**Genesee County Land Bank Closes on More Homes**

**Flint, MI** —Genesee County Land Bank recently announced the closings of four additional homes. The homes, located at 318 W Seventh St., 6209 Alison, 841 E Ninth St, and 2201 Joliet were completely renovated using Neighborhood Stabilization Program (NSP2) funds.

Stacey Riley moved from Flushing into the 841 E Ninth Street home in early March.

“The house is the perfect size and suits all our needs. My favorite room is the living room with the original woodwork! The neighborhood is very quiet and the neighbors are so nice,” Riley says.

Currently a student at University of Michigan-Flint, the location is perfect for getting to school for both her and her daughter as well as their favorite activities.

“We love going to Applewood so it will be perfect this summer to be able to walk there,” notes Riley.

To date, 14 of the 30 homes have been sold, with three additional homes marked as sale pending.

The newly renovated homes as part of the NSP2 program range in price from \$20,000-\$50,000 and include all new appliances and security systems. For a complete list of homes renovated through the NSP program, or to learn more about the Home Buyer Fair, visit [www.thelandbank.org](http://www.thelandbank.org) or “Like” the Genesee County Land Bank on Facebook.

**About the Genesee County Land Bank’s Neighborhood Stabilization Program**

In March 2009, Genesee County was awarded \$10.7 million in Neighborhood Stabilization Program 2 (NSP2) funding from the U.S. Department of Housing and Urban Development (HUD). The purpose of the program is to stabilize neighborhoods through demolition and renovation of selected homes. To learn more about NSP or to see a current list of available properties, visit [www.thelandbank.org](http://www.thelandbank.org).
