

Genesee County Land Bank Authority Blight Elimination Program
Request for Proposals- LB 18-007 Environmental Abatement, Demolition and Restoration of
1518 Averill Ave, Former Kirkwood Mobile Home Park
ADDENDUM #1

April 17, 2018

The following information is to be incorporated into the bidding and contract documents and acknowledged by all bidders for the above referenced project. Bids submitted that do not acknowledge this Addendum will be deemed incomplete and may be rejected on such basis.

1. **General Questions and Answers** are included in Attachment 1 along with the Pre-bid Meeting Sign-in Sheet. y

2. **Corrected Important Dates:** Important dates regarding the Work are as follows:

| | |
|---|--|
| Mandatory Pre-Bid Meeting | Thursday, April 12, 2018 2:00 pm on site at 1518 Averill Ave. |
| Bids Due | Tuesday, April 24, 2018 |
| Notice of Award | On or around Monday, April 30, 2018 |
| Contract Signed | On or around Friday, May 4, 2018 |
| Start Work | On or around Monday, May 7, 2018 |
| Final-grade, seed and straw work completed | On or before Friday, June 15, 2018 |
| Final Paperwork and Payment Request | On or before Friday, June 22, 2018 |

Final questions regarding this RFP should be submitted in writing via email to **ffinholm@thelandbank.org** by no later than 3:30pm on Thursday, April 19, 2018.

3. **Corrected Scope:** Existing large boulders on surface elevation of site to remain.
4. **Wage Rate Schedule:** Please note that technical specifications state that work under this RFP is covered by the Davis Bacon Act (DBA). As a demolition only project with no follow on construction, the work under this RFP is actually not covered by DBA (https://www.hud.gov/sites/documents/DOC_14999.PDF); however, the work is covered by the Genesee County Prevailing Wage policy and appropriate prevailing wages per the State of Michigan shall be paid to all workers on site. The most recent prevailing wage rate schedule is attached (Attachment 2).
5. **Revised Scoring and Evaluation Criteria:** Please find revised Appendix 8: Scoring and Evaluation Criteria attached (Attachment 3).

6. **UNIT PRICE SCHEDULE FOR NON-SCOPE WORK ADD/DEDUCT:** Bidders are to provide unit rate prices for the items listed in Attachment 4.

Each bidder must acknowledge receipt of this addendum on RFP SUBMITTAL REQUIREMENTS CHECKLIST.

****END OF ADDENDUM****

Prepared by:
Genesee County Land Bank
452 S. Saginaw St., Second Floor

ATTACHMENT 1

1. Q: Are stumps to be removed?

A: Yes.

2. Q: Contractors expressed concern about removing all underground utilities like wires, etc. for Consumers. Concerned could cause damage to sewers, other underground infrastructure, exasperate any contamination that may be on site. What will City require for open hole/backfill certification?

A: Contractors are required to complete 100% removal of all structures, including foundations, footings, and basements. Regarding trailers, pads, pedestals and all other improvements on site, contractor is to remove all above ground improvements and all below ground improvements up to 2 ft in depth. Demolition of structures with foundations, footings, and basements require 100% removal regardless of depth.

3. Q: Are there drawings showing underground infrastructure? (Utility prints?)

A: Yes. Attached.

4. Q: What is the City's policy on water hydrants?

A: The City of Flint has a limited number of meters available, the largest being 3 inches. Contractor will need to contact the City of Flint Water Service Center and Flint Fire Department to determine availability and coordinate use as the City will attach and remove meters. Contractor is responsible for ensuring water is on site and available at all times, despite availability of meters through the City of Flint.

5. Q: How to handle trailers that cannot safely be abated?

A: Based on ATC's site reconnaissance all trailers were accessible and should be abated as specified, however if Trailer(s) is/are deemed "unsafe" a State of Michigan licensed Asbestos Abatement Contractors must perform demolition(s). All demolition debris (including concrete) associated with ordered/emergency demolitions must be adequately wet, placed in lined trucks or roll-off boxes and properly disposed of as friable asbestos. Additionally, all MIOSHA, Class I asbestos abatement requirements apply.

