
      (1) The Contractor shall take such steps as are necessary to assure the retention and removal of any sediment which enters an existing storm sewer.
      (2) If eroded material is allowed to enter a storm sewer system it shall be the Contractors responsibility to see that all catch basins and manholes are cleaned following demolition prior to receipt of final payment. Unless the Contractor can document positively to what extent an existing storm sewer system along the cleaning the system.
      (3) All eroded materials deposited in the street gutter as a result of this work shall be removed by the Contractor promptly at the Contractor’s expense.
   C. Restoration of Surface:
      (1) Restoration is limited to backfill and compaction of disturbed areas and grading, seeding, and mulching of the Right of Way. Final grading, seed and mulch shall be performed by the Contractor.

END OF SECTION 200
SECTION 300 – EARTHWORK <Updated 4/18/2019>

PART 1 - GENERAL

1.1 RELATED DOCUMENTS

A. Excavating, filling, and grading for this work includes, but is not necessarily limited to:
   (1) Filling and backfilling to attain indicated grades

1.2 PROJECT CONDITIONS

A. Dust Control
   (1) Water truck must be on site at all times provided by contractor. The Contractor shall use all means necessary to control dust on and near the work and on and near all off-site borrow areas if such dust is caused by the Contractor’s operations during performance of the work or if it results from the condition in which the Contractor leaves the site.
   (2) All Surfaces shall be thoroughly moistened as required to prevent dust from being a nuisance to the public and adjacent properties

B. Protection
   (1) The Contractor shall use all means necessary to protect adjacent property before, during, and after demolition work.
   (2) In the event of damage, the Contractor shall immediately make all repairs and replacement necessary to the approval of the GCLBA Site Manager/Demolition Program Manager and at no additional costs to the GCLBA.

ii. Safety
   (1) The Contractor is responsible for conducting operations in a safe and orderly manner and in conformance with Michigan P.A. 154.

iii. Permits
   (1) SEE SECTION 200.1.2.A

1.3 REFERENCES

B. State of Michigan Department of Transportation Density Testing and Inspection Manual - (2010), (copies available for review on MDOT website: https://www.michigan.gov/mdot/0,4616,7-151-9622_11044_11367--,00.html; copies are available for purchase from the Michigan Department of Transportation, Lansing, MI).

PART 2 - PRODUCTS

2.1 FILL MATERIAL <UPDATED 4/18/19>

2.1.1 General Requirements

A. Content of fill material up to 18 inches from the surface. All fill material except MDOT Class II Granular Material, shall be subject to the approval of the Authority.
B. Content of fill material from the 18 inch mark up to 6 inches from the surface: Use loamy material or a sandy clay (mined from the earth and not manufactured) to allow for proper drainage on the site.

C. For approved fill material, notify the Authority in advance of the intention to import material, its location and the source material sites name, address, and telephone number.

D. Pulverized building materials or debris shall not be used as fill materials.

E. Any fill material obtained from off-site sources shall be free from contamination and shall meet specific environmental and quality assurance requirements as outlined below. Contractor shall provide documentation from each source of fill verifying the fill to be free of contaminants prior to bringing on site (Refer to Section 300 2.1.3).

2.1.2 **Material Testing Requirements**

A. Testing requirements and certification for backfill materials (i.e. sandy loam fill, clay, topsoil) will differ based on the source site Category. Source site categories are defined as follows:

1. **Category 1**: Virgin (Native) Commercial Borrow and Sand/Gravel Pit Sites;
2. **Category 2**: Commercial, Utility, and Road Construction Sites; Commercial Landscape Yards, Agricultural Sites, Amended Topsoil;
3. **Category 3**: Industrial, Known Sites of Environmental Contamination (Gas Stations, Dry Cleaners, etc.) Dredge Sites, and Other.

B. **Sampling Requirements by Category**: Contractor must receive approval from the Authority prior to import of backfill materials. Approval for import of backfill materials is conditioned upon submittal and review of the information described below and as outlined in the deliverables section:

1. **Category 1 and Category 2 Source Sites**:
   - For each of the backfill materials, the Contractor shall furnish a certification to the Authority, for each source location stating the following:
     a. The origin of the backfill material and address location.
     b. Affirm no evidence of known or suspected sources of environmental contamination that may have impacted proposed backfill materials.
     c. The backfill materials are homogeneous in nature, description of general composition of the backfill materials, affirmation that materials are free from debris, large rocks, concrete, or other conditions, which would make the material unsuitable for use as backfill, and meet the backfill specification described in the Contract Documents.
     d. Certifies that all information submitted complete and accurate,
     e. Certify that the soil samples were collected by a qualified and knowledgeable individual and identify that individual,
     f. Certify that samples were collected and analyzed in accordance with methods approved by the USEPA SW-846 and/or MDEQ PA 201
     g. Certify that the soil samples are representative of the entire material proposed for use at the Authority’s properties.
h. Collection of the following discrete soil samples representative of the backfill material to be imported:
   i. Category 1 Source Site
      • One (1) representative Environmental Sample for analyses identified below per site per year, and
      • One (1) representative Quality Assurance sample for analyses identified below, per site per year.
   ii. Category 2 Source Site
      • One (1) representative Environmental Samples for analyses identified below per 5,000 cubic yards of material.
      • One (1) representative Quality Assurance sample for analyses identified below, 5,000 cubic yards of material.
   i. Complete laboratory analyses as described below for each soil sample collected.
   j. For Category II Source Sites provide the volume of the source material.
   k. Provide a scaled site map or aerial photograph depicting the source material origin and sample location(s).
   l. Prepare a complete deliverable package as described below.

2. **Category 3 Source Sites:**
   Backfill materials from Category 3 source sites are **prohibited** for use at project sites without a site specific evaluation by a Qualified Environmental Professional and approval by the Authority, **in advance**.
   For Category 3 Source Sites, Contractors can retain a Qualified Environmental Professional to conduct an independent evaluation of the proposed backfill material and propose a work plan to the Authority in advance of sampling and testing. Sampling frequency, methodology, and strategy must be detailed and designed to demonstrate that the proposed backfill materials meet Michigan Department of Environmental Quality (MDEQ) Part 201 Cleanup Criteria for Unrestricted Residential use. After work plan review and approval by the Authority, the Contractor’s Environmental Professional will be required to implement the work plan and prepare a complete deliverable package as described below for review and approval.

C. **Environmental Sample Parameters**
For each discrete soil sample collected, laboratory analytical parameters and methods shall meet the following requirements:

1. Volatile organic compounds (EPA Method 8260) – Note: Backfill material with any detectable concentrations of volatile organic compounds may be rejected.
2. Semi-volatile organic compounds (EPA Method 8270)
3. Pesticides/PCBs (EPA Method 8081/8082)
4. Metals, including: arsenic, barium, cadmium, copper, lead, mercury, selenium, silver, zinc (EPA Method 6020, 7470/7471)
5. Chloride, add for road construction projects or soils located beneath parking lots only (EPA Method 9056).

The above identified target parameters for backfill materials must be below the latest published MDEQ Part 201 Generic Residential Cleanup Criteria (GRCC).
Acceptable target ranges for environmental testing will be as follows:

<table>
<thead>
<tr>
<th>Parameter</th>
<th>Acceptable Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>Environmental Testing (VOCs, SVOCs, PCBs)</td>
<td>&lt;TDL</td>
</tr>
<tr>
<td>Environmental Testing</td>
<td>&lt;GRCC</td>
</tr>
</tbody>
</table>

TDL – Target Detection Limit (Please note any detection in laboratory report for further evaluation by Authority)
GRCC – Generic Residential Cleanup Criteria published by the Michigan Department of Environmental Quality

D. Sample Collection Methodologies

The Authority encourages Contractors to use Environmental Professionals to perform soil sampling; thereby ensuring that Contract Document requirements are strictly adhered. The Authority reserves the right to reject any sampling and testing data that does not strictly adhere to this Sampling Methodology and Laboratory Analysis guidance.

Soil sampling methodology is most often contingent upon physical characteristics of the medium to be sampled, in most cases, simple hand tools will suffice. Follow these procedures to collect soil samples with a scoop or trowel:

1. Using a pre-cleaned stainless steel scoop or trowel, remove vegetation and top layer of soil, then loosen the desired volume of soil from the sampling area.
2. Transfer the discrete grab sample into an appropriate sample container.
4. Label and tag the sample containers, and record appropriate data on soil sample data sheets (depth, location, color, and other observations).
5. Place glass sample containers in sealable plastic bags, if required, and place containers into an iced shipping container. Samples should be cooled to 4°C as soon as possible.
6. Complete chain of custody forms and ship as soon as possible to minimize sample holding time. Scheduled arrival time at the analytical laboratory should give as much of a holding time as possible for scheduling and sample analysis.

E. Quality Assurance Testing Parameters <Updated 5/24/2017>

Applicable to Topsoil and Amended Topsoil. For the imported materials the borrow area shall be sampled for the following material quality assurance parameters:

1. Topsoil
   1. Six (6) inches of screened top soil must be applied to each lot. (Topsoil must be free of asphalt, pulverized building materials, and construction debris).
   2. Contractor must use a one (1") or less, single screen to screen top soil.
   3. Topsoil shall be sourced from a clean borrow source or supplier.
   4. Topsoil consisting of Friable Sandy Loam that can be pulverized under normal hand pressure may also be acceptable.
   5. Topsoil consisting of Sandy Clay Loams with the lowest possible clay proportion may also be acceptable.
   6. Conforming to ASTM D2487 Group Symbol SM.
   7. Free of roots, rocks larger than ½-inch, subsoil, debris, large weeds and foreign matter (including any construction rubble, or other man-made items).
8. If compost is used, it shall be derived from plant material and meet the general criteria set forth by the U.S. Composting Seal of Testing Assurance (STA) program. The compost shall be the result of the biological degradation and transformation of plant-derived materials under conditions that promote anaerobic decomposition. The material shall be well composted, free of viable weed seeds, and stable with regard to oxygen consumption and carbon dioxide generation. The compost shall have a moisture content that has no visible free water or dust produced when handling the material.

9. Topsoil shall not be overly compacted.

10. Acceptable target ranges for Topsoil will be as follows:

<table>
<thead>
<tr>
<th>Parameter</th>
<th>Acceptable Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>pH</td>
<td>5.5 – 8.5</td>
</tr>
<tr>
<td>% Organic Matter</td>
<td>2% - 25%</td>
</tr>
<tr>
<td>Texture Class</td>
<td>SM</td>
</tr>
</tbody>
</table>

2.1.3 Deliverables
Contractor must provide the following deliverables that backfill materials are below MDEQ Part 201 GRCC and within target Quality Assurance parameters as outlined above. Deliverables should include at a minimum:

1. Statement of Certification from Contractor including, but not limited to: backfill material type; location of material, including address and name; homogeneous nature of material, no evidence of environmental contamination, and that material meets backfill specifications as described in the Contract Documents. Certification should include all lab results from soil samples collected for backfill materials.

2. Certification Form per material, for approval by Authority upon review of the above identified deliverable.

3. A site map and aerial photograph depicting the location of the source material origin and a sample location map.

4. Provide with each project packet a Fill Dirt and Topsoil load receipts that show where the dirt came from (Source) and the address (demolition site) where it was dumped. The Source will be required to provide a load ticket and contractor and/or contractor truck driver will be required to include the address where the load was dropped. The Source receipt will need to be date stamped and signed by an authorized representative of the Source.

Provide Authority with the above Quality Control Reports at least ten (10) working days in advance of delivery to project site. The Authority reserves the right to reject backfill materials if deliverables are not completed properly and in their entirety or it parameters reveal contamination in excess of the acceptable criteria. No material will be transported to the property prior to the GCLBA’s written approval.

In the event the Environmental or Quality Assurance testing shows that imported material does not meet specifications, the Contractor will be required to determine the extent and remove the non-specified materials and supply acceptable material.

The following does not constitute acceptance of the Work in the event the Work or any material is not in accordance with the Contract Documents, and therefore does not release the
Contractor from its obligation to perform and furnish the Work/Material in accordance with the Contract Documents:

1. a certification by the Authority or Authority's Representative of any Request for Payment or final payment;
2. the issuance of a Substantial Completion certificate;
3. any payment by the Owner to the Contractor;
4. any Partial Use;
5. any act of acceptance by the Owner or any failure to do so;
6. any review and approval of a Shop Drawing, sample, test procedure or other Submittal;
7. any review of a Progress Schedule;
8. any On-Site Inspection;
9. any inspection, test or approval;
10. any issuance of a notice of acceptability by the Authority or Authority’s Representative; or
11. any correction of defective Work or any completion of Work by the Authority or Authority’s Representative.

Due to any independent inspection or testing performed by the Authority, if the imported material is found not to meet the specifications, the Contractor must (a) pay all related costs, including an appropriate portion of the delay and costs occasioned by discovery of defective work; (b) schedule related activities; (c) repair and associated damage including impacts to human health and the environment; and (d) promptly remove and replace defective work.

If the Contractor covers any Work without proper approval by the Authority as required by the Contract Documents, the Contractor must, at its own expense, uncover, expose or otherwise make available, when requested by the Authority, for testing, inspection or approval of the covered Work.

Examples and templates for certification forms and statements can be found in Appendix 7.

PART 3 – EXECUTION <Updated 5/24/2017>

3.1 PREPARATION

A. Protect structures, utilities, sidewalks, pavements, and other facilities existing to remain from damage caused by settlement, lateral movement, undermining, washout, and other hazards created by earthwork operations.

B. Provide erosion control measures to prevent erosion or displacement of soils and discharge of soil-bearing water runoff or airborne dust adjacent properties, drives and walkways.

C. Protect existing trees to remain.

3.2 DEWATERING

A. Prevent surface water and subsurface or ground water from entering excavations, from ponding on prepared subgrades, or from flooding Project site and surrounding area.

B. Protect subgrades from softening and damage by rain or water accumulation.

3.3 EXCAVATION

A. Explosives: Do not use explosives.
B. Unclassified Excavation: Excavation is unclassified and includes excavation to required subgrade elevations regardless of the character of materials and obstructions encountered.

3.4 STABILITY OF EXCAVATIONS

A. Comply with local codes, ordinances, and requirements of authorities having jurisdiction to maintain stable excavations.

3.5 APPROVAL OF SUBGRADE

A. Notify GCLBA’s representative when excavations have reached required subgrade.

B. When GCLBA’s representative determines that unforeseen unsatisfactory soil is present, continue excavation and replace with compacted backfill or fill materials as directed.

C. Reconstruct subgrades damaged by freezing temperatures, frost, rain, accumulated water, or construction activities, as directed by the GCLBA’s representative.

3.6 STORAGE OF SOIL MATERIALS <Updated 5/25/2017>

A. Stockpile materials acceptable for backfill and fill soil materials, including, acceptable borrow materials. Stockpile soil materials without intermixing. Place, grade, and shape stockpiles to drain surface water. Cover to prevent wind-blown dust.

(1) Stockpile soil materials away from edge of excavations. Do not store within drip line of remaining trees.

(a) Barriers must be installed at all excavations to protect public safety until receipt of open hole approval and backfilling takes place.

3.7 BACKFILL

A. Backfill excavations promptly, but not before completing the following:

(1) Receipt of approval to proceed from local municipality building inspector.

(2) Acceptance of removals below finish grade.

(3) Removal of trash and debris from excavation.

(4) Removal of temporary shoring and bracing and sheeting

3.8 FILL <Updated 5/25/2017>

A. Preparation: Remove vegetation, topsoil, debris, wet and unsatisfactory soil materials, obstructions, and deleterious materials from ground surface prior to placing fills.

(1) Plow strip, or break up sloped surfaces steeper than 1 vertical to 4 horizontal so fill material will bond with existing surface.

B. When subgrade or existing ground surface to receive fill has a density less than that required for fill, break up ground surface to depth required, pulverized, moisture-condition or aerate soil and re-compact to require density.

C. Place fill in layers to an elevation of between 8” to 18” above adjacent undisturbed ground.

D. Any open hole in excess of 3’ in depth left unattended is to be extended or partially filled to create a slope no less than 10’ in width on one of the four sides that would allow any person or animal falling into the hole to escape by climbing up a reasonably scalable slope.

E. All fill material is subject to random inspection and sampling and must meet all backfill & top soil sampling and certification requirements. (APPENDIX 1B: SCOPE OF WORK/SUMMARY OF WORK)
3.9 BARRIERS

A. Contractor shall install and maintain barriers at all excavations to protect public safety.
B. Provide barriers to prevent unauthorized entry to construction areas and to protect existing facilities and adjacent properties from damage from construction operations.
C. Contractor shall install and maintain barriers at all open hole and/ or debris pile. A minimum of 3’ tall perimeter safety barrier fence must be erected and maintained around the entire circumference of the hole and/or any debris pile. No existing fence or structure at the site may be used as part of the required safety barrier.
D. At any time during the demolition process when an open hole and/ or debris pile must be left unattended more than 48 hours, a 4’ tall perimeter safety barrier fence must be erected and maintained around the entire circumference of the hole and/or any debris pile. No existing fence or structure at the site may be used as part of the required safety barrier.

a) Safety Barrier must be 4’ high and must be constructed of orange high-density polyethylene material with 1.75” X 1.75” mesh equal to Tenax Guardian Warning Barrier.

b) Safety Barrier Fence must be installed using commercially available wooden or metal stakes that will secure and hold up the safety barrier.

c) Safety Barrier Fence stakes must be installed in solid ground approximately three feet away from the corners of the open hole or debris pile and driven to a depth of 24” below grade with a minimum of 4’ remaining above ground.

d) Safety Barrier Fence spans in excess of 20’ must have an interstitial stake, spaced equally between corner stakes.

e) Securely attach the Safety Barrier Fence to each stake using heavy duty cable ties at no less than 4 locations, spaced evenly along the length of the stake.

f) Mend individual pieces of Safety Barrier Fence using cable ties at each row of mesh.

g) Finished installation must yield a taught, secure enclosure with no noticeable sagging and the contractor is responsible for regularly inspecting and maintaining the Safety Barrier and making any corrections needed immediately. If the contractor is notified of an issue with a safety barrier, then within 24 hours of notification the needed correction shall be made.

3.10 MOISTURE CONTROL

A. Uniformly moisten or aerate subgrade and each subsequent fill or back fill layer before compaction to within 2 percent of optimum moist content.

(1) Do not place backfill or fill material on surfaces that are muddy, frozen, or contain frost or ice.

(2) Remove and replace, or scarify and air-dry satisfactory soil material that is too wet to compact to specified density.

3.11 COMPACTION

A. Place backfill and fill materials in layers not more than 18 inches in loose depth. Contractor shall achieve compaction by reasonable means as determined by the Contractor. All methods of compaction shall be approved by the GCLBA’s representative. Heavy equipment such as loaders, bulldozers, etc. may be used to achieve compaction if approved by the GCLBA’s representative. If the compaction methods do not achieve the required compaction, then mechanical vibratory equipment shall be used.
B. Topsoil shall not be heavily compacted. Use light-weight tractor for final grading to ensure topsoil does not become compacted.

3.12 GRADING

A. General: Uniformly grade areas to a smooth surface, free from irregular surface changes. Comply with compaction requirements and grade to cross sections, lines, and elevations indicated.

   (1) Provide a smooth transition between existing adjacent grades and new grades.
   (2) Cut out soft spots, fill low spots, and trim high spots to conform to required surface tolerances.

B. Site Grading: Slope grades to direct water to the back of the lot, in order to prevent water and debris from more easily entering storm drains. Provide a uniform finished surface grade sloped at 2% minimum and 5% maximum. Match existing grade at adjacent property lines.

3.13 SEEDING AND WATERING

A. **Note- Seeding and Watering Report as well as seed tags required for payment

B. 100% Dutch white clover seed applied at a rate of rate of 2 oz. of seed per 1,000 sq. ft., placed upon six (6) inches of screened topsoil. Contractor must use a one (1”) inch or less screen to screen top soil. (See Part 2 – Products – H Top Soil for specification) Prior to planting, seed must be inoculated with the correct strain of Rhizobium bacteria (Strain B). Use a cultipacker pulled by a light-weight tractor (do not use heavy equipment on the site that would compact the topsoil layer) to ensure seed has good contact with the soil. Plant seed ¼” deep. Mulch entire planting area to ensure proper moisture levels, removing bale string from the site.

C. Contractor must demonstrate that the site has been watered within 7 days of the seeding date sufficient to allow for seed germination. Notify the Genesee County Land Bank of the date of seeding via email to: adunn@thelandbank.org. Fill out Seeding and Watering Report. Contractors are encouraged to use weather forecasts to plan seeding that takes advantage of natural rainfall to germinate seed. Contractors are responsible for watering the site if there is no rainfall sufficient for germination in the 7 days after seeding.

3.14 PROTECTION

A. All trees of a diameter of 4” or greater located outside of five (5) feet from the structure to be demolished shall be protected. If such trees are damaged, the contractor shall replace damaged tree as directed by GCLBA/GCLBA’s Representative.

B. Protecting Graded Areas: Protect newly graded areas from traffic, freezing, and erosion. Keep free of trash and debris.

C. Repair and re-establish grades to specified tolerances where completed or partially completed surfaces become eroded, rutted, settled or lose compaction due to subsequent construction operations or weather conditions.

   (1) Scarify or remove and replace material to depth directed by the GCLBA’s representative; reshape and re-compact at optimum moisture content to the required density.

D. Settling: Where settling occurs during the Project correction period, remove finishing surfacing, backfill with additional approved material, compact, and reconstructing surfacing.
(1) Restore appearance, quality, and condition of finished surfacing to match adjacent work, and eliminate evidence of restoration to the greatest extent possible.

3.15 DISPOSAL OF SURPLUS AND WASTE MATERIALS

A. Disposal: Remove surplus satisfactory soil and waste material, including unsatisfactory soil, trash, and debris, and legally dispose of it off the GCLBA's property.

3.16 PAYMENT

A. The work of excavating, filling, and grading shall be included in the lump sum project costs. The work of grading shall include all labor, materials and equipment necessary for filling and compaction the subgrade prior to placing any improved surface. Any areas disturbed by construction activities shall be re-graded and reseeded if necessary.

END OF SECTION 00300
SECTION 400 – BUILDING DEMOLITION

PART 1 – GENERAL <UPDATED 4/18/19>

1.1 RELATED DOCUMENTS

A. Drawings and general provisions of the Contract, including General and Supplementary Condition and Division 1 Specifications Sections, apply to this section.

1.2 SUMMARY

A. This Section includes the following:

   (1) Protect structures, utilities, sidewalks, pavements, and other facilities existing to remain from damage caused by settlement, lateral movement, undermining, washout, and other hazards created by earthwork and demolition operations.
   
