

Sales Policy Change Effective October 10, 2016

Genesee County Land Bank does not make reminder phone calls. Effective October 10, 2016, any person who fails to show for a showing for a property, the Land Bank will pull all open interests for that person and close their interests on all properties without further contact. The applicant will also be debarred from applying for any additional properties for a period of three months. If applications are submitted during the debarment period, the property interest will be closed without contact.

Thank you.