Contractors should remove asbestos containing materials in structures unless the safety of their workers is compromised. If asbestos is going to be left in place and not removed per NESHAP, then contractors should first remove all asbestos materials that can be safely removed. In the Notice to the State of Michigan, the contractor should state that asbestos will remain in the structure and attach a letter to the notice stating the reasons asbestos is left in place, and provide photo documentation of the safety issues preventing the removal of the identified ACM. OSHA and NESHAP requirements for demolition of structures with asbestos remaining should be followed during the demolition.

6. Q: Is a screen necessary on the fencing?

A: Contractor will not be required to install screen on construction fence. Fencing may encompass the house at 1505 Bingham as it is owned by the Land Bank, though the house is not to be damaged or demolished.

7. Q: Have site drawing that highlights approaches/curb cuts?

A: Yes. Attached.

8. Q: Contractor to regrade/seed ROW?

A: Contractor is responsible to regrade and seed the Right of Way per specification.

9. Q: Can we complete the project in phases (i.e. fence in and complete a portion of the property at a time)?

A: Contractors may complete the demolition in phases. Contractor will need to coordinate with the City of Flint Building and Safety Inspections office if they wish to pursue this course of action. City of Flint Building and Safety Inspections office will need to verify all pads, foundations, and footing have been removed prior to contractor backfilling and finishing. Contractor will be responsible to the City of Flint for any additional inspection fees that may be incurred.