   (2) Demolition and removal of building, basements, and foundations.
   
   (3) Demolition and removal of site improvements, including but not limited to retaining walls, paving and foundation landscaping. Existing trees 4” in diameter, located outside of five (5) feet from the structure shall remain and be protected during demolition.

B. Related Sections: The following contain requirements that relate to this Section.

   (1) Division1 Section “Soil Erosion-Sedimentation Control”.
   
   (2) Division 2 Section “Excavating, Filling and Grading” for soil materials, excavating, backfilling, and site grading.

1.3 DEFINITIONS

A. Remove: Remove and legally dispose of items except those indicated to be reinstalled, salvaged or to remain the GCLBA’s property.

B. Existing to Remain: Protect items indicated to remain against damage during demolition.

1.4 MATERIALS OWNERSHIP

A. Except for items or materials indicated to be reused, salvaged, or otherwise indicated to remain the GCLBA’s property, demolished materials shall become the Contractor’s property and shall be removed from the site with further disposition at the Contractor’s option.

1.5 SUBMITTALS (UPDATED 4/18/19)

A. General: Submit each item in this Article according to the Conditions of the Contract & Division I Specifications sections, for information only, unless otherwise indicated.

B. Proposed dust-control measures.

C. Proposed noise control measures.

D. Schedule of demolition activities indicating the following:

   (1) Detailed sequence of demolition and removal work, with starting and ending dates for each activity.

E. Inventory of items to be removed and salvaged.

F. Landfill records for record purposes indicating receipt and acceptance of hazardous wastes by a landfill facility licensed to accept hazardous wastes.
G. Trucking log(s) tracking loads out of and loads in to each project. Each load should be described in detail (i.e. Demo debris, concrete, backfill, brush, topsoil, etc.).

H. Records for delivery of bituminous or concrete material to a recycler. If no receipts are provided, Contractor must supply a confirmation statement identifying loads delivered, where the loads were delivered, and that the receiving facility is appropriately permitted/licensed.

I. Fill Dirt and Topsoil load receipts that show where the dirt came from (Source) and the address (demolition site) where it was dumped. The Source will be required to provide a load ticket and contractor and/or contractor truck driver will be required to include the address where the load was dropped. The Source receipt will need to be date stamped and signed by an authorized representative of the Source.

J. Seeding and Watering Report

K. Seed tags from Dutch white clover seed

L. Sidewalk and/or curb replacement permit and certification from City or Township.

1.6 QUALITY ASSURANCE

A. Demolition Firm Requirements: Contractor shall have successfully completed demolition work similar to that indicated for this project.

B. Regulatory Requirements: Comply with governing EPA, state and local notification regulations before starting demolition. Comply with hauling and disposal regulations of authorities having jurisdiction.

1.7 PROJECT CONDITIONS

A. Contractor is responsible to comply with any/all required demolition permits required by local authorities and ordinances.

B. Buildings to be demolished will be vacated and their use discontinued before start of work.

C. GCLBA assumes no responsibility for actual condition of the buildings to be demolished

   (1) Conditions existing at time of inspection for bidding purpose will be maintained by GCLBA as far as practical.

D. Storage or sale of removed items or materials on-site will not be permitted

E. Landfill Disposal:

   (1) Contractor shall supply GCLBA with a copy of landfill and disposal receipts.

PART 2-PRODUCTS (Not Applicable)

PART 3-EXECUTION

3.1 EXAMINATION

A. Survey existing conditions and correlate with requirements indicated to determine extent of demolition required.

B. Survey the condition of the buildings to determine whether removing any element might result in a structural deficiency or unplanned collapse of any portion of the structure or adjacent structures during demolition.

C. Perform surveys as the Work progress to detect hazards resulting from demolition activities.
3.2 PREPARATION

A. Drain, purge, otherwise remove, collect, and dispose of chemicals, gases, explosives, acids, flammables, or other dangerous materials before proceeding with demolition operations.

B. If necessary, employ a certified, licensed exterminator to treat building and to control rodents and vermin before and during demolition operations.

C. Conduct demolition operations and remove debris to ensure minimum interference with roads, streets, walks, and other adjacent occupied and used facilities.
   i. Do not close or obstruct streets, walks, or other adjacent occupied or used facilities without permission from the GCLBA and authorities having jurisdiction. Provide alternate routes around closed or obstructed traffic ways if required by governing regulations.

D. Conduct demolition operations to prevent inquiry to people and damage to adjacent buildings and facilities to remain. Ensure safe passage of people around demolition area.
   i. Erect temporary protection such as walks, fences, railings, canopies, and covered passageways, where required by authorities having jurisdiction.
   ii. Protection existing site improvements, appurtenances, and landscaping to remain.
   iii. Erect a plainly visible fence around drip line of individual trees or around perimeter drip line of groups of trees to remain.

3.3 EXPLOSIVES

A. Use of explosives will not be permitted.

3.4 POLLUTION CONTROLS

Under the authority of Section 112 of the Clean Air Act, as amended, 42 U.S. C. 1857(C-7), the Administrator of the United States Environmental Protection Agency (EPA) promulgated National Emission Standards for Hazardous Air Pollutants on April 6, 1973, (38 F.R. 8820) Asbestos was designated a hazardous air pollutant, and standards were set for its use, and to control asbestos emissions. It was determined that one significant source of asbestos emissions was the demolition of certain buildings and structures.

Additionally, contractors are required under authority of Section 114 (a) to follow EPA personnel to freely enter any of your facilities or demolition sites, to review any records, inspect any demolition method, and sample or observe any omissions.

All demolition operations conducted by the Demolition Contractor are to be in compliance with application provisions of Section 112 of the Act and 40 C.F.R. Section 61.22(d).

In addition, Section 113(c)(1) of the Act(42 U.S.C. 1857 C-8(c)(1), provides that any person who knowingly fails or refuses to comply with any such order shall be punished by a fine of not more than $25,000 per day of violation, or by imprisonment for not more than one year, or by both.

Finally, Section 113(c)(2) of the Act (42 U.S.C. 1857 C-8(c)(2), provides that any person who knowingly makes any false statement in any report required under the Act shall be punished, upon conviction, by a fine of not more than $10,000 or by imprisonment for not more than six months, or by both.

A. Use two hoses, water mist, temporary enclosures, and other suitable methods to limit the spread of dust and dirt. Comply with governing environmental protection regulations.
i. Do not create hazardous or objectionable conditions, such as ice, flooding, and pollution, when using water.
ii. Provide two hose and sufficient water misting to eliminate creation of dust so that there are NO VISIBLE EMISSIONS. This requires wetting prior to demolition activities and during load out.
iii. Minimize any drop distances.
iv. Limit work that creates dust on windy days.
v. Cover debris piles/open holes if existing for more than 24 hours.

B. Remove and transport debris in a manner that will prevent spillage on adjacent surfaces and areas.

C. Clean adjacent buildings and improvements of dust, dirt and debris caused by demolition operations. Return adjacent areas to condition existing before start of demolition.

D. Contractor shall limit hours of operation to Monday through Friday during the hours of 7:00 a.m. to 6:00 p.m. Special hours of operation outside the normal hours must be approved by the GCLBA. Contractor shall limit noise pollution at all times to prevent objectionable conditions.

3.5 DEMOLITION

A. Building Demolition: Demolish buildings, structures, facilities, and other debris including brush and trees or logs, and completely remove from the site. Use methods required to complete Work within limitations of governing regulations and as follows:

(1) Contractor shall protect structures, utilities, sidewalks, pavements, and other facilities existing to remain from damage caused by settlement, lateral movement, undermining, washout, and other hazards created by earthwork and demolition operations.
(2) Contractor shall wet the building prior to demolition. A hole shall be created in the building roof and water sprayed into it to sufficiently wet any insulation/other friable material prior to collapsing the building with mechanical methods.
(3) Locate demolition equipment throughout the building and remove debris and materials so as not to impose excessive loads on supporting walls, floors, or framing.
(4) Dispose of demolished items and materials promptly. On-site storage or sale of removed items is prohibited.
(5) Small buildings may be removed intact when permitted by the GCLBA’S representative and approved by authorities having jurisdiction.
(6) Break up and remove concrete slabs on grade, unless otherwise shown to remain.
(7) Remove air-conditioning equipment without releasing refrigerants.
(8) Remove structural framing members to ground to avoid free fall and to prevent ground impact and dust generation.

B. Below-Grade Construction: Demolish foundation walls and other below-grade construction, as follows:

Basement Excavation

(1) Below grade structures foundation/basement floor shall be totally removed.

C. Filling Below-Grade areas: Completely fill below-grade areas and voids resulting from demolition of buildings and pavements with soil materials according to requirements specified in Section 300 Earthwork.

D. Damages: Promptly repair damages to adjacent facilities caused by demolition operations.
E. Special Conditions: The Contractor shall preserve all surrounding buildings and property. Contractor should note the proximity of surrounding buildings. Any damage to surrounding buildings or property will be repaired by the Contractor at Contractor expense.

3.6 DISPOSAL OF DEMOLISHED MATERIALS

A. General: Promptly dispose of demolished materials. Do not allow demolished materials to accumulate on-site.

B. Burning: Do not burn demolished materials.

C. Disposal: Transport demolished materials of GCLBA’s property and legally dispose of them.

D. Contractor shall supply GCLBA with a copy of all landfill and disposal receipt. All disposal receipts and waste manifests must by supplied to the GCLBA in a timely manner to insure payment will be paid in a timely manner.

3.7 MEASUREMENT & PAYMENT

A. The work of Building Demolition shall not be paid for separately but shall be included in the lump sum of project costs.

END OF SECTION 400
APPENDIX 2- MDEQ- NESHAP- NOTICES

- PART 1- MEMOS TO CONTRACTORS
- PART 2- INSTRUCTIONS FOR THE ASBESTOS NOTIFICATION SYSTEM (ANS)
- PART 3- SOIL- PART 201 GENERIC CLEANUP CRITERIA AND SCREENING LEVELS/PART 213 RISK-BASED SCREENING LEVELS
NOTICE TO ALL CONTRACTORS

Representatives of the City of Flint and the Genesee County Land Bank met Tuesday, November 5, 2013 with representatives from the local landfills, MIOSHA, and MDEQ. The following notice outlines several important compliance issues that were discussed in that meeting. Please be advised that upon signing a contract with the Genesee County Land Bank, you will be considered to be in receipt of this memorandum. It will further be assumed that your organization has read and understood the outlined issues, and agreed to comply with the outlined actions to be taken in response.

1) NOTIFICATIONS: Contractor must submit 10-day NESHAP project notifications for ALL demolition projects including Ordered/Emergency Demolitions. NO EXCEPTIONS!

2) LICENSING: Per MIOSHA, only contractors that are licensed under the company name can perform ordered demos, which are to be presumed to contain friable asbestos. A state issued accreditation card for asbestos work is not an asbestos abatement contractor’s license as defined by PA 135 of 1986 Asbestos Abatement Contractors Licensing Act. Any contractor demolishing a structure that is presumed to be containing must follow MIOSHA regulations in the demolition process (i.e. have masks, suits, HEPA vacuums, showers, etc.) on site. For clarification and assistance with compliance, please contact Scott Thelen at MIOSHA (contact information to follow).

3) ABATEMENT: As far as MIOSHA is concerned, an ordered demolition qualifies as Class I abatement work as asbestos is still literally being removed from the site.

4) SURVEYS: Contractors must have a copy of a completed (asbestos) survey on site at all times for all demos, unless the structure is an ordered demolition and presumed to contain friable asbestos. In which case, the contractor must meet the requirements mentioned above. I would further note that all manifests associated with ordered demolitions need to clearly state “friable asbestos.”

5) TRANSITE siding will be sampled and removed regardless if it is an ordered demolition or regular demolition in accordance to NESHAP and MIOSHA regulations. The only exception for transite is if the building is deemed structurally unsafe to remove it will be demolished as asbestos containing.

6) WETTING: NESHAP has guidelines and waivers regarding wetting of ordered demos in temperatures below 32 degrees (including daily temperature logs); MIOSHA however, never waives a requirement and informed us that demos will still need to be wetted for worker safety in the winter months. Mr. Thelen suggested there are some methods of compliance to avoid the hazard caused be freezing (i.e. mixing water with agents that stop it from freezing). He can be contacted for further information regarding compliance. Be aware that whatever method you use to mitigate the freezing hazard will have to remain compliant with other environmental regulations.

7) BURNT TO THE FOUNDATION: Structures that have been burned to the foundation, and thus are “totally destroyed by fire” ARE subject to NESHAP regulations when doing demolition. This means that waste generated in the demolition of structures burnt to the foundation does have to be disposed of as RACM. MIOSHA regulations also apply.
8) **NON-FRIABLES**: While on site, per MIOSHA, non-friable ACMs (which are not regulated by NESHAP) must be treated as containing. However, for transportation and disposal purposes, non-friables can be disposed of as regular C & D.

9) **WASTE DISPOSAL**: Waste manifests from the contractors and the dump tickets from the landfills must match, with all friable and non-friable asbestos clearly and correctly identified on the waste manifest and dump ticket. Finally, contractors are required to notify landfills in advance when planning to bring Regulated Asbestos Containing Materials (RACM) for disposal.

10) **FINAL INSPECTIONS/CERTIFICATIONS**: Please note that City inspectors will not issue any final certifications for a parcel that has dead/burned trees or debris (including tires, pipes, etc) remaining. Further, each contractor is expected to take every precaution necessary to protect sidewalks during demolition. Should the concrete sidewalk be significantly damaged, the contractor will be expected to repair the damage before a final certification is issued.

Finally, please review the specifications for backfill, seed, and straw. Backfill must not contain debris such as bricks or asphalt. Topsoil, seed, and sufficient straw needs to be laid in order to receive a final certification. If a parcel does not receive a final certification on the first inspection, the contractor will need to address all identified issues and call for an additional inspection. Each additional inspection will be subject to an additional inspection fee as determined by the City of Flint fee schedule.

Should you have any questions or need any assistance in complying with regulations, please contact asap:

- Reepresentatives of the Michigan Department of Environmental Quality Air Quality Division regarding NESHAP:
  - Craig Dechy  517-749-2891
  - Jeremy Brown  517-599-7825
- Scott Thelen of Michigan Occupational Safety and Health Administration regarding MIOSHA at 517-284-7680

Be sure to contact the appropriate landfill regarding delivery of RACM for disposal prior to showing up on site.
Hi Lucille,

Per our conversation yesterday regarding time for third party post abatement clearances, we suggest that the contractors do the following:

On the notification form, under Project Schedule (2) use the Renovation (start / end date) to include an additional day or two at the end of the abatement for time to perform the third party clearances (during these additional two days we don’t expect to see abatement occurring). Renovation can include set-up building enclosures, the asbestos removal, demobilizing and the clearances. Use the Asbestos Removal (start / end date) strictly for the dates that workers will be on-site working (abating) (during these dates we expect to see workers on site).

Also, you had requested some pointers for field staff.

- Use lots of water to eliminate fugitive dust to a point where you don’t have any visible emissions. By doing so, you are being proactive.
- Follow all runs to each boot, don’t assume that because you don’t see wrap on five of the boots the sixth one isn’t wrapped either.
- For transite removal; don’t drop transite panels to the ground ever, place in bags and lower.
- For transite removal; if the home doesn’t have windows, make sure you look inside the home for pieces of transite after abatement. I have found pieces of transite in the homes post abatement more than I can count on one hand.
- A binder kept on-site during jobs that may include worker accreditations, a copy of the latest notification, asbestos report, generator labels and a copy of the waste manifest that will be used along with the waste disposal site information
- Call if something doesn’t look right or if there are any questions, we are here to help.

Thanks,

Craig W. Dechy

DEMOLISH AS CONTAINING- NON-ORDERED

The following memo clarifies the distinction between and “ordered” demolition, an emergency demolition, and structures that are to be demolished as asbestos containing without either a declared ordered or emergency status. There are instances in which, for various reasons, a structure cannot be fully abated yet does not qualify as “ordered” demolition for the purposes of NESHAP (being “structurally unsound AND in imminent danger of collapse”). These structures require 10-day notifications to State regulators and should be demolished in practice as if the structures were ordered demolitions by NESHAP standards.

An ordered demolition is any demolition taking place by order of a governmental body. For example, most every demolition contracted by the City of Flint falls into this category. However, for NESHAP purposes, only structures that are “structurally unsound and in imminent danger of collapse” are to be notified as "Ordered." All other demolitions, regardless of whether they are to be demoed as containing or non-containing are subject to 10-day notifications and to be notified as "scheduled" demos.

Structures can be demolished as asbestos containing without being declared emergency or ordered demolitions by a governmental official (i.e. no emergency letter signed by the City or Township Building Safety Inspections office is required). When a structure that is not structurally unsound or in imminent danger of collapse is going to be demolished as asbestos containing it is subject to a 10-day notification as a scheduled demolition, as previously noted, however, special attention must be given to sections 10 and 11 of the NESHAP:

**NESHAP Section 10:**

- Answer “Yes” asbestos is present.
- Answer “No” to being removed prior to demolition.
- Use the (required) asbestos survey to quantify asbestos where possible. If unable to quantify, and the whole structure is being demolished as containing, then put the approximate square footage of home that will be demolished as asbestos under square feet as RACM.
NESHAP Section 11:

If you are able to fill out #11 check "other" and write in "entire structure" or the portion of the structure that will be removed as asbestos containing (i.e. it was possible to abate the main floor or a portion thereof but not possible to abate the basement or the back room. The main floor can be demoed and disposed of as non-containing but the basement or the back room will have to be demoed and disposed of as containing friable asbestos).

It is not an option to just assume an entire structure as asbestos containing. Structures that are being demolished as containing still must be surveyed and asbestos removed where possible. In order to demolish structures as asbestos containing, a demolition contractor must have an asbestos abatement contractors’ license and must also file a 10 day notice with the MIOSHA Asbestos Program. Additionally demolishing a structure must be performed with respect to the class of materials on the site (Class I or II). Surveys must be on site during the demolition process and all relevant rules and regulations governing the demolition of a structure as asbestos containing must be followed (i.e. contractor must be licensed under name of the company, all workers on site must be trained and wearing the appropriate safety gear, showers and water trucks must be on site, and there are to be NO VISIBLE EMISSIONS, etc.). The NESHAP states that any structure to be demolished must first be thoroughly inspected for the presence of asbestos. They key here is that you are dealing with houses that CANNOT BE THOROUGHLY INSPECTED FOR THE PRESENCE OF ASBESTOS for various reasons, and therefore the house (or more likely- the portion of the house- as there are always some materials that can and should be tested for i.e siding) that cannot be tested will be assumed friable asbestos and the demolition will be handled like an Ordered demo with all abatement requirements of the NESHAP (training, wetting, leak-tight, properly labeled containers, proper waste disposal and the MIOSHA regulations apply).
NOTICE TO ALL CONTRACTORS 3-30-16

The following link is to a folder on Box.com that has many useful resources from the MDEQ, MIOSHA, Consumers Energy, and the Genesee County Land Bank:
https://app.box.com/s/7g0688u520h85y4g2yjgl803anc1pv3y

Additionally, we would like to make a few clarifications to contractors considering responding our RFPs:

- **Change Orders**: Change orders must be prepared very specifically for each project affected. Any change order that is submitted will need to explicitly and clearly state the reason the change order is needed and be submitted with sufficient back-up documentation that demonstrates the need. For demolition contracts, the change order will need to clearly state which scope is being affected (i.e. asbestos abatement, hazards abatement, demolition, backfill, or final-grade, seed & straw).

- **Disposal of materials generated under “As containing” demolitions**: Per our MDEQ representatives, concrete materials (i.e. foundations) from demolitions that are either proven or assumed RACM must be disposed of as friable asbestos. For example, all burnouts that are burned to foundation must be disposed of as friable asbestos. If a structure was thoroughly surveyed prior to burning to the foundation and only contained non-friable ACM, then the concrete material could be recycled. Recycling of metals from an “As Containing” demolition is allowed if the contractor has an independent third party verify that metal materials were first cleaned.

- **Section 10 of the NESHAP**: Per a discussion with Mr. Dechy of the MDEQ, the following are some examples of how to complete Section 10 of the NESHAP in various scenarios:
  o Contractors performing demolition only (after GCLB has abated) need to refer to the survey when filling out NESHAP’s, and, if asbestos was present in the survey, then they need to select “YES” to question 10. If the asbestos has been 100% removed, then they need to select “To be removed prior to demolition” and leave it at that. See below for scenarios where GCLB has abated all ACM except roofing materials, drywall joint compound composited less than 1%, or possible other non-friables in good condition and unlikely to be made friable during demolition (i.e. mastic).
  o Contractors managing demolition and abatement should follow the same rule. If all asbestos is removed prior to demolition, then make the selections noted above. If any materials are to remain, then contractors need to refer to scenarios below
  o When demolishing a burnout as asbestos containing, contractors need to select “YES” to question 10 and then fill out the table as best they can with information from the survey. They should enter the amount of anticipated debris as “RACM to be Removed” and include in that same area a note that the structure is a burnout.
Contractors demolishing structures where roofing materials, drywall joint compound with a composite less than 1%, or mastic (depending on how we decide to move forward) remain in place during demolition will to select “YES”, fill out any RACM that was removed prior to demo (all RACM must be removed unless structure is a burnout or otherwise demonstrably unsafe to abate).

- Roofing Materials: “YES” then fill in the appropriate data under “Non-friable ACM not removed prior to demo.” MIOSHA needs a notification.

- Drywall and joint compound with a composite of less than 1%: “NO” for NESHAP. MIOSHA needs a notification.

- Mastic on non-cementous materials: “YES” then fill in the appropriate data under “Non-friable ACM not removed prior to demo.” MIOSHA needs a notification.

- **Tire transport and disposal**: When bidding on demolition and abatement bids, or bids that require disposal of tires, contractors need to be providing the Land Bank with a copy of their MDEQ Scrap Tire Hauler Registration. If you currently possess one, please forward it for inclusion in your prequalification file. If the Bidder does not have such a license, a subcontractor with said license will need to be identified and all necessary licensing and certifications (including insurance certs) will need to be included for your subcontractor with your RFP response. Additionally, when transporting and disposing of tires, contractors must utilize the Scrap Tire Transportation Record (MDEQ Form EQP5128 (12/15)).

- **Regarding hazardous and universal waste abatement**: Please read your specs and ensure that you and/or your subcontractor are abiding by all relevant local, state, and federal rules and regulations. The Land Bank may have additional requirements above and beyond your understanding of regulatory requirements.
INSTRUCTIONS FOR THE ASBESTOS NOTIFICATION SYSTEM (ANS)

Register your business. You will need to register the business using the business owner information. **Once you register you will receive a confirmation email that you must click on to confirm registration.** After registration is confirmed you can log into the Asbestos Notification System.

