

SUPPLEMENT A:

A. General Requirements/Expectations:

1. The Contractor shall be required to post “NO PARKING” signs in areas where work will take place one (1) day prior to commencing work. Areas will be posted once and completed before starting another area. Signs shall be removed upon completion and used again for another area.
2. The Contractor shall be required to notify Jason Jospheh, Facilities Manager, GCLBA (810) 257-3088 x 589, of any change to established work schedules.
3. Work shall not start before 7:00 a.m. and shall end no later than dusk of 6:00 p.m. Monday through Saturday.
4. **All work performed must follow current ANSI A300 and ANSI Z133 standards.**
5. Equipment shall be operated in a safe and prudent manner in accordance with all Federal, State (MIOSHA), County and Local Ordinances. Vendors must provide a list of equipment with their proposal.
6. Safety precautions shall be practiced by the Contractor to adequately safeguard all persons and property from injury or damage. All federal, State (MIOSHA), County, and local ordinances shall apply.
7. Contractor must give a 24-hour prior notification to adjacent property owner(s) of any pruning or removals.
8. Clean-up and disposal of all pruning and tree debris, including chipping debris shall be the responsibility of the Contractor. All work sites shall be left clean and free of debris at the end of each workday. If debris is evident on sidewalks, curbs, gutters and pavement areas, they should be left in a “broom cleaned” condition upon completion of work each day.
9. Existing brush and/or logs larger than 2” in diameter shall be removed and properly disposed of.
10. Contractor shall furnish all necessary supervision, laborers, vehicles and equipment capable of effective and efficient pruning/removal of specified trees. In addition, the Contractor shall maintain onsite at all times work is being performed, a site supervisor who represents the Contractor and can adequately communicate with the GCLBA representative both orally and in writing.
11. A Final Inspection of each tree removed or trimmed will be conducted by the GCLBA or a Project Partner.