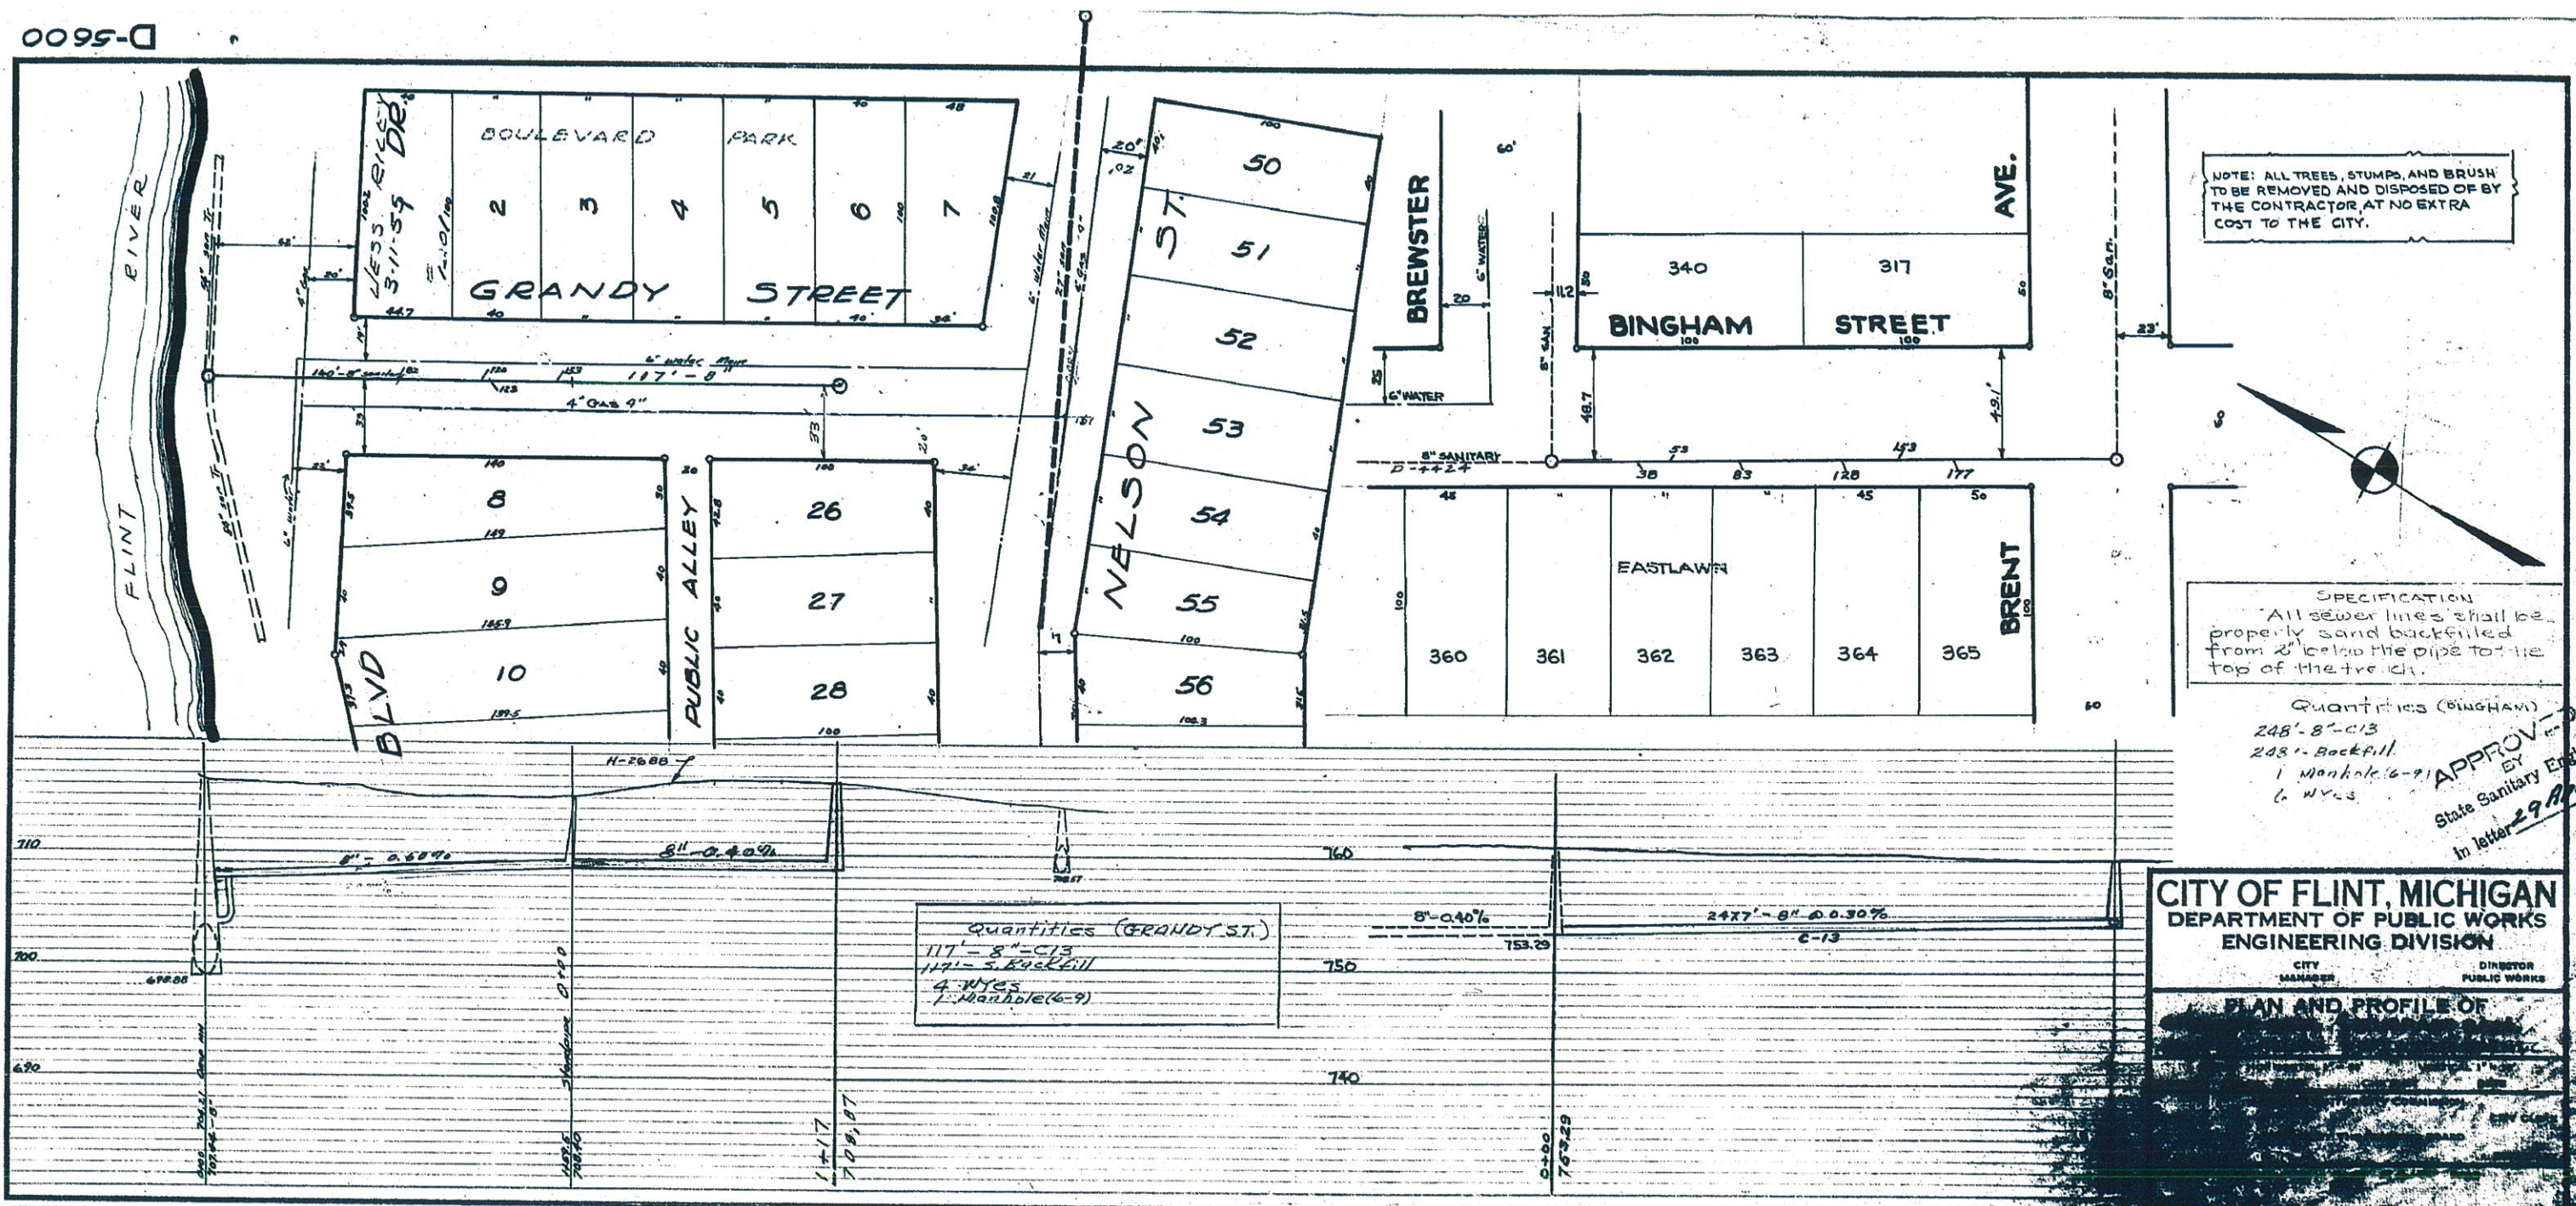

10. Q: It looks like the transformers are the property of Consumers. Will they be removing these before the demolition starts as we need to remove the pads. I assume also that if there are PCB oils to be dealt with on these that Consumers would be handling all of that.

A: Transformers have been removed by others (noted in revised drawing). Consumers will not be removing any remaining transformer pad or ancillary equipment prior to demolition. Any remaining pads or equipment will be the responsibility of the contractor.

11. Q: In the Phase II it identifies some contaminants in the groundwater above acceptable criteria is 2 locations. Will there be "contaminated soil" to be removed as a result of this. Throughout the documents it is clear that if there is, this will be our responsibility to take care of this. As long as these soils remain on the site can they be reused there? If we need to remove, of course there are associated costs which could be significant. Do we have any idea how much we should expect?

A: GCLBA does not anticipate removing any contaminated soil from site. The Environmental Construction Management Plan outlines methods and precautions contractors are to take in dealing with soils. If dewatering is required, Contractor will be required to properly dispose of contaminated water. Pumping to site or sewers is prohibited, without applicable discharge permit.

D-5600

NOTE: ALL TREES, STUMPS, AND BRUSH TO BE REMOVED AND DISPOSED OF BY THE CONTRACTOR AT NO EXTRA COST TO THE CITY.