Once you are able to log into the site, you will see several tabs - **Workspace, Notification Management, Notification, Profile and Manage Delegated Authority**.

The **Manage Delegated Authority** allows you to add additional users to the system. You can add multiple delegated users to enter notifications for your business.

The **Profile Tab** allows you to update your business information or change your password.

The **Workspace Tab** is where you begin your notification entry. Start your notification by clicking the button that looks like on the right side of the screen. You can also click on the **Notification Tab** to start a new notification.

Once you are under the **Notification Tab**, you must fill in all of the required information. If there is an exclamation point (!) on any tab, information is missing or incorrect and you **will not** be able to submit your notification.

Notifications that are saved for further editing and are not submitted can be found under the **Workspace Tab**. You can revise your notification by clicking on the **Revision** tab.

Once you submit your notification, it will be saved under the **Notification Management Tab**. Under the Actions header, you can view attachments, copy, revise and cancel your notifications. You can sort by clicking the headers, and export information to Excel. You can click on the document number to print or save it.

The delete button is for housekeeping purposes only. **REMEMBER** – if you delete a notification you are also deleting all notifications associated with it and will not be able to edit them once they are deleted.

**You must submit your Demolition and Renovation notifications separate and mark the appropriate project type!**

- The ANS currently supports the following browsers:
  - Internet Explorer 10 & 11.
    - Note: In IE the ANS is presently experiencing issues when generating the PDF and Excel spreadsheet. You must select the option to Always Allow pop-ups for "*.state.mi.us" in order for these features to work.
  - Firefox 25 and above
  - Chrome
  - Safari

If you have questions pertaining to the new system, please contact Kim Dohm at 517-284-6777 or dohmk@michigan.gov.
### Table 2. Soil: Residential

#### Part 201 Generic Cleanup Criteria and Screening Levels/Part 213 Risk-Based Screening Levels

All criteria, unless otherwise noted, are expressed in units of parts per billion (ppb). One ppb is equivalent to 1 microgram per kilogram (ug/kg). Criteria with 6 or more digits are expressed in scientific notation. For example, 200,000 is presented as 2.0E+5. A footnote is designated by a letter in parentheses and is explained in the footnote pages that follow the criteria tables. When the risk-based criterion is less than the target detection limit (TDL), the TDL is listed as the criterion (§324.20120a(10)). In these cases, 2 numbers are present in the cell. The first number is the criterion (i.e., TDL), and the second number is the risk-based value.

</tbody>
</table>

All criteria, unless otherwise noted, are expressed in units of parts per billion (ppb). One ppb is equivalent to 1 microgram per kilogram (ug/kg). Criteria with 6 or more digits are expressed in scientific notation. For example, 200,000 is presented as 2.0E+5. A footnote is designated by a letter in parentheses and is explained in the footnote pages that follow the criteria tables. When the risk-based criterion is less than the target detection limit (TDL), the TDL is listed as the criterion ($\$324.20120a(10)$). In these cases, 2 numbers are present in the cell. The first number is the criterion (i.e., TDL), and the second number is the risk-based value.

</table>

All criteria, unless otherwise noted, are expressed in units of parts per billion (ppb). One ppb is equivalent to 1 microgram per kilogram (ug/kg). Criteria with 6 or more digits are expressed in scientific notation. For example, 200,000 is presented as 2.0E+5. A footnote is designated by a letter in parentheses and is explained in the footnote pages that follow the criteria tables. When the risk-based criterion is less than the target detection limit (TDL), the TDL is listed as the criterion (§324.20120a(10)). In these cases, 2 numbers are present in the cell. The first number is the criterion (i.e., TDL), and the second number is the risk-based value.
# TABLE 2. SOIL: RESIDENTIAL

**PART 201 GENERIC CLEANUP CRITERIA AND SCREENING LEVELS/PART 213 RISK-BASED SCREENING LEVELS**

All criteria, unless otherwise noted, are expressed in units of parts per billion (ppb). One ppb is equivalent to 1 microgram per kilogram (ug/kg). Criteria with 6 or more digits are expressed in scientific notation. For example, 200,000 is presented as 2.0E+5. A footnote is designated by a letter in parentheses and is explained in the footnote pages that follow the criteria tables. When the risk-based criterion is less than the target detection limit (TDL), the TDL is listed as the criterion (§324.20120a(10)). In these cases, 2 numbers are present in the cell. The first number is the criterion (i.e., TDL), and the second number is the risk-based value.

</tbody>
</table>

All criteria, unless otherwise noted, are expressed in units of parts per billion (ppb). One ppb is equivalent to 1 microgram per kilogram (ug/kg). Criteria with 6 or more digits are expressed in scientific notation. For example, 200,000 is presented as 2.0E+5. A footnote is designated by a letter in parentheses and is explained in the footnote pages that follow the criteria tables. When the risk-based criterion is less than the target detection limit (TDL), the TDL is listed as the criterion ($\$324.20120a(10)) in these cases, 2 numbers are present in the cell. The first number is the criterion (i.e., TDL), and the second number is the risk-based value.

All criteria, unless otherwise noted, are expressed in units of parts per billion (ppb). One ppb is equivalent to 1 microgram per kilogram (µg/kg). Criteria with 6 or more digits are expressed in scientific notation. For example, 200,000 is presented as 2.0E+5. A footnote is designated by a letter in parentheses and is explained in the footnote pages that follow the criteria tables. When the risk-based criterion is less than the target detection limit (TDL), the TDL is listed as the criterion (§324.20120a(10)). In these cases, 2 numbers are present in the cell. The first number is the criterion (i.e., TDL), and the second number is the risk-based value.

APPENDIX 4- FEDERAL & COUNTY WAGE REGULATIONS

- FEDERAL LABOR STANDARDS PROVISIONS
- EQUAL EMPLOYMENT OPPORTUNITY CLAUSE
- NONDISCRIMINATION CLAUSE
- GENSESEE COUNTY POLICIES PREVAILING WAGE POLICY
- STATE OF MICHIGAN PREVAILING WAGES

U.S. Department of Housing and Urban Development
Office of Labor Relations

Applicability

The Project or Program to which the construction work covered by this contract pertains is being assisted by the United States of America and the following Federal Labor Standards Provisions are included in this Contract pursuant to the provisions applicable to such Federal assistance.

A. 1. (i) Minimum Wages. All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under Section I(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of 29 CFR 5.5(a)(1)(iv); also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs, which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period.

Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates contained in the Davis-Bacon Act (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible, place where it can be easily seen by the workers.

(ii) (a) Any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. HUD shall approve an additional classification and wage rate and fringe benefits therefor only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(b) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and HUD or its designee agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by HUD or its designee to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, D.C. 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB control number 1215-0140.)

(c) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and HUD or its designee do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), HUD or its designee shall refer the questions, including the views of all interested parties and the recommendation of HUD or its designee, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

(d) The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (1)(ii)(b) or (c) of this paragraph, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

2. Withholding. HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor witheld or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee or helper, employed or working on the site of the work, all or part
of the wages required by the contract, HUD or its designee may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased. HUD or its designee may, after written notice to the contractor, disburse such amounts withheld for and on account of the contractor or subcontractor to the respective employees to whom they are due. The Comptroller General shall make such disbursements in the case of direct Davis-Bacon Act contracts.

3. (i) Payrolls and basic records. Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in Section l(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5 (a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in Section l(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs. (Approved by the Office of Management and Budget under OMB Control Numbers 1215-0140 and 1215-0017.)

(ii) (a) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i). This information may be submitted in any form desired. Optional Form WH-347 is available for this purpose and may be purchased from the Superintendent of Documents (Federal Stock Number 029-005-00014-1), U.S. Government Printing Office, Washington, DC 20402. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. (Approved by the Office of Management and Budget under OMB Control Number 1215-0149.)

(b) Each payroll submitted shall be accompanied by a “Statement of Compliance,” signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

1. That the payroll for the payroll period contains the information required to be maintained under 29 CFR 5.5 (a)(3)(i) and that such information is correct and complete;

2. That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR Part 3;

3. That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(c) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 231 of Title 31 of the United States Code.

(d) The contractor or subcontractor shall make the records required under subparagraph A.3.(i) available for inspection, copying, or transcription by authorized representatives of HUD or its designee or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, HUD or its designee may, after written notice to the contractor, sponsor, applicant or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

4. Apprentices and Trainees.

(i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman’s hourly rate) specified in the contractor’s or subcontractor’s registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice’s level of progress, expressed as a percentage of the
journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee’s level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under 29 CFR Part 5 shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

5. Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR Part 3 which are incorporated by reference in this contract

6. Subcontracts. The contractor or subcontractor will insert in any subcontracts the clauses contained in subparagraphs 1 through 11 of this paragraph A and such other clauses as HUD or its designee may by appropriate instructions require, and a copy of the applicable prevailing wage decision, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this paragraph.

7. Contract termination; debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. Compliance with Davis-Bacon and Related Act Requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract

9. Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and HUD or its designee, the U.S. Department of Labor, or the employees or their representatives.

10. (i) Certification of Eligibility. By entering into this contract the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor’s firm is a person or firm ineligible to be awarded Government contracts by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1) or to be awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1) or to be awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001. Additionally, U.S. Criminal Code, Section 1 01 0, Title 18, U.S.C., “Federal Housing Administration transactions”, provides in part: “Whoever, for the purpose of . . . influencing in any way the action of such Administration..... makes, utters or publishes any statement knowing the same to be false..... shall be fined not more than $5,000 or imprisoned not more than two years, or both.”

11. Complaints, Proceedings, or Testimony by Employees. No laborer or mechanic to whom the wage, salary, or other labor standards provisions of this Contract are applicable shall be discharged or in any other manner discriminated against by the Contractor or any subcontractor because such employee has filed any complaint or instituted or caused to be instituted any proceeding or has testified or is about to testify in any proceeding under or relating to the labor standards applicable under this Contract to his employer.

B. Contract Work Hours and Safety Standards Act. The provisions of this paragraph B are applicable only where the amount of the prime contract exceeds $100,000. As used in this paragraph, the terms “laborers” and “mechanics” include watchmen and guards.

(1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of 40 hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of 40 hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in subpara-
graph (1) of this paragraph, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in subparagraph (1) of this paragraph, in the sum of $10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of 40 hours without payment of the overtime wages required by the clause set forth in subparagraph (1) of this paragraph.

(3) Withholding for unpaid wages and liquidated damages. HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contract, or any other Federally-assisted contract subject to the Contract Work Hours and Safety Standards Act which is held by the same prime contractor such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in subparagraph (2) of this paragraph.

(4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in subparagraph (1) through (4) of this paragraph and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in subparagraphs (1) through (4) of this paragraph.

C. Health and Safety. The provisions of this paragraph C are applicable only where the amount of the prime contract exceeds $100,000.

(1) No laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to his health and safety as determined under construction safety and health standards promulgated by the Secretary of Labor by regulation.

(2) The Contractor shall comply with all regulations issued by the Secretary of Labor pursuant to Title 29 Part 1926 and failure to comply may result in imposition of sanctions pursuant to the Contract Work Hours and Safety Standards Act, 40 USC 3701 et seq.

(3) The Contractor shall include the provisions of this paragraph in every subcontract so that such provisions will be binding on each subcontractor. The Contractor shall take such action with respect to any subcontract as the Secretary of Housing and Urban Development or the Secretary of Labor shall direct as a means of enforcing such provisions.
EQUAL EMPLOYMENT OPPORTUNITY CLAUSE

(EXECUTIVE ORDER A11246 as amended)

During the performance of this contract, the contractor agrees as follows:

1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to, the following: A employment, upgrading, demotion, or transfer; recruitment or placement advertising; layoff or a termination; rates of pay or other forms of compensation; and selection for training, including A apprenticeship. The contractor agrees to post an conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the A provisions of this nondiscrimination clause.

2) The contractor will, in all solicitation for advancements for employees placed by or on behalf of A the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

3) The contractor will not discharge an any other manner discriminate against any employee or A applicant for employment because such employee or applicant hasquired about, discussed, or disclosed of the compensation of the employee or applicant. An employee or other employee or applicant. This provision shall not apply to instances in which an employee who has access to the A compensation information of another employee or applicants as apart of such employee's essential job functions discloses such compensation to a other employees or applicants to a A individual who has no other way of accessing the information, unless such disclosure is an A response to a formal complaint or a charge, an furtherance of an investigation, an proceeding, an hearing, or action, including an investigation conducted by the employer, or as consistent with A the contractor's legal duty to furnish an information.

4) The contractor will tend to each A labor union or a representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under Section 202 of Executive Order No. A11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

5) The contractor will comply with all provisions of Executive Order No. A11246 of September 24, 1965, and the rules, regulations, and orders of the Secretary of Labor.

6) The contractor will furnish all information and reports as required by Executive Order No. A11246 of September 24, 1965, and the rules, regulations, and orders of the Secretary of Labor, pursuant to paragraph 4 of this order. And will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this A contract or with any of such rules, regulations, or orders, the contractor may be declared ineligible for A further government contracts in accordance with procedures authorized in Executive Order No. A 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as A
provided an executive order No. 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

8) The contractor will include the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance. Provided, however, that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the contractor may request the United States to enter into such litigation to protect the interests of the United States.
The Contractor agrees that it will comply with the Elliot Larsen Civil Rights Act, 1976 PA 453, as amended, MCLA 37.2101 et seq., and all other federal, state and local fair employment practices and equal opportunity laws. The Contractor agrees that it shall not discriminate against an employee or applicant of employment with respect to hire, tenure, terms, conditions, or privileges of employment, or a matter directly or indirectly related to employment, because of race, color, religion, national origin, age, sex, height, weight, marital status or a disability that is unrelated to the individual’s ability to perform the duties of a particular job or position, and that it will require the same non-discrimination assurances from any subcontractor who may be used to carry out duties described in this contract. Breach of this agreement shall be regarded as a material breach of this contract.
GENESEE COUNTY POLICIES PREVAILING WAGE POLICY

A. Every Contract executed with the County of Genesee or with a Contracting Agent must contain express terms as follows:

A a. That the rates of wages and fringe benefits to be paid to each class of construction mechanics by the Contractor and all of his subcontractors, on the project which is the subject of the contract, shall not be less than the wage and fringe benefits currently prevailing in the County of Genesee.

A b. That the Contractor and all of his subcontractors shall not discriminate against any employee or applicant for employment with respect to hire, tenure, terms, conditions, or privileges of employment because of race, color, religion, national origin, ancestry, sex, or age.

B. Before awarding any contract, the Contractor shall determine the schedule of the prevailing wages and fringe benefits for all classes of construction mechanics called for in the contract. Such wages and fringe benefits shall be those prevailing in the County of Genesee, on projects of the same character similar to that being contracted, under collective agreements or understandings between a bona fide organization or construction mechanics and their employers. Such agreements and understandings meet the requirements of this section, the Contractor shall not be controlled in any way by either an employee or employer organization. Such schedule is of prevailing wages and fringe benefits shall be made a part of the specifications for the work to be performed. Such schedule may be the minimum wage and fringe benefits and is compiled and published by the Building and A Construction Trades Department of the AFL-CIO.

B a. Every Contractor shall keep posted on the construction site, an conspicuous place, a copy of all prevailing wages and fringe benefits prescribed in the contract and shall keep an accurate record of the names and occupation of, and actual wages and benefits paid to, each construction mechanic employed by him in connection with said contract.

A. If the Contractor or Subcontractor is in default of the performance of the covenants set forth in the paragraph above, the Contracting Agent shall proceed to enforce said covenants, and upon the failure of the Contractor or Subcontractor to abide by said covenants, the Contracting Agent shall proceed with its remedies as provided by state and federal law.

A. Any interested party may challenge the performance of the Contractor or Subcontractor of the covenants of paragraph 2 above by filing a written complaint with the Contracting Agent. The Contracting Agent shall then conduct an investigation, which may include a public hearing, to determine whether at all proceed as provided in paragraph 4 above.

A a. "Contracting Agent" means any officer, board, commission, or organization which receives directly or indirectly monies or properties from or on behalf of the County of Genesee, including without limitation lessee or Sublessee of and owned by Genesee County.
A  b. A "Contract" means any agreement, as a result of competitive proposals or otherwise, for a new construction, alteration, repair, installation, painting, decorating, completion, demolition, conditioning, reconditioning, or improvement of public buildings, works, bridges, highways or roads, which are performed on Genesee County land or property owned by A through Ahe Genesee County of Genesee A.

A  c. A "Construction mechanic" means any skilled or unskilled mechanic, laborer, worker, or helper, as determined by A. The United States Secretary of Labor, pursuant to the Federal Davis-Bacon Act, or the United States Code, Title 40, Section 276a et seq., or any minimum wage schedules as determined by A. The Department of Labor, pursuant to A, A, 66, as amended, MCLA 420.551 et seq., or as determined by A, for collective bargaining agreements or understandings between A and A's labor organizations or construction mechanics and their employers, are exempt from the provisions of this resolution.

R. A Contracts which contain provisions requiring the payment of prevailing wages as determined by A pursuant to the United States Secretary of Labor, pursuant to the Federal Davis-Bacon Act, or the United States Code, Title 40, Section 276a et seq., or which contain provisions requiring the payment of prevailing wages as determined by A, shall include a provision that new construction, alteration, repair, installation, painting, decorating, completion, demolition, conditioning, or improvement of public buildings, works, bridges, highways, or roads on A's property shall be considered work on public buildings, works, bridges, highways, or roads within the meaning of A provision 6(b) of this resolution and that A shall see or any sub-lessee will be bound by the provisions of this resolution.

A. It is the intent of this Board of Commissioners that every contracting agent shall adopt the A preceding paragraphs of this resolution.

10. A The Genesee County Purchasing Agent, the Genesee County Controller, and the Genesee County A Chief Engineer, are hereby directed to effectuate this resolution, on behalf of this Board, within their respective spheres of responsibility.

11. A The Genesee County Clerk is hereby directed to forward to each Genesee County Board a commission, elected official, agency, and department, a copy of this resolution and an annotation of its adoption.

12. A The previous resolution of this Board concerning payment of prevailing wages as adopted on June 23, 1969, and as amended, as pages 837 through 839 of the compiled 1969 Proceedings of this A Board, are hereby rescinded. "A

General Decision Number: MI190083 02/08/2019  MI83

Superseded General Decision Number: MI20180083

State: Michigan

Construction Type: Building

County: Genesee County in Michigan.

BUILDING CONSTRUCTION PROJECTS (does not include single family homes or apartments up to and including 4 stories).

Note: Under Executive Order (EO) 13658, an hourly minimum wage of $10.60 for calendar year 2019 applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least $10.60 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2019. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher) for all hours spent performing on the contract in calendar year 2019. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher) for all hours spent performing on the contract in calendar year 2019. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher) for all hours spent performing on the contract in calendar year 2019. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher) for all hours spent performing on the contract in calendar year 2019. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher) for all hours spent performing on the contract in calendar year 2019. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher) for all hours spent performing on the contract in calendar year 2019. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher) for all hours spent performing on the contract in calendar year 2019. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher) for all hours spent performing on the contract in calendar year 2019. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher) for all hours spent performing on the contract in calendar year 2019. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher) for all hours spent performing on the contract in calendar year 2019. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher) for all hours spent performing on the contract in calendar year 2019.

---

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

---

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).
Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

-----------------------------------------------------------------

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

* an existing published wage determination
* a survey underlying a wage determination
* a Wage and Hour Division letter setting forth a position on a wage determination matter
* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party’s position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

================================================================
END OF GENERAL DECISION
THIS CONTRACT made and entered into [DATE], between [CONTRACTOR], hereinafter referred to as the "Contractor" conducting business at [CONTRACTOR ADDRESS], and the Owner, GENESEE COUNTY LAND BANK (GCLBA) conducting business at 452 S. Saginaw Street – 2nd Floor, Flint, Michigan 48502, hereinafter referred to as "GCLBA".

The GCLBA recently received [DESCRIPTION OF FUNDING]. GCLBA desires to engage the Contractor to perform the services and obligations as defined in Request for Proposals #LB: YY-### SCOPE, including all attachments thereto, hereinafter referred to as the "Work" as an independent contractor and not as an employee(s) of and for the GCLBA. All work performed under this contract is to comply with all relevant rules, regulations, or orders applicable with respect to the funding source identified in this paragraph. This Contract is intended to define the business relationship between the two entities with regards to general demolition and disposal services undertaken for the [FUNDING SOURCE].

REPRESENTATIVES OF GCLBA AND CONTRACTOR. (DIRECTOR NAME), Executive Director of the GCLBA has the authority to act on behalf of the GCLBA, [CONTRACTOR REPRESENTATIVE], has the authority to act on behalf of the Contractor.

TERM OF CONTRACT. The respective duties and obligations of the contracting parties is for a period beginning [DATE]. The end date of term of service will be no later than [DATE], with all demolition work, including backfill and winter-grade completed no later than [DATE], unless otherwise agreed to in writing by both parties.

All demolition and winter-grade work must be completed and GCLBA inspections requested by [DATE] and paperwork and payment requests must be submitted to the Grant/Compliance Manager by [DATE]. All final-grade work must be completed by [DATE] and final paperwork and payment requests must be submitted to the Grant/Compliance Manager by [DATE].

ORDER TO PROCEED. An Order To Proceed will be issued within 10 days of this contract execution upon receipt of an original copy of Payment and Performance Bond and project work schedule, depending on the readiness of the Work.

SECTION 3. Section 3 is a provision of the Housing and Urban Development (HUD) Act of 1968 that helps foster local economic development, neighborhood economic improvement, and individual self-sufficiency. Section 3 applies to HUD-funded Housing and Community Development projects.

For Section 3 covered contracts: The Contractor will comply with the Section 3 Clause as described in Attachment A. By signing this contract the Contractor is providing a Statement of Assurances that they will comply with these Federal Contract Provisions and other requirements set forth in this contract.

All other contracts: GCLBA strives to support the objectives of the Section 3 Program as implemented by HUD. Contractor agrees, to the greatest extent feasible, to document and provide job training, employment, and contracting opportunities for low- or very-low income residents in connection with projects and activities in their neighborhoods.

SCOPE OF WORK. The Contractor will provide labor and/or materials for the Work.
Contractors must provide updated work schedules to the GCLBA. Contractor must submit all required submittal documents as listed in Request for Proposals and Payment Request Packet (Contact Attachment C).

FEES AND PAYMENT. The GCLBA will pay the Contractor a fixed price not to exceed $$$$$. The GCLBA will not pay for services beyond the funds available in the (FUNDING SOURCE) funding or the contract amount, unless agreed to, in advance and in writing, by both parties to this Contract. Payment to Contractor is made by the GCLBA on a net 30 to 60 day cycle upon receiving completed payment request packet for each project/address and all required submittals (invoice, sworn statement, lien waivers, manifests, etc.).

EQUAL EMPLOYMENT OPPORTUNITY. During the performance of this contract, the contractor (Contractor) agrees as follows:

During the performance of this contract, the contractor agrees as follows:

1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

2) The contractor will, in all solicitations or advancements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee’s essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor’s legal duty to furnish information.

4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer, advising the labor union or workers’ representative of the contractor’s commitments under Section 202 of Executive Order No. 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

5) The contractor will comply with all provisions of Executive Order No. 11246 of Sept. 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
6) The contractor will furnish all information and reports required by Executive Order No. 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be cancelled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order No. 11246 of Sept. 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order No. 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

8) The contractor will include the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

NONDISCRIMINATION. The Contractor agrees that it will comply with the Elliot Larsen Civil Rights Act, 1976 PA 453, as amended, MCL 37.2101 et seq., the Persons with Disabilities Civil Rights Act, 1976 PA 220, as amended, MCL 37.1101 et seq., and all other federal, State and local fair employment practices and equal opportunity laws. The Contractor agrees that it shall not discriminate against an employee or applicant of employment with respect to hire, tenure, terms, conditions, or privileges of employment, or a matter directly or indirectly related to employment, because of race, color, religion, national origin, age, sex, height, weight, marital status or a disability that is unrelated to the individual's ability to perform the duties of a particular job or position, and that it will require the same non-discrimination assurances from any subcontractor who may be used to carry out duties described in this contract. Contractor covenants that it will not discriminate against businesses that are owned by women, minorities or persons with disabilities in providing Work covered by this Contract, and that it shall require the same assurances from subcontractors. Breach of this agreement shall be regarded as a material breach of this contract.

UNFAIR LABOR PRACTICES. The Contractor shall comply with the Employers Engaging in Unfair Labor Practices Act, 1980 PA 278, as amended, MCL 423.321 et seq.

CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (40 U.S.C. 327-333) The Contractor shall comply with the Contract Work Hours and Safety Act, as supplemented by Department of Labor regulations (29 CFR Part 5). Under the Act, each contractor shall be required to compute the wages of every mechanic and laborer on the basis of a standard workweek of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than 1 ½ , times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The Act also provides that no laborer or mechanic shall be required to work in surroundings or under working conditions that are unsanitary, hazardous or dangerous. These requirements do not apply to the purchase of supplies or materials or articles ordinarily available on the open market, or contracts for
transportation or transmission of intelligence. The Contractor shall maintain documentation, which demonstrates compliance with hour and wage requirements. Such documentation shall be made available for review upon request.

The Contractor shall cause or require to be inserted in full, in all such contracts subject to such regulations, provisions meeting the requirements of this paragraph, for such contracts in excess of $10,000.00. The Contractor agrees that, except with respect to the rehabilitation or construction of residential property of less than eight (8) households, all contractors engaged under contracts in excess of $2,000.00 for construction, renovation or repair of any building or work financed in whole or in part with assistance provided under this contract, shall comply with federal requirements pertaining to such contracts and with the applicable requirements of the regulations of the Department of Labor, under 29 CFR, Parts 1, 3, 5 and 7 covering the payment of wages and ratio of apprentices and trainees to journeymen; provided, that if wage rates higher than those required under the regulations are imposed by state or local law, nothing is intended to relieve the Contractor of its obligation, if any, to require payment of the higher wage.

**FREEDOM OF INFORMATION ACT.** This Agreement and all attachments, as well as all other information submitted by the Contractor to the County, are subject to disclosure under the provisions of MCL 15.231, et seq., known as the “Freedom of Information Act”.

**PUBLIC NOTICES AND PRESS RELEASES.** The Contractor shall make no public notice or release of any Contract related information without the prior written approval of the GCLBA.

**RIGHTS TO INVENTIONS Made Under a Contract or Contract.** Contracts or subcontracts for the performance of experimental, developmental, or research work shall provide for the rights of the Federal Government and the recipient in any resulting invention in accordance with 37 CFR part 401, “Rights to Invention Made by Nonprofit Organizations and Small Business Firms. Under Government Grants, Contracts and Cooperative Contracts,” and any implementing regulations issued by the awarding agency.

**CLEAN AIR ACT** (42 U. S.C. 7401 et seq.) and the **FEDERAL WATER POLLUTION CONTROL ACT** (33 U.S.C. 1251 et seq.), as amended. For contracts and subcontracts of amounts in excess of $100,000 the Contractor or subcontractor shall comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401 et seq.). Violations are reported to the Federal awarding agency and the Regional Agency (EPA).

**DEBARMENT AND SUSPENSION** (Executive Orders 12549 and 12689). No contract shall be made to parties listed on the General Services Administration’s List of Parties Excluded from Federal Procurement or Non-procurement Programs in accordance with E.O.s 12549 and 12689, “Debarment and Suspension,” as set forth at 24 CFR part 24. This list contains the names of parties debarred, suspended, or otherwise excluded by agencies, and contractors declared ineligible under statutory or
regulatory authority other than E.O. 12549. Contractors with awards that exceed the small purchase threshold shall provide the required certification regarding its exclusion status and that of its principal employees.

**FAIR HOUSING.** Contractors must comply with the Fair Housing Act Title VIII of the Civil Rights Act of 1968 as amended and the Genesee County Land Bank Authority Fair Housing Policy as stated: “Equal housing opportunity for all persons, regardless of race, color, national origin, religion, age, sex, familial status, marital status, sexual orientation or disability, is a fundamental policy of the Genesee County Land Bank Authority (GCLBA). GCLBA is committed to diligence in assuring equal housing opportunity and non-discrimination to all aspects of its housing activities. As a county governmental authority undertaking housing activities, GCLBA has an ethical as well as legal imperative to work aggressively to ensure that GCLBA housing programs comply fully with all local, state and federal fair housing laws.”

**INTEREST OF THE GCLBA AND LOCAL PUBLIC OFFICIALS.** The undersigned certifies, to the best of his or her knowledge and belief that: no member of the governing body of the GCLBA who exercises any functions or responsibilities in connection with the administration of the [FUNDING SOURCE] Funding, no other officer or employee or public official of the GCLBA, who exercises such functions or responsibilities, and no member of the City Government of the City of Flint, shall have any interest, direct or indirect, in this Contract. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of the GCLBA.

**RETENTION AND ACCESS TO RECORDS.** The Contractor shall maintain for a period of five (5) years all supporting documents, financial records, statistical records and all other records pertinent to this contract. GCLBA, the State of Michigan, U.S. Department of Treasury, the Comptroller General of the United States, or any of their duly authorized representatives as well as any and all relevant governmental agencies shall have access to any books, documents, papers and records of the Contractor which are pertinent to a specific program for the purpose of making audits, examinations, excerpts, and transcriptions.

**RIGHT TO INSPECT.** The GCLBA may, at reasonable times, inspect the place of business, or worksite of a contractor or subcontractor which is pertinent to the performance of a contract or potential contract.

**ARBITRATION CLAUSE.** Any dispute arising out of or relating to this agreement that has not been resolved by good-faith negotiations will be finally settled by arbitration in accordance with Michigan statute 2012 PA 371, MCL 691.1681 et. seq. by a sole arbitrator. The place of arbitration will be Flint, Michigan. The arbitrator is not empowered to award damages in excess of any lawful limitations on damages provided in this agreement.

The statute of limitations of State of Michigan applicable to the commencement of the lawsuit will apply to the commencement of an arbitration under this section.

**LIQUIDATED DAMAGES.** Contractor and the GCLBA recognize that time is of the essence for this Contract and that GCLBA will suffer financial loss if the Work is not completed within the times specified in the Term of Contract, plus any extensions thereof allowed in accordance of the Contract. The parties also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by GCLBA if the Work is not completed on time. Accordingly, instead of requiring any such proof, GCLBA and Contractor agree that as liquidated damages for delay (but not as a penalty), Contractor shall pay GCLBA $250.00 for each day that expires after the time specified in Notices to Proceed, as well as, Term of Contract for Substantial Completion until the Work is
substantially complete. After Substantial Completion, if Contractor shall neglect, refuse, or fail to complete the remaining Work within the Contract Time or any proper extension thereof granted by GCLBA, Contractor shall pay GCLBA $250.00 for each day that expires after the time specified in the Term of Contract for completion and readiness for final payment until the Work is completed and ready for final payment.

INDEMNIFICATION AND INSURANCE. During the term of the contract the Contractor must carry and maintain current insurance coverage of the types and amounts required as set forth in the Insurance Checklist as defined in Attachment A of the Request for Proposals documents. The GCLBA must be named as additional insured on all certificates of insurance. If insurance information changes the Contractor must notify the GCLBA immediately of the change.

Contractor shall defend, indemnify and hold harmless GCLBA, and their respective directors, officers, employees, agents, sureties and servants, from and against all damages, liabilities, claims, suits demands, judgments and awards (including attorney's fees and other expenses) on account of any damage to property or injury (including death) to persons (including any damage or injury to the property or person of any employee of contractor, other subcontractor, or which may occur or be alleged to have occurred in connection with the performance of the Work, whether or not GCLBA is alleged to be concurrently negligent; provided, however, Contractor does not assume responsibility for liability to the proportional extent it arises from the active negligence of GCLBA.

TERMINATION. Either party may terminate this contract at its convenience at any time by giving written notice at least 30 days before the effective date of such termination to the other party of such termination and specifying the effective date. Partial terminations of the Work may only be undertaken with the prior approval of the GCLBA. In the event of any termination for convenience, all finished or unfinished documents, data, studies, surveys, maps, models, photographs, reports or other materials prepared by Contractor under this agreement shall, at the option of the GCLBA, become the property of the GCLBA, and Contractor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents or materials prior to the termination. The Contractor agrees to adhere to all requirements as outlined in 2 CFR 200 Subpart D, §200.339 - §200.342. These requirements include all contracts in excess of $10,000 must address termination for cause and for convenience by the non-federal entity including the manner by which it will be effected and the basis for settlement.

The GCLBA may also immediately suspend or terminate this Contract for cause if Contractor materially fails to comply with any term of this Contract, or with any of the rules, regulations or provisions referred to herein; and the GCLBA may declare the Contractor ineligible for any further participation in GCLBA contracts in accordance with 2 CFR 200.

This contract may also be immediately terminated by the GCLBA for reasons of substandard or non-performance, diminution of funds, or any reasons related to changing objectives of the GCLBA. The GCLBA reserves the right to cancel contracts for non-compliance with the terms of this Contract, reporting requirements as defined in the Work, and any of such rules, regulations, or orders as may be applicable to the Work and the funding source under which the Work is undertaken. Three months of non-compliance may result in automatic termination.

USE OF CITY OF FLINT WATER: Any contractor that is illegally using the City of Flint water/fire hydrants will face consequences including the possibility of debarment by the Genesee County Land Bank.
WARRANTY. In addition to any other warranties set forth elsewhere in this Contract, Contractor warrants that Work performed and materials furnished under this Contract conform to the Contract requirements and as required in the Request For Proposals, and are free of any defect of equipment, material or design furnished, or workmanship performed by Contractor or any of its subcontractors or suppliers of any tier. Such warranty shall continue for a period of one (1) year from the date of final acceptance of the Work by GCLBA. Under this warranty, Contractor shall remedy at its own expense any such failure to conform or any such defect. In addition, Contractor shall remedy at its own expense any damage to real or personal property owned or controlled by Owner/Relevant Parties when that damage is the result of Contractor’s failure to conform to Contractor requirements or of any defect in equipment, material, workmanship or design furnished by Contractor. Contractor shall also restore any work damaged in fulfilling the terms of this Article.

RE-INSPECTION FEE. If the Contractor’s work fails the GCLBA’s inspection, the GCLBA will charge Contractor a $75 fee per re-inspection.

(HARDEST HIT FUND CONTRACTS) FRAUD, WASTE, AND ABUSE POLICY. In an effort to deter misconduct, fraud, waste and abuse, and to ensure that HHF funds are spent in the most responsible manner, MHA will closely monitor all transactions. This includes, but is not limited to, analyzing demolition costs based on size of structure and reasonableness compared to other work being done in each city and other areas of the state. Any and all questionable transactions will be brought to the attention of the GCLBA and additional justification may be requested. Any problems identified will immediately be brought to the attention of MHA management, who will be provided with detailed information and any materials used to make the claim of misconduct, fraud, waste and abuse. Further disclosure will be made as appropriate to U.S. Treasury, MSHDA’s legal team, Michigan’s Attorney General’s office, and other relevant law enforcement organizations. Action taken may include but is not limited to criminal prosecution, debarment of individuals or organizations, and suspension of any future funding.

COUNTERPARTS. This Agreement may be executed in one or more counterparts, (each of which shall be deemed to be an original) all of which shall be considered one and the same agreement and shall become effective when one or more counterparts have been signed by each of the parties and delivered to the other party, it being understood that all parties need not sign the same counterpart.

SIGNATURES. The parties agree that signatures on this agreement may be delivered by facsimile or electronically in lieu of an original signature and agree to treat facsimile or electronic signatures as original signatures that bind them to this agreement.

MODIFICATION OF CONTRACT. No modification of this Contract will be made except by the written addendum, signed by the Contractor and the GCLBA.

NOTICES. Any notices or modifications given under this contract will be in writing and served personally or sent by certified or registered mail. Such notice is effective upon receipt by the other party.

Notices for the OWNER/GCLBA should be sent to: [DIRECTOR NAME], Executive Director

ATTACHMENT A

SECTION 3 CLAUSE. All Section 3 covered contracts shall include the following clause referred to as the "Section 3 Clause":

A. The work to be performed under this contract is subject to the Housing and Urban Development Act of 1968, as amended, 24 U.S.C. 1701u (Section 3). A noncompliance with any of the HUD's regulations An 24CFR Part 135, or any applicable provision of the Act, or any other economic opportunities generated by HUD assistance or HUD-assisted projects covered by Section 3, shall, A. the contractor be directed to cease and desist (Section 3 Clause).

B. The parties to this contract agree to comply with HUD's regulations An 24CFR Part 135, which implement Section 3, as evidenced by their execution of this contract, A. the parties to this contract shall certify that they are A. the contractor or other impediments that would prevent A. them from complying with the part 135 regulations.

C. The contractor agrees to end any A. the contractor's work with A. A worker representatives of workers with A. which A. the contractor has a collective bargaining agreement or other understanding, a notice advising A. the contractor of any workers' representative of the contractor's association, A. commitments to A. the contractor's Section 3 clause, and shall post copies of the notice in conspicuous A. places at A. the contractor's site where A. the contractor's workforce A. positions; and A. the contractor's anticipated date of A. the contractor's work shall begin.

D. The notice shall describe A. the contractor's reference, A. the contractor's number and job A. titles subject to A. the contractor's availability of apprenticeship and A. training positions, A. the contractor's qualifications for A. each, and A. the contractor's applications for A. each A. position; and A. the contractor's anticipated date of A. the contractor's work. A. The notice shall include A. every subcontractor or A. the contractor's performance, A. or the contractor's senior A. qualification, A. or the contractor's notice to A. the contractor's knowledge that A. the contractor's subcontractor A. has been found A violation of A. the contractor's A. regulations An 24CFR Part 135.

E. The contractor shall certify that A. any vacant employment positions, including A. training A. positions, that have been filled (1) after A. the contractor's selected, or (2) after A. the contractor's executed, and A. the contractor's executed, A. persons other than A. the contractor's whom A. the contractor's regulations An 24CFR Part 135 require employment opportunities A. the contractor's obligations under 24CFR Part 135.

A. The contractor shall certify that A. any vacant employment positions, including A. training A. positions, that have been filled (1) after A. the contractor's selected, or (2) after A. the contractor's executed, and A. the contractor's executed, A. persons other than A. the contractor's whom A. the contractor's regulations An 24CFR Part 135 require employment opportunities A. the contractor's obligations under 24CFR Part 135.

G. Noncompliance with HUD's regulations An 24CFR Part 135 may result in sanctions, A. termination of this contract for default, and A. debarment or suspension from future HUD assisted contracts.

The Genesee County Land Bank (GCLBA) WILL NOT, process any payment requests without all of the required documentation, including legible and complete waste manifest and documentation of the disposal of waste.

The GCLBA will pay the contractors the fixed price as agreed upon in contract of awarded bid. No increase in costs will be paid unless previously approved in a signed change order. Payment to Contractor is made by the GCLBA on a net 30 to 60 day cycle upon receiving completed payment request packet for each project/address and all required submittals (invoice, sworn statement, lien waivers, manifests, etc.).

Demolition Contractors: When demolition project is completed, contractor must contact GCLBA’s Demolition Inspector, in addition to the City or Township’s Inspector to have the site inspected. If site fails inspections, request for payment will be rejected until any issue(s) has been resolved. Once the GCLBA Inspector has approval inspection payment request will be submitted for processing on a net 30 to 60 day cycle.

Upon receipt of payment request, the GCLBA will notify Contractor by email. If payment request is rejected, the GCLBA will notify Contractor by email. All payment requests will be returned to Contractor for correction. Once all required documentation has been received and approved, the GCLBA will notify Contractor that payment has been submitted for processing and payment will be made to the contractor on a net 30 day cycle.

The undersigned Contractor states that the items listed on the attached Payment Request Checklist are completed and included in the site specific packet of documentation and hereby requests a final payment.

Contractor _______________________________ Date Submitted _______________________________

*Please submit this form as a coversheet when submitting payment request packets.

The attached site specific Packet Request Packet has been reviewed by GCLBA staff and the following recommended the following action:

☐ Rejected for the reason(s) listed on the Payment Request Checklist
☐ Approved and has been submitted for payment

APPENDIX 7- EXAMPLE BACKFILL & TOPSOIL SAMPLING AND CERTIFICATION FORMS
DATE

CONTRACT ADMINISTRATOR
Genesee County Land Bank Authority
452 S. Saginaw Street, 2nd Floor
Flint, Michigan 48502

Subject: TYPE OF MATERIAL Certification
LOCATION OF MATERIAL
ADDRESS
CITY, Michigan ZIP CODE

Dear CONTRACT ADMINISTRATOR,

As outlined in Appendix 1B, Section 300.2 of the Contract Documents for the NAME OF BID specs, COMPANY NAME is providing this certification to the Genesee County Land Bank Authority (GCLBA) for TYPE OF MATERIAL material being transported from the MATERIAL LOCATION. In accordance with the Contract Documents, I certify that the backfill TYPE OF MATERIAL material is from the following source site Category:

☐ Category 1: Virgin (Native) Commercial Borrow and Sand/Gravel Pit Sites
☐ Category 2: Commercial, Utility, and Road Construction Sites; Commercial Landscape Yards, and Agricultural Sites
☐ Category 3: Industrial, Dredge Sites, Known Sites of Environmental Contamination (Gas Stations, Dry Cleaners, etc.), and Other.

COMPANY NAME certifies the following: (1) that no evidence of known or suspected sources of environmental contamination which may have impacted the proposed backfill materials has been identified; (2) that the backfill materials at this location are from a native soil source or other eligible source; (3) that the backfill materials are homogeneous in nature, consisting of the proper percentages of sand, silt, and clay; (4) that the material is free from debris, including large rocks, concrete, or other conditions; and (5) that the soil meets the backfill specifications as described in the Contract Documents.

COMPANY NAME certifies that all information submitted in the attached documents is complete and accurate, and that the soil samples were collected by a qualified and knowledgeable individual, samples were collected and analyzed in accordance with methods approved by the USEPA SW-846 and/or MDEQ PA 201, and that the soil samples are representative of the entire material proposed for use at the Authority's properties.

By signing this document, I authorize representatives of the Authority to conduct random visits of the source sites/material locations for inspection, and collection of soil samples for independent testing.

Sincerely,
COMPANY NAME

APPENDIX 8- EVALUATION AND SCORING CRITERIA
EVALUATION CRITERIA AND SCORING

The GCLBA will evaluate the four lowest cost proposals received and identify the submittals that are the most responsive, responsible and offer the best service to the GCLBA. Additional proposals will only be evaluated in the event that the award is not made to one of the four lowest cost proposals. The GCLBA will consider Bidder qualifications, financial viability, project references, experience with comparable projects, and projects with concurrent timelines. Specifically, each RFP package will be reviewed based on the following selection criteria:

A. Threshold Requirements PASS/FAIL

<table>
<thead>
<tr>
<th>Qualifications and References Provided</th>
<th>Pass/Fail</th>
</tr>
</thead>
<tbody>
<tr>
<td>Identification of Project Manager and Key Staff, with appropriate licensing supplied:</td>
<td>Pass/Fail</td>
</tr>
<tr>
<td>Asbestos Supervisor</td>
<td>Y/N</td>
</tr>
<tr>
<td>Lead Awareness</td>
<td>Y/N</td>
</tr>
<tr>
<td>HAZWOPER</td>

### B. Evaluation Factors

<table>
<thead>
<tr>
<th>Evaluation Factors</th>
<th>Maximum Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Ability to Meet Production Goals within Timelines/ Demonstrated Understanding</td>
<td>30*</td>
</tr>
<tr>
<td>The bidder’s demonstration of understanding of scope of work, readiness to proceed and capacity to complete work assigned within timeframes required.</td>
<td></td>
</tr>
<tr>
<td>HUD Section 3</td>
<td>15</td>
</tr>
<tr>
<td>Contractors can receive additional consideration in scoring per Section 3 Regulations in 24 CFR Part 135 for:</td>
<td></td>
</tr>
<tr>
<td>1. Being a Section 3 Certified Business Concern, and</td>
<td></td>
</tr>
<tr>
<td>2. Submitting a Section 3 Strategy to comply with the Section 3 training and employment preference or contracting preference.</td>
<td></td>
</tr>
<tr>
<td>Recycling plan</td>
<td>5</td>
</tr>
<tr>
<td>Respondents that submit a plan to recycle materials from the demolition may receive up to 5 additional points.</td>
<td></td>
</tr>
<tr>
<td>Price</td>
<td>50</td>
</tr>
<tr>
<td>The ability to demonstrate reasonable costs in performing scope of work identified in the RFP.</td>
<td></td>
</tr>
</tbody>
</table>

* Up to twenty (20) points may be deducted when evaluating Contractor capacity. GCLBA staff will consider past experience with Contractor’s response to issues and complaints, including the timeframe in which the Contractor responded to identified issues and where Contractor performed substandard work (work performed by Contractor or Contractor’s subcontractors that did not meet bid specifications) on any previous GCLBA projects.
## Contractor: __________________________

### Bid #: 19-010

### Ability to Meet Production Goals within Timelines/Demonstrated Understanding (30 Points)

1. **Experience** in the appropriate scope of work as outlined in the RFP. *(Up to 6 points)*

<table>
<thead>
<tr>
<th>Experience</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Five (5) to nine (9) years of experience in the demolition and disposal of residential/commercial structures.</td>
<td>4 Points</td>
</tr>
<tr>
<td>Ten (10) or more years of experience in the demolition and disposal of residential/commercial structures.</td>
<td>6 Points</td>
</tr>
</tbody>
</table>

2. **Capacity – Part 1:** Does the firm demonstrate through their RFP packet that the firm has the capacity and experience to complete the projects **within the time frame identified in this Request for Proposal?** *(If they do not have the required equipment, are they subcontracting with a company/individual that has the required qualifications?)* *(Up to 10 points)*

<table>
<thead>
<tr>
<th>Capacity – Part 1</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Contractor does not demonstrate experience/ability to complete abatement, demolition and disposal within the time frame identified in this Request for Proposal.</td>
<td>0 Points</td>
</tr>
<tr>
<td>Contractor demonstrates some experience and availability to complete abatement, demolition and disposal within the time frame identified in this Request for Proposal.</td>
<td>5 Points</td>
</tr>
<tr>
<td>Contractor can easily complete abatement, demolition and disposal within the time frame identified in this Request for Proposal.</td>
<td>10 Points</td>
</tr>
</tbody>
</table>

3. **Capacity – Part 2:** Up to twenty (20) points may be deducted when evaluating Contractor capacity.