SPECIFICATION
All sewer lines shall be properly sand backfilled from 2' below the pipe to the top of the trench.

- TRANSFORMER PAD
- ALTERNATE A

General Notes:

- Perform all Work in accordance with Contract Documents/Specifications, Federal, State and Local rules and regulations.
- Obtain all permits, waivers, clearances, inspections etc.
- Submit all notifications, applications, plans, documentation, etc.
- Install SESC measures.
- Abate all asbestos containing materials.
- Demolish all buildings, mobile homes/trailers, trailer pads, roads (Sunshine and Jason Drives) and improvemets.
- Remove, containerize, characterize, transport, and dispose of all wastes materials.
- Protect Site tree's greater than 5" in diameter.
- Protect structures, improvements, and vegetation on all adjacent Public and Private properties, repair at no cost to Owner.
- Cut and Cap gas, electric, water and sanitary sewers at mains in accordance with City requirements.
- Protect Site storm water catch basins and associated sewer lines.
- Strip, screen and stockpile topsoil for reuse at Site.
- Place and compact owner approved backfill to 6" below grade.
- Rough Grade to match adjacent grades, slope towards existing storm drains/catch basins to prevent ponding.
- Place 6" owner approved, screened topsoil to Final Grade, seed, mulch and water.
- Abatement of Burned/Unsafe structures: Abate accessible ACM, then demolish, containerize, transport and dispose of burned/unsafe structures. All work to be completed by Michigan Licensed Abatement Contractor, utilizing Accredited Abatement Workers in strict accordance with EPA NESHAPs and OSHA requirements including, but not limited to: structures/debris adequately wetted to prevent visible emissions, debris placed in leak proof containers, properly transported and disposed.

Keyed Demolition Notes:

- 1 Abate asbestos and other Hazardous/regulated materials, demolish buildings and trailers
- 2 Remove former transformer pads
- 3 Remove Site roads (Sunshine and Jason Drives).
- 4 Protect private property, structures, improvements, and vegetation

ATTACHMENT 3

**APPENDIX 8- EVALUATION CRITERIA & SCORING-
REVISED 4/17/18**

Contractor: _____

Bid #: _____

EVALUATION CRITERIA AND SCORING – Commercial Bid Packets – Demo & Abate

The GCLBA will evaluate the four lowest cost proposals received and identify the submittals that are the most responsive, responsible and offer the best service to the GCLBA. Additional proposals will only be evaluated in the event that award cannot be made to one of the four lowest cost proposals. The GCLBA will consider Bidder qualifications, financial viability, project references, experience with comparable projects, and projects with concurrent timelines. Specifically, each RFP package will be reviewed based on the following selection criteria:

A. PROPOSAL/EVALUATION CRITERIA:

| Evaluation Factors | Maximum Points |
|--|-----------------------|
| Ability to Meet Production Goals within Timelines The bidder's demonstration of understanding of scope of work, readiness to proceed and capacity to complete work assigned within timeframes required. | 30* |
| Experience working on environmental cleanup or UST removal projects for the EPA, MDEQ, government or private entity. | 5 |
| HUD Section 3 Contractors can receive additional consideration in scoring per Section 3 Regulations in 24 CFR Part 135 for: 1. Being a Section 3 Certified Business Concern, and 2. Submitting a Section 3 Strategy to comply with the Section 3 training and employment preference or contracting preference. | 15 |
| Price The ability to demonstrate reasonable costs in performing scope of work identified in the RFP. | 50 |

* Up to twenty (20) points may be deducted when evaluating Contractor capacity. GCLBA staff will consider past experience with Contractor's response to issues and complaints, including the timeframe in which the Contractor responded to identified issues and where Contractor performed substandard work (work performed by Contractor or Contractor's subcontractors that did not meet bid specifications) on any previous GCLBA projects.