GCLBA staff will consider past experience with Contractor’s response to issues and complaints, including the timeframe in which the Contractor responded to identified issues and where Contractor performed substandard work (work performed by Contractor or Contractor’s subcontractors that did not meet bid specifications) on any GCLBA projects within the past 1 year from final payment on a contract.

<table>
<thead>
<tr>
<th>Capacity – Part 2</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Contractor has no documented outstanding or unresolved issues as outlined below:</td>
<td>Deduct 0 Points</td>
</tr>
<tr>
<td>Contractor has outstanding/unresolved issues and/or complaints on any GCLBA projects. <em>(Deduct exists until issue is resolved)</em></td>
<td>Deduct 5 Points*</td>
</tr>
<tr>
<td>Contractor took more than ten business days to respond and/or demonstrated a lack of response to and GCLBA and/or neighbor complaints and/or issues. <em>(Deduct expires 1 year from the date GCLBA approves issue resolution)</em></td>
<td>Deduct 5 Points*</td>
</tr>
<tr>
<td>Contractor performed substandard work <em>(work performed by Contractor or Contractor’s subcontractors that did not meet bid specifications)</em> on previous GCLBA projects. <em>(Deduct expires 1 year from the date GCLBA approves issue resolution)</em></td>
<td>Deduct 10 Points*</td>
</tr>
</tbody>
</table>

*Attach the record of above described instances.
### 4. Demonstrated understanding of the scope of work (**Up to 14 points**)

RFP submitted was complete and included all of the required submittal documentation & signatures (points removed for missing or incorrect information) | Up to 3 Points
--- | ---

<table>
<thead>
<tr>
<th>Required (Y/N)</th>
<th>Additional State Licenses and/MBWE/or certification included (<strong>No additional points awarded if required for the project</strong>)</th>
<th>Up to 5 points</th>
</tr>
</thead>
<tbody>
<tr>
<td>N</td>
<td>- MBE/WBE/DVBE- plan to award up to 10% of contract to MBE/WBE/DVBE certified business (5 points)</td>

<td></td>
</tr>
</tbody>
</table>

**References:** Has contractor held contracts with GCLBA in the past 3 years?

No= See A below; Yes = See C below

- **A.** If contractor has not held a contract with GCLBA in the past 3 years, are references and projects provided for a similar time frame similar/appropriate?
  
  (No = 0 points; Yes = See B below)

- **B.** Does a sample of project contacts provide a reference noting the contract was completed on time, on budget and without complaints?
  
  (No = 0 points; Yes = 2 points)

- **C.** If contractor has held contracts with GCLBA in past 3 years, was the work completed on time, on budget, and without complaints?
  
  (No = 0 points; Yes = 2 points)

**Capacity:** Does the contractor and subcontractor (as applicable) have commitments to other projects that will compete with this project? (**No = 4 points, Yes = see below**)

- **D.** Does contractor have commitments that will compete with this project and delay implementation?
  
  a) Yes = 0 points
  
  b) No = 2 points (No competing projects)

- **E.** Does subcontractor have commitments that will compete with this project and delay implementation?
  
  a) Yes = 0 points
  
  b) No = 2 points (No competing projects)
Section 3 Preference (15 Points)

1. Certified Section 3 Business Concerns. (Up to 10 points)

   Contractors certified as Section 3 Business Concerns will receive priority consideration by category as defined in 24 CFR 135.36.

<table>
<thead>
<tr>
<th>Category 1 Section 3 Business Concern</th>
<th>10 Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Category 2 Section 3 Business Concern</td>
<td>7 Points</td>
</tr>
<tr>
<td>Category 3 Section 3 Business Concern</td>
<td>4 Points</td>
</tr>
<tr>
<td>Not a Section 3 Business Concern</td>
<td>0 Points</td>
</tr>
</tbody>
</table>

2. Section 3 Strategy- All Contractors (5 points)

   - Did the contractor submit an appropriate Section 3 Strategy to comply with the Section 3 training and employment preference or contracting preference? (No = 0 points, Yes = see next question)
   - Has the contractor previously submitted a Section 3 Strategy and received preference in scoring as a result? (No = 5 points, Yes = see next question)
   - If the contractor has previously submitted and received preference for a Section 3 Strategy, did the contractor successfully implement the strategy and supply the required reports? (No = 0 points, Yes = 5 points)
   - Contractor did not submit a Section 3 Strategy. (0 points)
Evaluating Pricing Proposal

Pricing will be evaluated and scored as follows:

The maximum points allowable (50) will be divided by the number of eligible responding bidders. The lowest responsive bidder will receive the maximum points (50). The next lowest responsive bidder will receive the maximum points (50) less the quotient of 50 divided by the number of eligible responding bidders. Each eligible bidder will be awarded pricing points based on the points awarded to the bidder with the closest bid price without exceeding the bid in question, less the quotient. For example, if there are four (4) eligible responsive bids, pricing points will be awarded as follows:

<table>
<thead>
<tr>
<th>Bidder</th>
<th>Bid Price</th>
<th>Bid Ranking</th>
<th>Pricing Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bidder A</td>
<td>$10,000.00</td>
<td>3</td>
<td>25</td>
</tr>
<tr>
<td>Bidder B</td>
<td>$9,500.00</td>
<td>1</td>
<td>50</td>
</tr>
<tr>
<td>Bidder C</td>
<td>$12,500.00</td>
<td>4</td>
<td>12.5</td>
</tr>
<tr>
<td>Bidder D</td>
<td>$9,850.00</td>
<td>2</td>
<td>37.5</td>
</tr>
</tbody>
</table>

To achieve the Pricing Score, divide the maximum points possible by the number of eligible bidders: 50/4=12.5. Then subtract the quotient from the score of the previous bidder subsequently.

- Bidder B, as lowest responsive bid will receive fifty (50) points for pricing.
- Bidder D, as next lowest responsive bid will receive 37.5 points for pricing (50-12.5=37.5)
- Bidder A, as next lowest responsive bid after D, will receive 25 points for pricing (37.5-12.5=25)
- Bidder C, as the as next lowest responsive bid after A, will receive 12.5 points for pricing (25-12.5=12.5)

A quotient will be rounded to the nearest tenth of a decimal for subtraction purposes. **Final total score will be rounded to the nearest whole number.** Should two or more eligible bidders have the same pricing, they shall receive the same scoring depending on where they fall in the formula (i.e. should Bidder D and Bidder A in the example above both bid $9,850.00, they both would have been awarded 37.5 points [50-12.5=37.5]. Bidder C would then have received 25 points.)

In the event that the highest scoring Bidders’ total scores are within a 5 point spread of one another, GCLBA reserves the right to award the contract to the Bidder with the most advantageous pricing proposal at its discretion.

SELECTION PROCESS
The Selection Committee comprised of GCLBA staff will review qualifications in accordance with the evaluation criteria set forth herein. Proposals that are submitted on time and comply with the mandatory requirements of the RFP will be evaluated in accordance with the terms of the RFP. Any contract resulting from this RFP will not necessarily be awarded to the vendor with the lowest price. Instead, contract(s) shall be awarded to vendor(s) whose proposal(s) is the most responsive, responsible and offers the best service to the GCLBA in accordance with criteria set forth in RFP.
APPENDIX 9

- APPENDIX 9 - GCLBA DOOR HANGER
APPENDIX 9  - GCLBA Door Hanger

The Genesee County Land Bank Authority and its contractors will begin demolition on the structure located at:

Within the next month.

To minimize inconvenience, we recommend that during demolition you:

- Close doors and windows during the demolition to minimize dust.
- Keep pets and children inside.
- Call the number below with any concerns.

To learn more about the GCLBA’s demolition program go to: www.thelandbank.org or Call 810-257-3088

The Land Bank takes the following steps to ensure that demolition is done in a way to keep residents safe:

Removing Asbestos & Hazardous Materials: Hazardous materials and asbestos are removed prior to demolition.

Dust Control: Houses are sprayed with water during demolition to keep dust down.

Accountability: Contractors caught violating Land Bank requirements will be held accountable. Call 810-257-3088 to report any problems during or after demolition.

PLEASE HELP US MAINTAIN LOTS AFTER DEMOLITION

If you are interested in adopting, leasing, or purchasing a lot after demolition, call us at 810-257-3088

PARKING & DRIVING ON LOTS IS NOT PERMITTED. VIOLATORS MAY BE TICKETED & TOWED.*

*Per local ordinances

- 11- CDBG CONTRACT BETWEEN CITY OF FLINT AND GENESEE COUNTY LAND BANK
Resolution Authorizing Submission of the 2017-2021 Consolidated Plan including the 2017-18 Annual Action Plan of the Consolidated Plan to the U.S. Department of Housing and Urban Development, and Approval of the Proposed Uses and Funding Recommendations for Community Development Block Grant, HOME Investment Partnerships and Emergency Solutions Grant Funds for the 2017-18 Program Year

BY THE MAYOR:

The City of Flint anticipates it will receive Title I Community Development Block Grant (CDBG) entitlement funds in the amount of $3,563,724, HOME Investment Partnerships (HOME) entitlement funds in the amount of $684,250, and Emergency Solutions Grant (ESG) in the amount of $632,144 for federal fiscal year 2017-18, covering the period of July 1, 2017, through June 30, 2018, as well as any subsequent years that HUD continues to make any balances available to the City; pursuant to submission of an application to the U.S. Department of Housing and Urban Development (HUD).

The City of Flint anticipates receipt of program income in an amount up to $30,000 from CDBG and HOME repayments of rehabilitation and economic development loans.

In order to receive this funding, the U.S. Department of Housing and Urban Development requires the City of Flint to submit an annual Action Plan of the Consolidated Plan as a component of the 5-year Consolidated Plan. This plan includes the annual Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), and Emergency Solutions Grant (ESG) application.

City Administration finalized funding recommendations to for the proposed Action Plan in July 2017.

IT IS RESOLVED, that City Officials approve the funding amounts and projects and authorize entering into contracts for the agencies listed below for the City’s FY 2017-18 Community Development Block Grant program in the amount of $3,563,724, FY 2017-18 HOME Investment Partnerships program in the amount of $684,250, and FY 2017-18 Emergency Solutions Grant program in the amount of $632,144, and include any program income which might become
available as a result of receipt of these funds.

FURTHER RESOLVED, that funds in an estimated amount of up to $20,000 in CDBG program income received from loan repayments, shall be made available for use as part of the FY 2017-18 Community Development Block Grant program and the budget amended as received;

FURTHER RESOLVED, that funds in an estimated amount of up to $10,000 in HOME program income received from loan repayments, shall be made available for use as part of the FY 2017-18 HOME Investment Partnerships program and the budget amended as received;

FURTHER RESOLVED, that all subrecipient agencies shall conform to the standards and bidding procedures maintained by the City of Flint and such bid processes shall be approved as to form by the Chief Legal Officer of the City of Flint. Subrecipients may not obligate any funds, incur any costs, nor implement any physical activities until the Division of Community and Economic Development has completed the Environmental Review Record and/or received a release of funds from the U.S. Department of HUD and has issued a written notice to proceed to the subrecipient.

FURTHER RESOLVED, following notification that HUD has approved the 2017-2021 Consolidated plan including the 2017-18 Annual Action Plan through execution of a Grant Agreement with the City of Flint, the appropriate City Officials are authorized to do all things necessary to enter into sub-grantee agreements with the various agencies listed above.

FURTHER RESOLVED, upon receipt of the official award document from HUD, CDBG funds, the estimated revenues shall be increased to recognize receipt of such funds and an appropriation in the amount of $3,563,724 shall be made to the Division of Community and Economic Development to fund the FY 2017-2021 Community Development Block Grant program;

FURTHER RESOLVED, upon receipt of the official award document from HUD, HOME funds, the estimated revenues shall be increased to recognize receipt of such funds and an appropriation in the amount of $684,250 shall be made to the Division of Community and Economic Development to fund the FY 2017-18 HOME Investment Partnerships program;

FURTHER RESOLVED, upon receipt of the official award document from HUD, ESG funds, the estimated revenues shall be increased to recognize receipt of such funds and an appropriation in the amount of $632,144 shall be made to the Division of Community and Economic Development
to fund the FY 2017-18 Emergency Solutions Grant program;

FURTHER RESOLVED, that the appropriate officials are hereby authorized to do all things necessary to set up the appropriate accounts in the 274 Fund.

FURTHER RESOLVED, that the appropriate city officials are hereby authorized to do all things necessary to move remaining unspent and available CDBG, HOME and ESG funds to fiscal year 2018.

CITY OF FLINT
COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)
CONTRACT

BETWEEN
THE CITY OF FLINT
AND
GENESEE COUNTY LAND BANK AUTHORITY

THIS AGREEMENT, entered this 8th day of November, 2017, by and between the City of Flint (herein called the "CITY") and Genesee County Land Bank (GCLB) (herein called the "Subrecipient").

The City has applied for and received funds from the United States Government under Title I of the Housing and Community Development Act of 1974, Public Law 93-383 (CDFA 14.218); and

The Subrecipient assures that it possesses the legal authority to enter into this Agreement, and that a resolution, motion, or similar action has been duly adopted or passed as an official act of the Subrecipient's governing body authorizing the filing of the project plans. This should include all understandings and assurances contained therein, and direct and authorize the person(s) identified as the contracting official(s) of the Subrecipient to execute contractual documents on behalf of the Subrecipient, to act in connection with this Agreement, and to provide such additional information as may be required by the CITY; and

The City agrees to awards funds in an amount not to exceed $575,000.00 to the Genesee County Land Bank Authority; and

The City wishes to engage the Subrecipient to assist the City in utilizing such funds; and

It is agreed between the parties that:

I. SCOPE OF SERVICE(S)

A. Activities
The Subrecipient will be responsible for administering CDBG funds in a manner satisfactory to the City and consistent with any standards required by the City as a condition of providing these funds. Funds for which these activities have been awarded shall be eligible under the Community Development Block Grant Program and be in accordance with all Federal laws and regulations.

The Subrecipient shall provide all of the materials, labor, equipment, supplies, machinery, tools, superintendence, insurance and other accessories and services necessary to
complete the project in accordance with the proposals submitted in 2017.

Subrecipient shall perform the work in accordance with the Standard General Conditions and any Special Conditions provided for in this contract and warrants to the City that all materials and equipment furnished under this contract will be new unless otherwise specified, and that all work will be of good quality, free from faults and defects, and in conformance with the contract documents. All work not conforming to these requirements, including substitutions not properly approved and authorized, may within one year of the date of substantial completion of work, or within one year after acceptance by the City, or within such longer period of time as may be prescribed by law, any of the work is found to be defective or not in accord with the contract documents, Subrecipient shall correct promptly after receipt of a written notice from the City to do so, unless the City has previously given Subrecipient a written acceptance of such condition.

Activities include:

1. **Statement of work**
   The Genesee County Land Bank will use CDBG funding to expand its strategic demolition program to demolish blighted structures in alignment with the City’s Master Plan and Blight Elimination Framework. The demolitions will build upon the success of previous and ongoing demolitions completed under NSP, Michigan Blight Elimination Grant, and HNF. The blighted structures to be demolished will include a mix of commercial and residential structures.

2. **Program Activities**
   (See Attached Proposal)

3. **Tasks and Timelines**

Performance Measures

**Objective – Creating Suitable Living Environments**
**Outcome – Sustainability**
The City reserves the right to impose additional requirements on the Subrecipient, as may be necessary to insure compliance with HUD regulations, as well as the goals and objectives of its overall program.

B. **Performance Monitoring (2 CFR 200 Subpart D)**

The Subrecipient agrees to comply with the requirements of Title 24 Code of Federal Regulations, Part 570 of the Housing and Urban Development regulations concerning Community Development Block Grants (CDBG) where applicable, 2 CFR 200 Subpart D where applicable, and all federal regulations and policies issued pursuant to these regulations.

The City will monitor the performance of the Subrecipient against goals and performance standards as required. Substandard performance as determined by the City will constitute non-compliance with this agreement. (Substandard performance may include, but is not limited to; lack of project readiness, insufficient project resources, not meeting identified performance goals, unresponsiveness, lack of cooperation during HUD monitoring reviews, lack of spending timeliness, refusal to submit required monthly reports, etc). If action to correct such substandard performance is not taken by the Subrecipient within a reasonable period of time after being notified by the City, contract suspension or termination procedures will be initiated.

Obligated funds are defined as those funds, which the Subrecipient has committed by placing orders, awarding contracts, receiving goods or services, or completing similar documented transactions that require payment in the future. (For purposes of housing rehabilitation activities, funds become obligated when the rehabilitation contract is signed by both the homeowner and contractor.)

In addition to any other remedies the City may have, if, within one (1) year of the date of substantial completion of work, or within one (1) year after acceptance by the City, or within such longer period of time as may be prescribed by law, any of the work is found to be defective or not in accord with the contract documents, the Subrecipient shall correct promptly after receipt of a written notice from the City to do so, unless the City has previously given the Subrecipient a written acceptance of such condition.

C. **Performance Measurements**

The Subrecipient agrees to comply with all elements of performance measurement systems as described in 2 CFR 200 Subpart D where applicable, and the March 7, 2006 Federal Register "Notice on the Outcome Performance Measurement System for Community Planning and Development's Formula Grant Programs" where applicable.
D. National Objectives
The Subrecipient agrees to maintain documentation that demonstrates that the activities carried out with funds provided under this contract meet one or more of the CDBG program's national objectives: 1) benefit low/moderate income persons, 2) aid in the prevention or elimination of slums or blight, 3) meet community development needs having a particular urgency - as defined in 24 CFR Part 570.208.

E. Compliance with Federal Acts
The Subrecipient agrees to comply with all applicable provisions of Title I of the Housing and Community Development Act of 1974, as amended, and the regulations pertaining thereto; to all other applicable federal laws and regulations; and to policies of the U.S. Department of Housing and Urban Development (HUD). The Subrecipient further agrees to comply with all subsequent revisions, modifications, and amendments to the above acts, laws, rules, regulations, and procedures which will become immediately effective in this Agreement upon their enactment or promulgation. Failure by the Subrecipient to accept or comply with rules, regulations, and procedures which affect the terms of this Agreement, and which the City shall present in writing, shall be sufficient basis for termination by the City.

II. TIME OF PERFORMANCE

A. Start/End
Subrecipient’s services shall commence immediately upon receipt of the notice to proceed and shall be carried out forthwith and without reasonable delay.

Services of the Subrecipient shall start on this 8th day of November, 2017 and end on this 30th day of November, 2018.

Funds not expended as of the termination date noted above shall be subject to recapture and reprogramming by the City.

The final payment request must be submitted to the City of Flint within 15 days following the end of this contract. The City of Flint is not obligated to reimburse any expenditure incurred after the completion date of this contract, (November 30, 2018).

Unspent funds will not be available to the Subrecipient under this Agreement unless and until such time as appropriate City officials have executed a Contract amendment.
B. **Contract Amendment**

The Division of Community and Economic Development (DCED) may grant a contract amendment to extend the time period for a grant award and/or revise the scope of services to the initial award. DCED will evaluate a request for an amendment for compliance with Consolidated Plan objectives, reporting and financial obligations governing the Community Development Block Grant Program and City and federal contractual requirements. Contract amendments may be approved for a maximum of two six-month terms. The Subrecipient must complete a Contract Amendment Request Form and submit to DCED at least 45 days before the expiration of this written agreement.

DCED’s criteria for approval of a contract amendment request are as follows:

1. The request for an amendment must evidence information that impacted the Subrecipient’s ability to expend funds and perform services as outlined in the scope of services.
2. Financial and Activity reports must have been filed on a monthly basis.

DCED reserves the right to request additional information or to assess extenuating circumstances in order to substantiate a need for a contract amendment.

DCED will execute an approved contract amendment between the Department and the Subrecipient to extend the time frame of the written agreement and/or change the scope of the agreement prior to the expiration of the initial agreement if all contract amendment conditions are met. For all contract amendments not approved by DCED, all unspent funds will be subject to reprogramming as a component of grant close out procedures.

C. **Failure to Perform**

a. If, through cause, the Subrecipient shall fail to fulfill in timely and proper manner the obligations of this Agreement, the City shall thereupon have the right to:

1. Give a detailed written notice to the Subrecipient of such violation.
2. Allow the Subrecipient a specified period of time to correct said violation.

b. If, after the specified period of time, the violation has not been corrected to the satisfaction of the CITY, the CITY shall specify a termination date of this Agreement, if not previously stated in the detailed written notice.
c. No specific corrective actions of the Subrecipient shall deprive the CITY of any additional rights and remedies under the terms of this Agreement.

D. Force Majeure
Neither party shall be responsible for damages or delays caused by Force Majeure nor other events beyond the control of the other party and which could not reasonably have been anticipated or prevented. For purposes of this Agreement, Force Majeure includes, but is not limited to, adverse weather conditions, floods, epidemics, war, riot, strikes, lockouts, and other industrial disturbances; unknown site conditions, accidents, sabotage, fire, and acts of God. Should Force Majeure occur, the parties shall mutually agree on the terms and conditions upon which the services may continue.