Contractor: _____

Bid #: _____

Ability to Meet Production Goals within Timelines (30 Points)

1. **Experience** in the appropriate scope of work as outlined in the RFP. (3 points)

| | |
|--|----------|
| Five (5) to nine (9) years of experience in the demolition and disposal of residential/commercial structures. | 1 Point |
| Ten (10) or more years of experience in the demolition and disposal of residential/commercial structures. | 3 Points |

2. **Capacity – Part 1:** Does the firm demonstrate through their RFP packet that the firm has the capacity and experience to complete the projects **within the time frame identified in this Request for Proposal?** *(If they do not have the required equipment, are they subcontracting with a company/individual that has the required qualifications?).* (10 points)

| | |
|---|----------------|
| Contractor demonstrates experience on similar projects within the past five years. | Up to 2 Points |
| Staffing: 0-25 employees (1 point) 26-50 employees (2points) 51- 100 employees (3 points) 100-150 employees (4 points) 150+ employees (5 points) | Up to 5 Points |
| Experience and licensure of committed employees | Up to 3 points |

- ☐ Does the firm have **adequate staffing** to complete the project **within the time frame identified in this Request for Proposal?** *(If not, are they subcontracting with a company/individual that has the required qualifications?) An answer of “No” to this question will result in zero (0) points above or a determination that the bid is “non-responsive” depending upon the discrepancy.*
- ☐ Does the firm have **adequate equipment** to complete project **within the time frame identified in this Request for Proposal?** *(If not, are they subcontracting with a company/individual that has the required qualifications?) An answer of “No” to this question will result in zero (0) points above or a determination that the bid is “non-responsive” depending upon the discrepancy.*
- ☐ Does the firm have **adequate licensing** to complete project? *(If not, are they subcontracting with a company/individual that has the required qualifications?) An answer of “No” to this question will result in a determination that the bid is “non-responsive.” See THRESHOLD REQUIREMENTS.*

Contractor: _____

Bid #: _____

3. **Capacity – Part 2: Up to twenty (20) points may be deducted when evaluating Contractor capacity.** GCLBA staff will consider past experience with Contractor's response to issues and complaints, including the timeframe in which the Contractor responded to identified issues and where Contractor performed substandard work (work performed by Contractor or Contractor's subcontractors that did not meet bid specifications) on any GCLBA projects within the past 1 year from final payment on a contract.

| | |
|--|-------------------|
| Contractor has no documented outstanding or unresolved issues as outlined below: | Deduct 0 Points |
| Contractor has outstanding/unresolved issues and/or complaints on any GCLBA projects. (Deduct exists until issue is resolved) | Deduct 5 Points* |
| Contractor took more than ten business days to respond and/or demonstrated a lack of response to and GCLBA and/or neighbor complaints and/or issues. (Deduct expires 1 year from the date GCLBA approves issue resolution) | Deduct 5 Points* |
| Contractor performed substandard work (work performed by Contractor or Contractor's subcontractors that did not meet bid specifications) on previous GCLBA projects. (Deduct expires 1 year from the date GCLBA approves issue resolution) | Deduct 10 Points* |

*Attach the record of above described instances.

4. **Demonstrated understanding of the scope of work (17 points) – Threshold Requirements**

| | | |
|---|---|----------------|
| References: Has contractor held contracts with GCLBA in the past 5 years? No= See A below; Yes = See C below A. If contractor has not held a contact with GCLBA in the past 5 years, are references and projects provided for a similar time frame similar/appropriate? (No = 0 points; Yes = See B below) B. Does a sample of project contacts provide a reference noting the contract was completed on time, on budget and without complaints? (No = 0 points; Yes = 3 points)? (No = 0 points; Yes = 3 points) C. If contractor has held contracts with GCLBA in past 5 years, was the work completed on time, on budget, and without complaints? (No = 0 points; Yes = 5 points) | | Up to 5 Points |
| RFP submitted included all of the required submittals/documentation & signature | | Up to 3 Points |
| Required (Y/N) | Additional State Licenses and/MBWE/or certification included (No additional points awarded if required for the project) | Up to 5 points |
| Y | - Asbestos Abatement Licenses (1 Point) | |
| Y | - HAZWOPER Certification (1 Point) | |
| | - Contractor us MBE/WBE/DVE (2 points) or - submits plan to utilize MBE/WBE/DVE as sub (1 point) | |
| | - Lead Awareness/Abatement (1 Point) | |
| | - City of Flint Sidewalk Licensed Contractor (1 Point) | |
| | - Storm Water Management Certifications (1 Point) | |

Contractor: _____

Bid #: _____

Does the firm have **adequate staffing** to complete the required number of projects stated in their proposal **on a weekly basis** (If not, are they subcontracting with a company/individual that has the required qualifications?)