III. COMPENSATION AND PAYMENT

The City shall pay for such services as have been set forth herein, a contract price not to exceed Six Hundred Seventy Five Thousand Dollars and 00/100 ($675,000.00) dollars upon submission of proper invoices, releases, affidavits, and other supporting documentation as required.

Subrecipient shall submit supporting documentation and itemized invoices for all services provided under this Agreement identifying:

A. The date of service
B. The name of the person providing the service and a specific description of the service provided
C. The unit rate and the total amount due
D. A bill setting forth each of the services rendered and the price of the services
E. Any and all documentation relied on to justify the expense

Payment for eligible expenses shall be made against the line items specified in the budget and in accordance with performance. The City reserves the right to disallow payments to the Subrecipient. Reasons for disallowance may include, but are not limited to, the following: lack of information, calculation errors, ineligible requests, lack of appropriate supporting documentation, lack of prior City approval when required, etc.

The Subrecipient agrees to utilize funds available under this Agreement to supplement rather than supplant funds otherwise available.

Payments may be contingent upon certification of the Subrecipient's financial management system in accordance with the standards specified in 2 CFR 200 Subpart D “Standards for Financial and Program Management.”
Original Monthly Financial Reports and Performance Evaluation and Activity Reports, including all support documentation must be submitted to:

Division of Community and Economic Development
City Of Flint
1101 S. Saginaw Street, S8
Flint, MI 48502

A copy of the Monthly Financial Report should be mailed to:
City of Flint
Accounts Payable
P.O. Box 246
Flint, MI 48501 – 0246

IV. NOTICES

Notices to the City of Flint shall be deemed sufficient if in writing and mailed, postage prepaid, addressed to The Division of Community and Economic Development, and Inez Brown, City Clerk, City of Flint, 1101 S. Saginaw Street, Flint, Michigan 48502, or to such other address as may be designated in writing by the City from time to time.

Notices to the Subrecipient shall be deemed sufficient if in writing and mailed, postage prepaid, addressed to Faith Finholm, Genesee County Land Bank Authority, 452 S. Saginaw Street, Flint, Michigan, 48502, (810) 257-3088 Ext. 543, ffinholm@thelandbank.org or to such other address as may be designated in writing by the Subrecipient from time to time.

V. GENERAL CONDITIONS

A. Amendments
The City or Subrecipient may amend this Agreement at any time provided that such amendments make specific reference to this Agreement, and are executed in writing, signed by an authorized representative of both organizations, and approved by the City. Such amendments shall not invalidate this Agreement, nor relieve or release City or Subrecipient from its obligations under this Agreement.

The City may amend this Agreement to conform with federal, state, or local governmental guidelines, policies and available funding amounts, or for other reasons. If such amendments result in a change in the funding, the scope of services, or schedule, of the activities to be undertaken as part of this Agreement, such modifications will be incorporated by written amendment signed by both the City and Subrecipient.
B. **Applicable Law**

Unless otherwise stated to the contrary in this agreement, this contract shall be governed by and interpreted according to the laws of the State of Michigan pertaining to contracts made and to be performed in this state. Notwithstanding any term or condition of this Agreement to the contrary, it is understood by all the parties hereto that nothing in this Agreement will relieve any of the parties from adherence to applicable federal, state, and local laws and regulations.

C. **Applicability of OMB Circulars**

The Subrecipient shall comply with the policies, guidelines and requirements of 2 CFR 200 as they relate to the acceptance and use of CDBG funds.

D. **Arbitration**

Subrecipient agrees that for all claims, disputes, and other matters arising out of or relating to this agreement, Subrecipient must request the City’s consent to arbitrate within 30 days from the date the Subrecipient knows or should have known the facts giving rise to the claim, dispute or question.

1. Notice of a request for arbitration must be submitted in writing by certified mail or personal service upon the City Attorney.

2. Within 60 days from the date a request for arbitration is received by the City, the City shall inform Subrecipient whether it agrees to arbitrate. If the City does not consent, Subrecipient may proceed with an action in a court of competent jurisdiction within the State of Michigan. If the City does consent, then within 30 days of the consent each party shall submit to the other the name of one person to serve as an arbitrator. The two arbitrators together shall then select a third person, the three together shall then serve as a panel in all proceedings. Any unanimous decision of the three arbitrators shall be a final binding decision. The City’s failure to respond to a timely, conforming request for arbitration is deemed consent to arbitration.

3. The costs of the arbitration shall be split and borne equally between the parties and such costs are not subject to shifting by the arbitrator.

4. Subrecipient’s failure to comply with any portion (including timeliness) of this provision shall be deemed a permanent waiver and forfeiture of the claim, dispute, or question.

5. These provisions shall survive the expiration and/or termination of this Contract in perpetuity.
E. Certification, Licensing, Debarment, Suspension and Other Responsibilities
Subrecipient warrants and certifies that Subrecipient and/or any of its principals are properly certified and licensed to perform the duties required by this contract in accord with laws, rules, and regulations, and is not presently debarred, suspended, proposed for debarment or declared ineligible for the award of federal contracts by any Federal agency. Contract may not continue to or be compensated for any work performed during any time period where the debarment, suspension or ineligibility described above exists or may arise in the course of Subrecipient contractual relationship with the City.

Failure to comply with this section constitutes a material breach of this Contract. Should it be determined that the Subrecipient performed work under this contract while in non-compliance with this provision, Subrecipient agrees to reimburse the City for any costs that the City must repay to any and all entities.

F. City Income Tax Withholding
Subrecipient and any subcontractor engaged in this contract shall withhold from each payment to their employees the City income tax on all of their compensation subject to tax, after giving effect to exemptions as follows:

1. Residents of the City:
   At a rate equal to one per cent (1%) of all compensation paid to the employee who is a resident of the City of Flint.

2. Non-residents:
   At a rate equal to one-half of one per cent (1/2%) of the compensation paid to the employee for work done or services performed in the City of Flint.

These taxes shall be held in trust and paid over to the City of Flint in accordance with City ordinances and State law. Any failure to do so shall constitute a substantial and material breach of contract.

G. Compliance
The Subrecipient agrees to comply with all applicable federal requirements of 24 CFR part 570, state and local laws, and all other regulations governing the funds provided under this contract.

H. Disclaimer of Contractual Relationship with Subcontractors
Nothing contained in the Contract Documents shall create any contractual relationship between the City, and a Subrecipient, subcontractor or Sub-subrecipient, retained or working in association with the Subrecipient.
I. **Good Standing**
Subrecipient must remain current and not be in default of any obligations due to the City of Flint, including but not limited to, the payment of taxes, fines, penalties, licenses or other monies due to the City of Flint. Violations of this clause shall constitute a substantial and material breach of this contract. Such a breach shall constitute good cause for the termination of this contract; should the City of Flint decide to terminate on a basis other than conveniences.

J. **Hold Harmless and Indemnification**
To the fullest extent permitted by law, Subrecipient agrees to defend, pay on behalf of, indemnify, and hold harmless the CITY, its elected and appointed officials, employees, volunteers and others working on behalf of the CITY, against any and all claims, demands, suits, or losses, including all costs connected therewith, and for any and all damages which may be asserted, claimed, or recovered against or from the CITY, its elected and appointed officials, employees, volunteers or others working on behalf of the CITY, arising out of this Agreement, including but not limited to those by reason of personal injury, including bodily injury or death and/or property damage, including loss of use thereof, including those which may arise as a result of Subrecipient’s acts, omissions, faults, and negligence or that of any of his employees, agents, and representatives. Should the Subrecipient fail to indemnify the CITY in the above-mentioned circumstances, the CITY may deduct the cost that it incurs from amounts owing under the Agreement without prior notice.

K. **Independent Contractor**
Nothing contained in this agreement is intended to, or shall be construed in any manner, as creating or establishing the relationship of employer/employee between the parties. **It is hereby expressly understood and agreed that Subrecipient is an “independent contractor” as that phrase has been defined and interpreted by the courts of the State of Michigan and, as such, Subrecipient is not entitled to any benefits not otherwise specified herein.** The Subrecipient shall at all times remain an independent contractor with respect to the services to be performed under this agreement. The CITY shall be exempt from Payment of all Unemployment Compensation, FICA, retirement, life and/or medical insurance and Workers' Compensation Insurance as the Subrecipient is an independent contractor.

L. **Insurance/Worker’s Compensation**
The Subrecipient shall not commence work under this contract until he has procured and provided evidence of the insurance required under this section. All coverage shall be obtained from insurance companies licensed and authorized to do business in the State of Michigan unless otherwise approved by the City’s Risk
Manager. Policies shall be reviewed by the City's Risk Manager for completeness and limits of coverage. All coverage shall be with insurance carriers acceptable to the City of Flint. The Subrecipient shall maintain the following insurance coverage for the duration of the contract.

(1) **Commercial General Liability** coverage of not less than one million dollars ($1,000,000) combined single limit with the City of Flint, and including all elected and appointed officials, all employees and volunteers, all boards, commissions and/or authorities and their board members, employees and volunteers, named as an “Additional Insured”. This coverage shall be written on an ISO occurrence basis form and shall include: Bodily Injury, Personal Injury, Property Damage, Contractual Liability, Products and Completed Operations, Independent Contractors; Broad Form Commercial General Liability Endorsement, (XCU) Exclusions deleted and a per contract aggregate coverage. This coverage shall be primary to the Additional Insured, and not contributing with any other insurance or similar protection available to the Additional Insured, whether said other available coverage be primary, contributing, or excess.

(2) **Workers' Compensation Insurance** in accordance with Michigan statutory requirements including Employers Liability coverage.

(3) **Commercial Automobile Insurance** in the amount of not less than $1,000,000 combined single limit per accident with the City of Flint, and including all elected and including all elected and appointed officials, all employees and volunteers, all boards, commissions and/or authorities and their board members, employees and volunteers, named as an Additional Insured. This coverage shall be written on ISO business Auto forms covering Automobile Liability, code “any auto”.

(4) **Professional Liability - Errors and Omissions**. All projects involving the use of Architects, civil engineers, landscape design specialists and other professional services must provide the City of Flint with evidence of Professional Liability coverage in an amount not less than one million dollars ($1,000,000). Evidence of this coverage must be provided for a minimum of three years after project completion.

Any deductibles or self-insured retention must be declared to and approved by the City. In addition, the total dollar value of all claims paid out on the policy shall be declared. At the option of the city, either the insurer shall reduce or eliminate such deductibles or self-insured retention with respect to the City, its officials, employees, agents and volunteers; or the Subrecipient shall procure a bond guaranteeing payment of losses and related investigation, claim administration and defense expense.
The Subrecipient shall furnish the City with two certificates of insurance for all coverage requested and with original endorsements for those policies requiring the Additional Insured status. All certificates of insurance must provide the City of Flint with not less than 30 days advanced written notice in the event of cancellation, non-payment of premium, non-renewal or any material change in policy coverage. In addition, the wording “Endeavor to” and “but failure to mail such notice shall impose no obligation or liability of any kind upon the company, its agents or representatives” must be removed from the standard ACORD cancellation statement. These certificates must identify the City of Flint, Risk Management Division as the “Certificate Holder.” The Subrecipient must provide, upon request, certified copies of all insurance policies. If any of the above policies are due to expire during the term of this contract, the Subrecipient shall deliver renewal certificates and copies of the new policies to the City of Flint at least ten days prior to the expiration date.

The Subrecipient shall ensure that all Subcontractors utilized obtain and maintain all insurance coverage required by this provision.

M. **Liability for Damages and Disallowing Costs**
Notwithstanding any term or condition of this Agreement to the contrary, the Subrecipient shall not be relieved of liability to the City for damages sustained by the City by virtue of any breach of the Agreement by the Subrecipient, or any disallowed cost; and the City shall have the right to demand of the Subrecipient the return of any Agreement funds used for such disallowed costs, and the Subrecipient agrees to comply with such demand.

N. **No Third-Party Beneficiary**
No Subcontractor, sub-subcontractor, mechanic, material man, laborer, vendor, or other person dealing with the principal Subrecipient shall be, nor shall any of them be deemed to be, third-party beneficiaries of this contract, but each such person shall be deemed to have agreed (a) that they shall look to the principal Subrecipient as their sole source of recovery if not paid, and (b) except as otherwise agreed to by the principal Subrecipient and any such person in writing, they may not enter any claim or bring any such action against the City under any circumstances. Except as provided by law, or as otherwise agreed to in writing between the City and such person, each such person shall be deemed to have waived in writing all rights to seek redress from the City under any circumstances whatsoever.

O. **Non-Assignability**
The Subrecipient shall not assign or transfer any interest in this contract without the prior written consent of the City provided, however, that claims for money due or to become due to Subrecipient from the City under this contract may be
assigned to a bank, trust company, or other financial institution without such approval. Notice of any such assignment or transfer shall be furnished promptly to the City.

P. Non-disclosure/confidentiality
The Subrecipient understands that client information collected under this contract is private and the use or disclosure of such information, when not directly connected with the administration of the City's or Subrecipient responsibilities with respect to services provided under this contract, is prohibited by the Michigan Privacy Act unless written consent is obtained from such person receiving service and, in the case of a minor, that of a responsible parent/guardian.

Q. Non-Discrimination:
In addition to any other non-discrimination requirements under State or Federal law, Subrecipient will not discriminate against any employee or applicant for employment because of race, color, creed, religion, ancestry, national origin, sex, disability or other handicap, age, marital status, sexual orientation, gender identity or expression, or status with regard to public assistance. The Subrecipient will take affirmative action to insure that all employment practices are free from such discrimination. Such employment practices include but are not limited to the following: hiring, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff, termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. The Subrecipient agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting agency setting forth the provisions of this nondiscrimination clause.

R. Payment of Withholding and Corporation Taxes and Judgments
During the term of this Agreement, the Subrecipient agrees to provide to the Department of Community and Economic Development, within three working days, a copy of any of the following:

1. Notice from the Internal Revenue Service, the Michigan Department of Treasury, the City of Flint and/or other governmental taxing unit relating to liens, levies, past-due obligations, or judgments of any court; and/or other actions taken by the taxing unit against the Subrecipient.
2. Notice from a bank or other institution of a levy by any of the above taxing units against the account(s) of the Subrecipient.
3. Missing a scheduled payment of withholding and/or corporation taxes and/or scheduled filing of withholding or corporation tax reports to any of the above taxing units.
4. Correspondence generated by the Subrecipient, or any agent acting on
their behalf, to any of the taxing units in response to actions taken by that unit. Failure of the Subrecipient to comply with any of these requirements in full, and in a timely manner, will result in immediate withholding of funds to the Subrecipient until the matter is resolved to the City's satisfaction. Failure on the part of Subrecipient to promptly and fully resolve any outstanding tax problems may result in a recommendation by City staff to the City Council for termination of the Agreement.

This certification is required by the City to determine if the Subrecipient is complying with all the terms and conditions of the Agreement and that it is not intended to be a guarantee to any taxing unit that taxes have been or will be paid.

S. R-12 Prevailing Wages and Union compliance
The Subrecipient is aware of City of Flint Resolution #R-12 dated April 8, 1991, which is hereby incorporated by reference, and agrees to abide by all of the applicable covenants and requirements set forth in said resolution which is attached hereto.

Subrecipient agrees to comply with all regulations and requirements of any national or local union(s) that may have jurisdiction over any of the materials, facilities, services, or personnel to be furnished by the City.

T. Records/Proprietary Interests of City
All documents, information, reports and the like prepared or generated by the Subrecipient as a result of this contract shall become the sole property of the City of Flint.

U. Rights and Obligations of the City
1. Rights: The CITY shall have the right to:
   A. Have access to and examine the books, records, and files of the Subrecipient insofar as is necessary to determine compliance with the terms and conditions of this Agreement.
   B. Visit any site, interview any beneficiary, and observe any action covered by this Agreement.
   C. Determine the allowability of any cost or expenditure and require of Subrecipient, in writing and within a specified period of time, the reimbursement to the City of any disallowed cost or expenditure paid for by the City. Moreover, if the allowability of expenditures cannot be determined because records or documentation are inadequate, the questionable cost will be declared disallowed and the Subrecipient shall reimburse the City for the amount of such disallowed cost.
   D. Promulgate and require adherence to standards, forms, instructions, and procedures for record keeping and reporting by the Subrecipient, and
to unilaterally modify or amend those standards, forms, instructions, and procedures to which the Subrecipient must adhere.

2. **Obligations**: The CITY shall have the obligation to:
   A. Make available for review by the Subrecipient each and every act, regulation, rule, and law that is specifically named and incorporated into this Agreement.
   B. Notify the Subrecipient of any changes in such act, regulation, rule, and law that is specifically named and incorporated in this Agreement, which may affect the Subrecipient’s performance under the terms and conditions of this Agreement.
   C. Provide the Subrecipient with reporting forms, along with written instructions and procedures, as required by the City.

V. **Safeguarding of Assets Related to Grants/Loans (If Applicable)**

The Subrecipient shall perform the following actions:

1. Execute documents, whether modifications of existing agreements or new agreements, naming the City of Flint (“Flint”) in place of the Subrecipient as lender and/or obligee as with all documents executed in connection with any loan(s) or grant(s) received by the Subrecipient;
2. Execute any documents required under the Subrecipient’s original agreement(s) relating to its CDBG grant(s)/loan(s) that have not been executed, if any. These shall name Flint as the lender/obligee;
3. Replace Subrecipient’s name with Flint on any insurance policies to the extent that Subrecipient has, or is required to be named as an additional insured or beneficiary. If Subrecipient was required to obtain insurance policies but has not, it shall do so immediately with Flint named as additional insured;
4. Execute any and all other documents necessary to grant Flint all of the rights that Subrecipient had under the terms of the loan(s) or grant(s) received by the Subrecipient.
5. Execute any documents necessary to satisfy the requirements of the United States Department of Housing and Urban Development or any other branch of the United States government having jurisdiction.

The documents necessary to effectuate this requirement shall be subject to the sole approval of Flint. The documents shall insure that Flint all the same priority as to any secured property as Subrecipient.

W. **Severability**

In the event that any provision contained herein shall be determined by a court or administrative tribunal to be contrary to a provision of state or federal law or to be unenforceable for any reason, then, to the extent necessary and possible to
render the remainder of this Agreement enforceable, such provisions may be modified or severed by such court or administrative tribunal so as to, as nearly as possible, carry out the intention of the parties hereto, considering the purpose of the entire Agreement in relation to such provision.

The invalidation of one or more terms of this contract shall not affect the validity of the remaining terms.

X. **Suspension or termination/reversion of assets**

Either party may terminate this contract at any time by giving written notice at least 30 days before the effective date of such termination to the other party of such termination and specifying the effective date. Partial terminations of the scope of service in paragraph I (A) above may only be undertaken with the prior approval of the city. In the event of any termination for convenience, all finished or unfinished documents, data, studies, surveys, maps, models, photographs, reports or other materials prepared by Subrecipient under this agreement shall, at the option of the city, become the property of the city, and Subrecipient shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents or materials prior to the termination. The Subrecipient agrees to adhere to all requirements as outlined in 2 CFR 200 Subpart D, §200.339 - §200.342. These requirements include all contracts in excess of $10,000 must address termination for cause and for convenience by the non-federal entity including the manner by which it will be effected and the basis for settlement.

The CITY may also suspend or terminate this Agreement if Subrecipient materially fails to comply with any term of this Agreement, or with any of the rules, regulations or provisions referred to herein; and the CITY may declare the Subrecipient ineligible for any further participation in CITY contracts in accordance with 2 CFR 200.

This agreement may be terminated by the CITY for reasons of substandard or non-performance, diminution of funds, or any reasons related to changing objectives of the Community Development Block Grant Program or the Agency. The CITY reserves the right to cancel Subrecipient contracts for non-compliance with Section VI (C) requirements. Three months of non-compliance may result in automatic termination.

Upon termination and/or expiration of this Agreement, the Subrecipient shall transfer to the City any CDBG funds on hand, and any accounts receivable attributable to the use of CDBG funds.

Upon expiration of this Agreement, any real property under the Subrecipient's
control that was acquired or improved in whole or in part with CDBG funds in excess of $25,000 is either:

1. Used to meet one of the national objectives in 24 CFR 570.208 until five years after expiration of the agreement, or for such longer period of time as determined to be appropriate by the City; or
2. Not used in accordance with the above paragraph, in which event the Subrecipient shall pay to the City an amount equal to the current market value of the property less any portion of the value attributable to expenditures of non-CDBG funds for the acquisition or improvement to, the property.

Y. Standards of Performance
The Subrecipient agrees to exercise independent judgment and to perform its duties under this contract in accordance with sound professional practices. The CITY is relying upon the professional reputation, experience, certification and ability of the Subrecipient. The Subrecipient agrees that all of the obligations required by them under this Contract shall be performed by them or by others employed by them and working under their direction and control. The continued effectiveness of this contract during its term or any renewal term shall be contingent, upon the Subrecipient maintaining his certification in accordance with the requirements of the state law.

Z. Subcontracting
No subcontract work, if permitted by the CITY, shall be started prior to the written approval of the subcontractor by the CITY. The CITY reserves the right to accept or reject any subcontractor. Any Subagreement (or Contract) entered into by the Subrecipient, for the performance of functions or provision of services under this Agreement, shall be in writing and shall provide that the Subagreement (or Subcontract) recipient shall be bound by all of the applicable terms and conditions of this Agreement, with City of Flint approval.

AA. Waiver
Failure of the CITY to insist upon strict compliance with any of the terms, covenants, or conditions of this Agreement shall not be deemed a waiver of any term, covenant, or condition. Any waiver or relinquishment of any right or power hereunder at any one or more times shall not be deemed a waiver or relinquishment of that right or power at any other time.

VI. ADMINISTRATIVE REQUIREMENTS
A. Financial Management

1. Accounting Standards
   a. The Subrecipient agrees to comply with Section 2 CFR 200 Subpart D and agrees to adhere to the accounting principles and procedures required, utilize adequate internal controls, and maintain necessary source documentation for all costs incurred.

   b. The Subrecipient agrees to record all project costs following generally accepted accounting principles and to file reports as required on a cash accounting basis unless waived in writing by the CITY. A separate account number (Fund) or cost recording system must separate all direct and indirect project costs from the Subrecipient’s other or general expenditures.

   c. The Subrecipient agrees to establish and follow a cost-allocation plan approved by the CITY for those costs in this Agreement’s budget being shared with other projects or funds operated by the Subrecipient.

2. Cost Principles

   The Subrecipient shall administer its program in conformance with 2 CFR 200 Subpart E as applicable;

3. Deposit of Advanced Agreement Funds

   All Agreement funds deposited before expenditure (advance) shall be deposited in a non-interest bearing account at a federally insured financial institution. The earning of interest on advanced Agreement funds is prohibited.

B. Documentation and Record-Keeping

1. Records to be maintained:

   The Subrecipient shall maintain all records required by the federal regulations specified in 2 CFR 200 Subpart D, and that are pertinent to the activities to be funded under this Agreement. Such records shall include but not be limited to:

   A. Records providing a full description of each activity undertaken;
   B. Records demonstrating that each activity undertaken meets one of the National Objectives of the CDBG program;
   C. Records required to determine the eligibility of activities;
   D. Records required to document the acquisition, improvement, use of disposition of real property acquired or improved with CDBG assistance;
   E. Records documenting compliance with the fair housing and equal opportunity components of the CDBG program;
   F. Financial records as required by 2 CFR 200; and
   G. Other records necessary to document compliance with Subpart K of 24 CFR 570, where applicable.
2. **Access to Records**
The Subrecipient shall grant access to the City of Flint, HUD, the Comptroller General of the United States, or any of their duly authorized representatives to any books, documents, papers, and records which are directly pertinent to this contract, for the purpose of making audit, examination, excerpts, and transcriptions. Failure of a Subrecipient to cooperate during a HUD monitoring review may result in suspension or termination of existing, and potentially, future, contracts.

3. **Retention**
The Subrecipient shall retain all records pertinent to expenditures incurred under this contract for a period of seven (7) years after the termination of all activities funded under this agreement, or after the resolution of all Federal audit findings, which ever occurs later. Records for non-expendable property acquired with funds under this contract shall be retained for seven (7) years after final disposition of such property. Records for any displaced person must be kept for seven (7) years after final payment.

4. **Client Data**
The Subrecipient shall maintain data demonstrating applicant/participant eligibility. Such data shall include, but not be limited to applicant name, address, income level, or other basis for determining eligibility. Such information shall be made available to the City for review, in the format and frequency determined by the City.

5. **Property Records/Management**
The Subrecipient shall maintain real property inventory records which clearly identify properties purchased, improved, or sold. Properties retained shall continue to meet eligibility criteria and shall conform with the "changes in use" restrictions specified in 2 CFR Part 200 Subpart D, as applicable.

   a. The City retains title to all non-expendable personal property acquired with Agreement funds or transferred by the City to the Subrecipient for use in carrying out Agreement activities.

   b. The Subrecipient agrees to establish and maintain a property management system whenever it purchases, with Agreement funds (either in whole or in part), tangible personal property having a useful life of one year or more and an acquisition cost of $500 or more per unit. Such a system shall also include items transferred by the City to the Subrecipient for use in carrying out Agreement activities.

   c. The Subrecipient shall maintain a record of each item included in the
property management system that shall include the following:
1. A description of the property

2. Manufacturer's model and serial numbers, Federal stock number, national stock number, City identification number, or other identification number

3. Source of the property, including grant or other agreement number

4. Whether title is vested in the Subrecipient, the City, or the Federal Government

5. Acquisition date (or date received if the properties as furnished by the Federal Government or by the City) and unit acquisition cost

6. Location, use and condition of the property and the date the information was reported

7. Ultimate disposition data, including date of disposal and sales price or the method used to determine current fair market value where a recipient compensates the Federal sponsoring agency or the City for its share

8. Percentage (at the end of the budget year) of Federal or City participation in the cost of the item

d. The Subrecipient shall conduct an annual physical inventory of items in the property management system, and shall reconcile that to the property record.

e. At the City's convenience, a determination shall be made by the City regarding the disposition of each of the property items.

f. The Subrecipient's property management system shall include safeguards to prevent loss, damage or theft of the property. Any loss, damage, or theft of nonexpendable property shall be investigated by the Subrecipient and fully documented and reported to the City.

g. The Subrecipient agrees to implement adequate maintenance procedures to keep the property in good condition.
h. The Subrecipient agrees that it will not cause or allow the property to become encumbered in any manner, sold, or otherwise disposed of without written consent of the City.

6. **Close-Outs**
The Subrecipient's obligation to the City shall not end until all close-out requirements are completed. Activities during this close-out period shall include, but are not limited to: making final payments, disposing of program assets (including the return of all unused materials, equipment, unspent cash advances, program income balances, and receivable accounts to the City,) and determining the custodianship of records. Subrecipient shall adhere to regulations as outlined in 2 CFR Part 200 Subpart D, where applicable.

7. **Audits & Inspections**
The Subrecipient shall submit a copy of an audit of its financial records, performed by an independent Certified Public Accountant, for each fiscal year of the Subrecipient that includes any part of the period of performance of this Agreement. Such audit reports are subject to the audit requirements of 2 CFR Part 200 Subpart F, as applicable, and shall be completed using a reporting format approved in writing by the City and submitted within 180 days following the close of the Subrecipient's fiscal year. The auditor must also prepare an IRS Form-990 and a Management Letter and/or Report on Internal Controls relating to the audit, and a copy of those must be submitted with the audit report. The cost of these audits shall be borne by the Subrecipient.

All Subrecipient records with respect to any matters covered by this agreement shall be made available to the City, their designees or the Federal Government, at any time during normal business hours, as often as the City deems necessary, to audit, examine, and make excerpts or transcripts of all relevant data. Any deficiencies noted in audit reports must be fully cleared by the Subrecipient within 30 days after receipt by the Subrecipient. Failure of the Subrecipient to comply with the above audit requirements will constitute a violation of this contract and may result in the withholding of future payments. The Subrecipient hereby agrees to have an annual agency audit conducted in accordance with current City policy concerning Recipient audits, and as applicable, 2 CFR Part 200 Subpart F.

8. **Copyrights and Rights to Data**
If this contract results in any copyrightable materials, HUD and the City of Flint reserves the right to royalty-free, non-exclusive and irrevocable license to reproduce, publish or otherwise use, and to authorize to use, the work or materials for government purposes.
If this contract results in any discovery or invention, HUD and the City of Flint shall retain any and all patent rights which arise or is developed in the course of or under said contract.

The Subrecipient shall adhere to regulations as out lined in 2 CFR Part 200 Appendix II(F).

C. Reporting and payment Procedures (2 CFR Part 200 Subpart D)

1. Budgets
The Subrecipient will submit a detailed contract budget of a form and content prescribed and approved by the City. The City and the Subrecipient may agree in writing to revise the budget from time to time in accordance with existing City policies.

2. Program Income
   a.) The Subrecipient shall retain all program income, and report same to the City on a monthly basis. The use of program income by the Subrecipient shall comply with the requirements set forth in 2 CFR 200 Subpart D. Furthermore, all program income will be utilized only for eligible project costs. Additionally, program income must be expended prior to requesting additional funds.
   b.) The amount of program income received by the Subrecipient does not increase the amount available under the agreement, but is incorporated into the total amount available for use during the contract period.
   c.) Failure to comply with the requirements shall result in the Subrecipient being required to return all program income to the City for use in other eligible program activities.

3. Indirect Costs
In order to charge indirect costs, the Subrecipient must develop an indirect cost allocation plan to determine the appropriate City share of administrative costs. This plan must be approved by both the City and HUD prior to implementation.

4. Payment Procedures
The City will pay to the Subrecipient funds available under this contract based upon information submitted by the Subrecipient and consistent with any approved budget and City policy concerning payments. Payments will be made for eligible expenses actually incurred by the Subrecipient, not to exceed actual cash requirements. In addition, the City reserves the right to liquidate funds available under this contract for costs incurred by the City on behalf of the Subrecipient.

5. Reimbursement of Ineligible Expenses
If funds disbursed to Service Provider are later determined to be ineligible expenses according to HUD, the Service Provider will be required to reimburse
the City of Flint in full for all such determined ineligible activities.

The Service Provider agrees to reimburse the City of Flint for any cost disallowed by HUD, which result in the City repaying said costs to HUD.

6. **Progress Reports**
The Subrecipient shall submit regular monthly Progress Reports to the City in the form and content required by the City. Activity reports shall be submitted to the City by the 15th day of the following month, for the previous month’s activities. These are required even if the agency is not submitting a request for reimbursement.

D. **Procurement**

1. **Compliance**
The Subrecipient shall comply with current city policy concerning the purchase of equipment and shall maintain inventory records of all non-expendable personal property as defined by such policy as may be procured with funds provided herein. All program assets (unexpended program income, property, equipment, etc.) shall revert to the City upon termination of this contract.

2. **Federal Procurement Standards**

3. **Women/Minority-owned Business Enterprises (W/MBE)**
The Subrecipient will afford minority and women-owned business enterprises the maximum practicable opportunity to participate in the performance of this contract. The term minority and female business enterprise means a business at least fifty-one (51) percent owned and controlled by minority group members or women. For the purpose of this definition, minority group members are Afro-Americans, Spanish-speaking, Spanish surnamed or Spanish-heritage Americans, Asian-Americans, and American Indians. The Subrecipient may rely on written representations by businesses regarding their status as minority and female business enterprises in lieu of an independent investigation.

4. **Notifications**
The Subrecipient will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract, a notice advising the labor union or worker's representative of the Subrecipient's commitments hereunder, and shall post copies of the notice in conspicuous places.

5. **Equal Employment Opportunity/Affirmative Action (EEO/AA) Statement**
The Subrecipient will, in all solicitations or advertisements for employees placed
by or on behalf of the Subrecipient, state that it is a Federally Regulated Equal Employment Opportunity or Affirmative Action employer.

The applicant hereby agrees that it will incorporate or cause to be incorporated into any contract for construction work, or modification thereof, as defined in the regulations of the Secretary of Labor at 41 CFR Chapter 60, which is paid for in whole or in part with funds obtained from the Federal Government or borrowed on the credit of the Federal Government pursuant to a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance, or guarantee, the following equal opportunity clause:

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee’s essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an
investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such
direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.
The Subrecipient shall comply with Executive Order 11246 of September 24, 1965, entitled Equal Employment Opportunity, as amended by Executive Order 11375 of October 13, 1967, and as supplemented by regulations at 41 CFR 60, Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor and take affirmative action in hiring, training, and promoting minority group persons and women to bring about reasonably representative integration of their employees. For purposes of this Agreement, a "minority group person" includes one of the following:

a. Black (all persons having origins in any of the Black African racial groups not of Hispanic origin)
b. Hispanic (all persons of Mexican, Puerto Rican, Cuban, Central and South American, or other Spanish Culture or origin, regardless of race)
c. Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands)
d. American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation of community identification).

The equal opportunity clause published at 41 CFR 60-1.4(b) is required to be included in, and is a part of, all nonexempt federally assisted construction contracts and subcontracts. In addition to the clauses described above, all Federal contracting officers, all applicants and all nonconstruction contractors, as applicable, shall include the specifications set forth in this section in all Federal and federally assisted construction contracts in excess of $10,000.

The Notice of Requirement for Affirmative Action to Ensure Equal Employment Opportunity (outlined at Executive Order 11246 and included in the CITY’s Standard Operating Procedures) is required to be included in all nonexempt Federal and federally assisted construction contracts in excess of $10,000.

The Subrecipient further agrees to review or examine with the City relevant employment data and other information pertaining to its hiring practices.

The City of Flint is required to follow the Federally Regulated Affirmative Action Compliance Program. The Subrecipient will include the provisions of Paragraphs VII A, Civil Rights, and B, Affirmative Action, in every subcontract or purchase order, specifically or by reference, so that such provisions will be binding upon each Subrecipient or vendor.
7. **Bid Opening Procedures**
   a. Bids shall be submitted sealed to the Subrecipient and shall be identified as a sealed bid on the envelope.
   b. Opening of bids shall be done in public at the time and place stated (at the City of Flint, Division of Community and Economic Development – PLEASE REFER TO STANDARD OPERATING PROCEDURES FOR BID PROCESS).
   c. A tabulation of all bids received must be made available for public inspection. A copy of the bid opening and tabulation form must be sent to the Program Monitor for approval before formal awarding of bid.
   d. The Subrecipient shall submit a copy of its purchasing policies and procedures annually to the City.

E. **Travel**
The Subrecipient shall obtain written approval from the City for any travel outside the metropolitan area with funds provided under this contract.

F. **Relocation, Acquisition and Displacement**
The Subrecipient agrees to comply with 2 CFR Part 200 Subpart D relating to the acquisition and disposition of all real property utilizing grant funds, and to 49 CFR Part 24 regarding the displacement of persons, businesses, nonprofit organizations and farms occurring as a direct result of any acquisition of real property utilizing grant funds. The Subrecipient agrees to comply with applicable Ordinances, Resolutions, and Policies concerning displacement of individuals from their residences.

VII. **PERSONNEL & PARTICIPANT CONDITIONS**

A. **Civil Rights**
   1. **Compliance**
The Subrecipient agrees to comply with Title VI of the Civil Rights Act of 1964 as amended, Title VIII of the Civil Rights Act of 1968 as amended, Section 104(b) and Section 109 of Title I of the Housing and Community Development Act of 1974, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, Executive Order 11063, and with Executive Order 11246 as amended by Executive Orders 11375 and 12086. (24 CFR 85.36(l)(3))

   2. **Nondiscrimination**
The Subrecipient will not discriminate against any employee or applicant for employment because of race, color, creed, religion, ancestry, national origin, sex, disability or other handicap, age, marital status, sexual orientation, gender identity or expression, or status with regard to public assistance.
Subrecipient will take affirmative action to insure that all employment practices are free from such discrimination. Such employment practices include but are not limited to the following: hiring, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff, termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. The Subrecipient agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting agency setting forth the provisions of this nondiscrimination clause.

This nondiscrimination requirement is in accordance with one or more of the following Federal and State laws, regulations, and executive orders:

a. Fair Housing Act (42 U.S.C. 3601 et seq) and implementing regulations at 24 CFR part 100
b. Executive Order 11063 and implementing regulations at 24 CFR Part 107
d. Age Discrimination Act of 1975 (42 U.S.C. 6101-6107) and implementing regulations at 24 CFR Par 146
e. Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and implementing regulations at 24 CFR Part 8
f. Executive Order 11246 and the regulations issued at 41 CFR Chapter 60;
g. Executive Orders 11625, 12432, and 12138

3. Land Covenants
This contract is subject to the requirements of Title VI of the Civil Rights Act of 1964 (P.L. 88-352) and 24 CFR 570.601 and 602. In regard to the sale, lease, or other transfer of land acquired, cleared or improved with assistance provided under this contract, the Subrecipient shall cause or require a covenant running with the land to be inserted in the deed or lease for such transfer, prohibiting discrimination as defined, in the sale, lease or rental, or in the use or occupancy of such land, or in any improvements erected or to be erected thereon, providing that the City and the United States are beneficiaries of and entitled to enforce such covenants. The Subrecipient, in undertaking its obligation to carry out the program assisted hereunder, agrees to take such measures as are necessary to enforce such covenant.

4. Section 504
The Subrecipient agrees to comply with any federal regulations issued pursuant to compliance with Section 504 of the Rehabilitation Act of 1973,
(29 U.S.C. 706) which prohibits discrimination against the handicapped in any federally assisted program.

B. Employment Restrictions

1. Prohibited Activity

CDBG funds shall not be used to finance the use of facilities or equipment for political purposes or to engage in other partisan political activities, such as candidate forums, voter transportation, or voter registration. However, a facility originally financed in whole or in part with CDBG funds may be used on an incidental basis to hold political meetings, candidate forums, or voter registration campaigns, provided that all parties and organizations have access to the facility on an equal basis, and are assessed equal rent or use charges, if any.

The Subrecipient is also prohibited from using funds provided herein or personnel employed in the administration of the program for political activities, sectarian or religious activities.

No funds, materials, property, or services provided directly or indirectly under this Agreement shall be used for publicity or propaganda purposes designed to support or defeat legislation pending before the Congress of the United States, the legislature of the State of Michigan, or any local legislative body unless such use of funds is authorized in writing by the City.

No CDBG funds shall be paid, by or on behalf of the Subrecipient, to any person of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

If any funds other than CDBG funds have been or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

The Subrecipient shall require that the language in this section be included in the award documents for all subawards at all tiers (including subcontracts,
subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

2. **OSHA**
   Where employees are engaged in activities not covered under the Occupational Safety and Health Act of 1970, they shall not be required or permitted to work, be trained, or receive services in buildings or surroundings or under working conditions which are unsanitary, hazardous or dangerous to the participants' health or safety.

3. **Right to Know**
   Participants employed or trained for dangerous occupations, e.g., fire or police jobs, shall be assigned to work in accordance with reasonable safety practices. The Subrecipient will comply with the Michigan Right to Know Act.

4. **Labor Standards** (2 CFR Part 200, Appendix II)
      The Subrecipient shall comply with the Copeland Anti-Kickback Act as supplemented by Department of Labor regulations (29 CFR Part 3, Contractors and Subcontractors on Public Building or public Work Financed in Whole or in Part by Loans or Grants from the United States.) The Act provides that contractors or subcontractors shall be prohibited from inducing by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which they are otherwise entitled. All suspected or reported violations must be reported to HUD.

   b. **Davis-Bacon Act (40 U.S.C. 276A-7)**
      The Subrecipient shall comply with the Davis-Bacon Act, as supplemented by Department of Labor regulations (29 CFR Part 5, Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction). Under this Act, contractors shall be required to pay wages to laborers and mechanics at a rate not less than the minimum wages specified in a wage determination made by the Secretary of Labor. In addition, contractors shall be required to pay wages not less than once a week. All suspected or reported violations must be reported to HUD.

   c. **Contract Work Hours and Safety Standards Act (40 U.S.C. 327-333)**
      The Subrecipient shall comply with the Contract Work Hours and Safety Act, as supplemented by Department of Labor regulations
(29 CFR Part 5). Under the Act, each contractor shall be required to compute the wages of every mechanic and laborer on the basis of a standard workweek of 40 hours. Work in excess of the standard workweek is permissible provided that the worker is compensated at a rate of not less than 1½ times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The Act also provides that no laborer or mechanic shall be required to work in surroundings or under working conditions that are unsanitary, hazardous or dangerous. These requirements do not apply to the purchase of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

The Subrecipient shall maintain documentation, which demonstrates compliance with hour and wage requirements. Such documentation shall be made available to the City for review upon request.

The Subrecipient shall cause or require to be inserted in full, in all such contracts subject to such regulations, provisions meeting the requirements of this paragraph, for such contracts in excess of $10,000.00.

The Subrecipient agrees that, except with respect to the rehabilitation or construction of residential property of less than eight (8) households, all contractors engaged under contracts in excess of $2,000.00 for construction, renovation or repair of any building or work financed in whole or in part with assistance provided under this contract, shall comply with federal requirements adopted by the City pertaining to such contracts and with the applicable requirements of the regulations of the Department of Labor, under 29 CFR, Parts 1, 3, 5 and 7 covering the payment of wages and ratio of apprentices and trainees to journeymen; provided, that if wage rates higher than those required under the regulations are imposed by state or local law, nothing is intended to relieve the Subrecipient of its obligation, if any, to require payment of the higher wage.

5. "Section 3" Clause
   a. Compliance

Compliance with the provisions of Section 3, the regulations set forth in 24 CFR 135, and all applicable rules and orders issued hereunder prior to the execution of this contract, shall be a
condition of the federal financial assistance provided under this contract and binding upon the City, the Subrecipient and any Subrecipients. Failure to fulfill these requirements shall subject the City, the Subrecipient and any Subrecipients, their successors and assigns, to those sanctions specified by the agreement through which federal assistance is provided. The Subrecipient certifies and agrees that no contractual or other disability exists which would prevent compliance with these requirements. The Subrecipient further agrees to comply with these "Section 3" requirements and to include the following language in all subcontracts executed under this agreement:

"The work to be performed under this contract is a project assisted under a program providing direct federal financial assistance from HUD and is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701. Section 3 requires that to the greatest extent feasible opportunities for training and employment be given to lower income residents of the project area and contracts for work in connection with the project be awarded to business concerns which are located in, or owned in substantial part by persons residing in the areas of the project."

Section 3 compliance is triggered when the normal completion of construction and rehabilitation projects and projects arising from such, creates the need for new employment, contracting or training opportunities. The Subrecipient should refer to the CITY’s Standard Operating Procedures for full Section 3 reporting and monitoring requirements.

The Subrecipient certifies and agrees that no contractual or other disability exists which would prevent compliance with the requirements.

b. Notifications

The Subrecipient agrees to send to each labor organization or representative of workers with which it has a collective bargaining agreement or other contract or understanding, if any, a notice advising said labor organization or worker's representative of its commitments under this Section 3 clause and shall post copies of the notice in conspicuous places available to employees and applicants for employment or training.
c. **Subcontracts**
   The Subrecipient will include this Section 3 clause in every subcontract and will take appropriate action upon finding that the Subrecipient is in violation of regulations issued by the City. The Subrecipient will not subcontract with any Subrecipient where it has notice or knowledge that the latter has been found in violation of regulations under 24 CFR 135 and will not let any subcontract unless the Subrecipient has first provided it with a preliminary statement of ability to comply with the requirements of these regulations.

C. **Conduct**
   1. **Hatch Act**
      The Subrecipient agrees that no funds provided, nor personnel employed under this contract, shall be in any way or to any extent engaged in the conduct of political activities in violation of Chapter 15 of Title V United States Code, per the Hatch Act of 1939, as amended.

   2. **Conflict of Interest**
      In addition to the conflicts-of-interest requirements in 2 CFR Part 200 Subpart B, §200.112, no person-
      a. Who is an employee, agent, consultant, officer, or elected or appointed official of the Subrecipient and who exercises or has exercised any functions or responsibilities with respect to assisted activities, or
      b. Who is in a position to participate in a decision making process orgain inside information with regard to such activities - may obtain a personal or financial interest or benefit from the activity, or have an Interest in any contract, subcontract, or agreement with respect thereto, or the proceeds thereunder, either for him or herself or for those with whom he or she has family or business ties, during his or her tenure, or for one year thereafter, unless a waiver is obtained from HUD.

      The Subrecipient must inform the City, in writing, of all cases of potential conflict of interest for a determination of applicability of this requirement.

   3. **Subcontracts** (2 CFR Part 200, Subpart D)
      a. **Selection and Approvals**
         No subcontract work, if permitted by the City, shall be started prior to the written approval to the Subrecipient by the City. The City reserves the right to accept or reject any subcontractor.
The Subrecipient shall insure that all subcontracts included in the performance of this agreement shall be awarded on a fair and open competition basis. Executed copies of all subcontracts shall be forwarded to the City along with documentation concerning the selection process.

b. Monitoring

The Subrecipient will monitor all subcontracted services on a regular basis to assure contract compliance. Results of monitoring efforts shall be summarized in written reports and supported with documented evidence of follow-up actions taken to correct areas of noncompliance.

c. Content

The Subrecipient shall cause all of the provisions of this contract in its entirety to be included in and made a part of any subcontract executed in the performance of this agreement.

4. Religious Organization

The Subrecipient agrees that funds provided under this contract will not be utilized for religious activities, to promote religious interests, or for the benefit of a religious organization in accordance with the federal regulations specified in 24 CFR 570.200(j).

The Subrecipient hereby certifies that:

a. No federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee or any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

b. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, “Disclosure Form to Report Lobbying”, in
accordance with its instructions;
c. It will require that the language of paragraph (d) of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all Subrecipients shall certify and disclose accordingly; and
d. **Lobbying Certification**
   - This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file this required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

**VIII. ENVIRONMENTAL CONDITIONS**

The Subrecipient shall comply with all applicable standards, orders, or requirements issued under Section 306 of the Clean Air Act (42 U.S.C. 7401-7671), Section 508 of the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), Executive Order 1738, and Environmental Protection Agency regulations (40 CFR Part 15).

The Subrecipient agrees to comply with the following regulations as they apply to the performance of this contract:

**A. Clean Air Act & Federal Water Pollution Control Act (2 CFR Part 200, Appendix II)**
Contracts and subgrants of amounts in excess of $150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

**B. Flood Disaster Protection**
The Subrecipient agrees to comply with the requirements of the Flood Disaster Protection Act of 1973 (P.L.-2234) in regard to the sale, lease or other transfer of land acquired, cleared or improved under the terms of this contract, as it may apply to the provisions of this contract.

**C. Lead-Based Paint**
The Subrecipient shall comply with all applicable requirements of the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. 4821-4846) and implementing regulations at 24 CFR part 35 and the Community Development Block Grant
regulations regarding lead based paint at 24 CFR 570.608. Such regulations pertain to all HUD-assisted housing and require that all owners, prospective owners, and tenants or properties constructed prior to 1978 be properly notified that such properties may include lead-based paint. Such notification shall point out the hazards of lead-based paint and explain the symptoms, treatment and precautions that should be taken when dealing with lead-based paint poisoning.

D. Historic Preservation
The Subrecipient agrees to comply with the Historic Preservation requirements set forth in the National Historic Preservation Act of 1966, as amended (16 U.S.C. 470) and the procedures set forth in 36 CFR, Part 800, Protection of Historic Properties, insofar as they apply to the performance of this contract.

In general, this requires concurrence from the State Historic Preservation Officer for all rehabilitation and demolition of historic properties that are fifty years old or older or that are included on a Federal, State, or local historic property list.

The Subrecipient also agrees to comply with the provision of the City Ordinance governing Historic properties and districts, and the City’s Environmental Standard Operating Procedures.

E. Energy Efficiency Standards (24 CFR 85.36(l)(13))
The Subrecipient shall comply with all mandatory standards and policies relating to energy efficiency, which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871)

IX. WHOLE AGREEMENT/IDENTIFICATION OF CONTRACT DOCUMENTS
This written agreement, including documents cited herein or affixed hereto (Attachment A), embody the entire agreement between the parties. Any additions, deletions or modifications hereto must be in writing and signed by both parties.
IN WITNESS WHEREOF, the Parties have executed this contract as of the date first written above.

APPROVED AS TO FORM:

WITNESS:

[Signature]  
Date: [Signature]
WHEREAS, it is in the best interests of the people of the City of Flint that
the construction work performed on its property, with its money and for the
benefit of its citizens, be done by contractors and subcontractors who pay pre-
vailing wages and fringe benefits.

NOW, THEREFORE, BE IT RESOLVED, by this City Council that:

1. Every Contract, as defined herein, entered into by the City of Flint or with
    its contracting agent must contain the following express covenants:

    (a) The rates of wages and fringe benefits paid to each construction
        mechanic employed by the contractor and any subcontractor, who furnishes labor
        on the project which is the subject of this contract, shall be not less than the
        prevailing wages and fringe benefits for such labor in the City of Flint.

    (b) The contractor and any subcontractor shall not discriminate against any
        employee or applicant for employment with respect to hire, tenure, terms, con-
        ditions or privileges of employment because of race, color, religion, national
        origin, ancestry, sex or age during the term of this contract.

2. Every contract executed between the City of Flint, or its contracting
    agent, and a successful bidder as Contractor, which Contract requires or
    involves the employment of construction mechanics, and which is financed in
    whole or in part by the City, shall contain a wage and fringe benefits schedule
    for each class of construction mechanic called for by the contract, which
    respective wage and fringe benefits schedule shall be, at least, the prevailing
    wage and fringe benefits rates paid to that class of construction mechanics
in the City of Flint as determined by collective bargaining agreements or understandings between bona fide organizations of construction mechanics and their employers. Such agreements or understandings, to meet the requirements of this paragraph, shall not be controlled in any way by either an employee or employer organization. Each schedule of prevailing rates of wages and fringe benefits shall be made a part of the specifications for the work to be performed.

3. Every contractor and subcontractor shall keep posted on the construction site, in a conspicuous place, a copy of all prevailing wage and fringe benefits rates prescribed in the contract and shall keep accurate records showing the name and occupation of, and actual wages and benefits paid to each construction mechanic employed by said contractor or subcontractor in connection with said contract.

4. If the contractor or subcontractor violates or is in breach of either covenant set forth in paragraph 1 above, the Purchasing Agent, or the contracting agent, if any, shall proceed to enforce said covenant in accordance with the terms of the contract and/or by seeking any remedy authorized by state law.

5. Any construction mechanic of a contractor under contract with the City of Flint, or its contracting agent, or a construction mechanic of a subcontractor of such contractor, or any bona fide organization representing construction mechanics, may file a written complaint with the Purchasing Agent of the City of Flint, or its contracting agent, if any, challenging the compliance by the contractor or subcontractor with the covenants of paragraph 1. The Purchasing Agent or contracting agent shall then conduct an investigation to determine whether to proceed as provided in paragraph 4 above.

6. In addition to any other lawful remedy, any contractor or subcontractor
found by a court of competent jurisdiction to be in violation of this resolution and/or in breach of the covenants of a contract with the City of Flint or its contracting agent shall be subject to the provisions of Section 18-21.1(j) of the Flint City Code.

7. As used herein,

(a) "Contracting Agent" means any officer, board, commission, department, agency, or organization authorized to enter into a contract by or on behalf of the City of Flint.

(b) "Contract" means any agreement as a result of competitive bids or otherwise, for new construction, alteration, repair, installation, painting, decorating, completion, demolition, conditioning, reconditioning or improvement of public buildings, works, bridges, highways or roads, which is to be performed in the City of Flint and either on City of Flint property or financed by or through the City of Flint.

(c) "Construction Mechanic" means any skilled or unskilled mechanic, laborer, worker, helper, assistant, apprentice or driver, but shall not include executive administrative, professional, office employees, and shall not include City of Flint employees who are working pursuant to a collective bargaining agreement between said city and a bonafide labor organization.

8. Contracts which contain provisions requiring the payment of prevailing wages as determined by the United States Secretary of Labor pursuant to the Federal Davis-Bacon Act (United States Code, title 40, Section 276a et seq.) or which contain provisions requiring the payment of prevailing wages as determined by the Michigan Department of Labor pursuant to 1965 PA 166, as amended, being MCL 408.551 et seq., are exempt from the provisions of this resolution.

9. Any lease of property owned by the City of Flint shall include a provision that new construction, alteration, repair, installation, painting,
decorating, completion, demolition, conditioning, reconditioning or improvement of buildings, works, bridges, highways or roads on such property shall be considered work on public buildings, work, bridges, highways or roads within the meaning of paragraph 7(b) of this resolution and that the lessee or sub-lessee will be bound by the provisions of this resolution.

10. It is the intent of this City Council that every contracting agent shall adopt the preceding paragraphs of this ordinance.

11. The City of Flint Purchasing Agent, the City of Flint Finance Director and the City of Flint Affirmative Action Officer are hereby authorized to effectuate this resolution on behalf of the City of Flint within their respective spheres of responsibility.

12. The City of Flint Clerk is hereby directed to forward to each City of Flint Council member, elected official, agency and department a copy of this resolution and a notation of the adoption of same.

City of Flint
Scope of Services
CDBG Program Year 2017-18

Scope of Services

1. Program Summary: Describe the program components and activities to be funded by this grant in a brief narrative. Identify whether this is a new proposal or project, the continuation of an existing program, or an expansion of an existing program.

The Genesee County Land Bank will use CDBG funding to expand its strategic demolition program to demolish blighted structures in alignment with the City’s Master Plan and Blight Elimination Framework. The demolitions will build upon the success of previous and ongoing demolitions completed under the Neighborhood Stabilization Program, Michigan Blight Elimination Grant, and Hardest Hit Fund. The blighted structures to be demolished will include a mix of commercial and residential structures.

2. Goals: Describe the purpose of the proposal and how it responds to a specific priority identified in the Consolidated Plan.

The purpose of the proposed activity is to support blight elimination efforts in the City of Flint in alignment with the City of Flint Master Plan and Consolidated Plan. This will help to achieve the objective of creating a suitable living environment, as defined in the Performance Measures of the Consolidated Plan, City of Flint Master and Consolidated Plans. This will help to achieve the objective of creating a suitable living environment as defined in the Performance Measures of the Consolidated Plan.

3. Description: Provide a statement of need. Explain why activity is needed and how it augments existing programs. Describe collaboration with other agencies that are doing similar or related work in the geographic area.

Demolition of blighted properties was identified as a top priority through the Master Planning Process. There are currently nearly 6,000 properties in need of demolition in the City. The Land Bank will collaborate with the City of Flint to identify eligible properties for demolition in the Flint Neighborhoods. Eligible properties include Land Bank owned blighted properties or privately owned blighted properties that have gone through the City’s Board of Appeals process and have up-to-date and complete documentation. If the City is unable to provide complete documentation for privately-owned structures, only Land Bank owned demolitions will be completed. The process for completing demolitions includes: inspection, environmental survey atatement, demolition, basement removal, filling, grading, seeding and mulching.

4. Funding: Identify other sources of funds being leveraged for this project. Complete the enclosed budget sheet. Provide budget detail to explain how figures were derived. EX: For Salaries line item, budget detail should be broken down to identify number of staff, hourly wage, number of hours, etc. Budget detail should clearly relate to line item information.

In partnership with the City of Flint, the GCLBA applied for and was awarded a $500,000.00 Blight Elimination Grant from the Michigan State Housing Development Authority to be leveraged with CDBG funds in order to achieve the demolition of several commercial structures in the City of Flint. These addresses include 810 Hallenger, 1518 Aveill, and 1425 N Saginaw St. Beyond the funding from MSHDA, GCLBA in aware of no other sources of funding that will be used to complete the CDBG-funded demolitions.

5. Staffing: Provide a staffing roster of all full and/or part-time employees whose duties are included in the

The staff members that will work on this project may include:
Faith Finholm, Grants Manager
Lucille James, Demolition Program Manager
Antonio Dunn, Demolition Inspector - The per property inspection rate is included in the attached documentation.
Chris Monk, File Clerk

Additional staff members from the grants management team may also provide support to implement the program.
6. Schedule: Complete the attached project schedule that indicates how long it will take to get the project underway and

The attached schedule provides a summary of activities to be completed.

7. Accomplishments: Clearly describe the anticipated accomplishments of the proposed program. You must identify
   - Population to be served
   - Estimated number of persons or households to be served
   - Geographic area of services (broken down to the census tract block group level). List and also identify on the attached
     - Linear feet of streets
     - Sidewalk squares
     - Coal per unit

Population served: The residents of the City of Flint will benefit from the demolition of blighted structures.

The Geographic area of service will be in the City of Flint.

The current average estimated cost of a residential demolition in the City of Flint is $13,500.

The estimated cost of commercial demolition varies greatly depending on the size and scope of the project.

The total number of commercial and residential demolitions to be completed with CDBG funds is estimated to be 7,
including the demolition of 810 Ballenger, 1425 N Saginaw St. and 1518 Averill. However, the number of demolitions to
be completed will depend on the projects selected and the specific costs associated with each of the properties.

8. Experience: Describe the organization’s management experience in CDBG programs, including the experience of
   key staff (do not include resumes). Describe any comparable programs or services provided by the applicant during
   the most recent five-year period similar in scope to the City’s project outlined in the RFP. List all CDBG funding received
   during the 2010-11 fiscal Year. List the stated goals for those grants and actual achievement or progress on achieving
   those goals for each grant. Provide rationale for any lack of progress. Attach a list of your agency’s past and present
   CDBG funded activities, the year and amount of the award, and the current balance of those grants. Provide an
   explanation for each year’s unspent CDBG funds.

The Genesee County Land Bank has received and successfully expended CDBG funds from the City of Flint for FY 2014-
15, 2015-16, and is in the process of completing the expenditure of FY 2016-17 funds, the remainder of which will be
leveraged with the MSHDA Blight Elimination Grant and 2017-18 funds to complete the strategic demolition of several
commercial structures. GCLB has extensive experience managing demolition activities under state and federal grants
and loans since 2003. Since 2005, we have managed the demolition of more than 7,000 blighted structures at an
estimated total cost of more than $54 million. This includes successful management of more than $65 million in Hardest
Hit Fund dollars and $3.3 million dollars from the City of Flint’s CDBG allocation in the past three years. The GCLB also
managed $13.4 million in brownfield bond revenue to demolish blighted structures and complete remediation on key
properties. 544 properties were demolished under the plan and the GCLB directly managed the demolition of 130 of
those properties. Additional demolition projects include Brookstone Apartment Complex, Heartland Manor, Clark School,
Franklin AVE properties, Carpenter Road apartments and the Glen Acres Apartment complex.

9. Evaluation Plan and Performance Measurements: Describe the assessment methods/strategies that will be used

The performance measures will be the number and quality of demolitions completed. We will gather all required
documents and take before, during and after photos of the properties to demonstrate that all structures were demolished
in compliance with state, federal and local requirements and bid specification.
### Project Schedule/ Benchmarks

List all services/activities for each reporting quarter separately. Include estimates of number of clients served, stage of project completion, progress of program participants, etc. What will your project or program accomplish each quarter? Please be specific. This information will be used to evaluate how well your programs or projects are meeting the needs of the community based on established objectives and output indicators.

**1st Quarter Activities**

<table>
<thead>
<tr>
<th>From</th>
<th>To</th>
</tr>
</thead>
<tbody>
<tr>
<td>July 1, 2017</td>
<td>September 30, 2017</td>
</tr>
</tbody>
</table>

Prepare and submit Contract Development Packet to City of Flint Planning Department.

**2nd Quarter Activities**

<table>
<thead>
<tr>
<th>From</th>
<th>To</th>
</tr>
</thead>
<tbody>
<tr>
<td>October 1, 2017</td>
<td>December 31, 2017</td>
</tr>
</tbody>
</table>

Secure contract, begin preliminary environmental investigations/remediation on identified sites. Request and coordinate utility retirements. Prepare and release bid specification for identified demolitions.

**3rd Quarter Activities**

<table>
<thead>
<tr>
<th>From</th>
<th>To</th>
</tr>
</thead>
<tbody>
<tr>
<td>January 1, 2018</td>
<td>March 31, 2018</td>
</tr>
</tbody>
</table>

Review bids and award contracts for demolition work. Oversee the demolition work. Identify remaining funds and work with City to identify additional priority demolitions. Begin environmental investigations, remediation, and request utility retirements for additionally identified structures. Prepare and release bid specifications. Make progress payments as necessary while completing site inspections.

**4th Quarter Activities**

<table>
<thead>
<tr>
<th>From</th>
<th>To</th>
</tr>
</thead>
<tbody>
<tr>
<td>April 1, 2018</td>
<td>June 30, 2018</td>
</tr>
</tbody>
</table>

Complete demolition of priority commercial demolitions to include final grades, seed, and mulch. Review bids and award contracts for additionally identified sites. Oversee demolition contracts. Inspect sites to ensure work is completed in compliance with scope. Make payment and closeout projects. Closeout grant and provide all required documentation. Audit files to ensure all file are in alignment with CDBG requirements.

Revised September, 2017
Performance Measurement System

Using the objective and outcome performance choices you select below, please explain how performance will be measured to ensure that productivity is achieved and impact is obtained to reflect your agency’s progress toward addressing the issue for which your program was designed to address.

Please select the **Objective** which best reflects the goal or purpose of the program. (What is the larger community need that you are seeking to address?) Select **only** one of the following three objectives.

- [x] 1. Creating Suitable Living Environments
- [ ] 2. Providing Decent Housing
- [ ] 3. Creating Economic Opportunities

Please select the **Outcome** which best reflects the goal or purpose of the program. What type of change or result are you seeking?) Select **only** one of the following three outcomes.

- [ ] 1. Availability/Accessibility
- [ ] 2. Affordability
- [x] 3. Sustainability

Use this space for your explanation

Budget Detail Worksheet

**Purpose:** The Budget Detail Worksheet may be used as a guide to assist you in the preparation of the budget and budget narrative. You may submit the budget and budget narrative using this form or in the format of your choice (plain sheets, your own form, or a variation of this form). However, all required information (including the budget narrative) must be provided. Any category of expense not applicable to your budget may be deleted.

### A. Personnel

List each position by title and name of employee, if available. Show the annual salary rate and the percentage of time to be devoted to the project. Compensation paid for employees engaged in grant activities must be consistent with that paid for similar work within the applicant organization.

<table>
<thead>
<tr>
<th>Name/Position</th>
<th>Computation</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Faith Finholm, Grants Manager (40%)</td>
<td>28.36°40°52'.4</td>
<td>$21,932.00</td>
</tr>
<tr>
<td>Lucille James, Demolition Program Manager (10%)</td>
<td>26.36°40°52'.1</td>
<td>$5,587.00</td>
</tr>
<tr>
<td>Chris Monk, File Clerk (30%)</td>
<td>12.50°20°52'.3</td>
<td>$3,900.00</td>
</tr>
<tr>
<td>Position 5</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Position 6</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**SUB-TOTAL $31,419.00**

### B. Fringe Benefits

Fringe benefits should be based on actual known costs or an established formula. Fringe benefits are for the personnel listed in budget category (A) and only for the percentage of time devoted to the project. Fringe benefits on overtime hours are limited to FICA, Workman’s Compensation, and Unemployment Compensation.

<table>
<thead>
<tr>
<th>Name/Position</th>
<th>Computation</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Faith Finholm, Grants Manager (40%) Fringe Rate 13.43</td>
<td>13.43°40°52'.4</td>
<td>$11,174.00</td>
</tr>
<tr>
<td>Lucille James, Demolition Program Manager (10%) Fringe Rate 13.43</td>
<td></td>
<td>$3,476.00</td>
</tr>
<tr>
<td>Chris Monk, File Clerk (30%) Fringe Rate 13.43</td>
<td></td>
<td>$393.00</td>
</tr>
<tr>
<td>Fringe benefit 4</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Fringe benefit 5</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**SUB-TOTAL $15,043.00**

**Total Personnel & Fringe Benefits $46,462.00**
C. Travel - Itemize travel expenses of project personnel by purpose (e.g., staff to training, field interviews, advisory group meeting, etc.). Show the basis of computation (e.g., six people to 3-day training at SX airfare, $X lodging, $X subsistence). In training projects, travel and meals for trainees should be listed separately. Show the number of trainees and the unit costs involved. Identify the location of travel, if known. Indicate source of Travel Policies applied, Applicant or Federal Travel Regulations.

<table>
<thead>
<tr>
<th>Purpose of Travel</th>
<th>Location</th>
<th>Item</th>
<th>Computation</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Travel entry 1, two lines per entry</td>
<td></td>
<td></td>
<td></td>

<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>TOTAL</strong></td>
<td></td>
<td></td>
<td></td>
<td>$0.00</td>
</tr>
</tbody>
</table>

D. Equipment - List non-expendable items that are to be purchased. Non-expendable equipment is tangible property having a useful life of more than two years and an acquisition cost of $5,000 or more per unit. (Note: Organization's own capitalization policy may be used for items costing less than $5,000). Expendable items should be included either in the “supplies” category or in the “Other” category. Applicants should analyze the cost benefits of purchasing versus leasing equipment, especially high cost items and those subject to rapid technical advances. Rented or leased equipment costs should be listed in the “Contractual” category. Explain how the equipment is necessary for the success of the project. Attach a narrative describing the procurement method to be used.

<table>
<thead>
<tr>
<th>Item</th>
<th>Computation</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Equipment entry 1, one line per entry</td>
<td></td>
<td></td>
</tr>
<tr>

<td></td>
<td></td>
</tr>
<tr>
<td>equipment entry 5</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>TOTAL</strong></td>
<td></td>
<td>$0.00</td>
</tr>
</tbody>
</table>
E. Supplies - List items by type (office supplies, postage, training materials, copying paper, and expendable equipment items costing less than $5,000, such as books, hand held tape recorders) and show the basis for computation. (Note: Organization's own capitalization policy may be used for items costing less than $5,000). Generally, supplies include any materials that are expendable or consumed during the course of the project.

<table>
<thead>
<tr>
<th>Supply Items</th>

<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>TOTAL $6,654.00</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

I. Indirect Costs - Indirect costs are allowed only if the applicant has a Federally approved indirect cost rate. A copy of the rate approval, (a fully executed, negotiated agreement), must be attached. If the applicant does not have an approved rate, one can be requested by contacting the applicant’s cognizant Federal agency, which will review all documentation and approve a rate for the applicant organization, or if the applicant’s accounting system permits, costs may be allocated in the direct costs categories.

<table>
<thead>

---

**Description of Operations / Locations / Vehicles / Exclusions Added by Endorsement / Special Provisions**

The City of Flint and its officers, agents and employees are added as additional insureds with respect to the above captioned general liability policy 30 days notice of cancellation included.

---

**Certificate Holder**

City of Flint
1101 S. Saginaw St.
Flint, MI 48501

**Cancellation**

Should any of the above described Policies be cancelled before the expiration date thereof, the issuing insurer will endeavor to give 10 days written notice to the certificate holder named to the left, but failure to do so shall not impose no obligation or liability of any kind upon the insurer, its agents or representatives.

Authorized Representative

John Racine/Manager
IMPORTANT

If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must be endorsed. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

DISCLAIMER

This Certificate of Insurance does not constitute a contract between the issuing insurer(s), authorized representative or producer, and the certificate holder, nor does it affirmatively or negatively amend, extend or alter the coverage afforded by the policies listed thereon.