N/A YES NO

Does the firm have **adequate equipment and licensing** to complete the required number of projects stated in their proposal **on a weekly basis** (If not, are they subcontracting with a company/individual that has the required qualifications?)

N/A YES NO

If the answer to the above questions is “No” then submission is to be considered NON-RESPONSIVE.

Section 3 Preference (15 Points)

1. Certified Section 3 Business Concerns. (10 points)

Contractors certified as Section 3 Business Concerns will receive priority consideration by category as defined in 24 CFR 135.36.

| | |
|--|------------------|
| Category 1 Section 3 Business Concern | 10 Points |
| Category 2 Section 3 Business Concern | 7 Points |
| Category 3 Section 3 Business Concern | 4 Points |
| Not a Section 3 Business Concern | 0 Points |

2. Section 3 Strategy- All Contractors(5 points)

- Did the contractor submit an appropriate Section 3 Strategy to comply with the Section 3 training and employment preference or contracting preference? (No = 0 points, Yes = see next question)
- Has the contractor previously submitted a Section 3 Strategy and received preference in scoring as a result? (No = 5 points, Yes = see next question)
- If the contractor has previously submitted and received preference for a Section 3 Strategy, did the contractor successfully implement the strategy and supply the required reports? (No = 0 points, Yes = 5 points)
- Contractor did not submit a Section 3 Strategy. (0 points)

Evaluating Pricing Proposal

Pricing will be evaluated and scored as follows:

The maximum points allowable (50) will be divided by the number of eligible responding bidders. The lowest responsive bidder will receive the maximum points (50). The next lowest responsive bidder will receive the maximum points (50) less the quotient of 50 divided by the number of eligible responding bidders. Each eligible bidder will be awarded pricing points based on the points awarded to the bidder with the closest bid price without exceeding the bid in question, less the quotient. For example, if there are four (4) eligible responsive bids, pricing points will be awarded as follows:

| Bidder | Bid Price | Bid Ranking | Pricing Score |
|---------------|------------------|--------------------|----------------------|
| Bidder A | \$10,000. | 3 | 25 |
| Bidder B | \$9,500.00 | 1 | 50 |
| Bidder C | \$12,500.00 | 4 | 12.5 |
| Bidder D | \$9,850.00 | 2 | 37.5 |

To achieve the Pricing Score, divide the maximum points possible by the number of eligible bidders: $50/4=12.5$. Then subtract the quotient from the score of the previous bidder subsequently.

- Bidder B, as lowest responsive bid will receive fifty (50) points for pricing.
- Bidder D, as next lowest responsive bid will receive 37.5 points for pricing ($50-12.5=37.5$)
- Bidder A, as next lowest responsive bid after D, will receive 25 points for pricing ($37.5-12.5=25$)
- Bidder C, as the as next lowest responsive bid after A, will receive 12.5 points for pricing ($25-12.5=12.5$)

A quotient will be rounded to the nearest tenth of a decimal for subtraction purposes. Should two or more eligible bidders have the same pricing, they shall receive the same scoring depending on where they fall in the formula (i.e. should Bidder D and Bidder A in the example above both bid \$9,850.00, they both would have been awarded 37.5 points [$50-12.5=37.5$]. Bidder C would then have received 25 points.)

In the event that the highest scoring Bidders' total scores are within a 5 point spread of one another, GCLBA reserves the right to award the contract to the Bidder with the most advantageous pricing proposal at its discretion.

SELECTION PROCESS

The Selection Committee comprised of GCLBA staff will review qualifications in accordance with the evaluation criteria set forth herein. Proposals that are submitted on time and comply with the mandatory requirements of the RFP will be evaluated in accordance with the terms of the RFP. Any contract resulting from this RFP will not necessarily be awarded to the vendor with the lowest price. Instead, contract(s) shall be awarded to vendor(s) whose proposal(s) is the most responsive, responsible and offers the best service to the GCLBA in accordance with criteria set forth in RFP.

ATTACHMENT 4

| Asbestos Unit Rate Schedule | | | |
|------------------------------------|--|-------------|-------------------|
| Item No. | Description | Unit | Unit Price |
| 1 | Sprayed-on Fireproofing | Square Foot | |
| 2 | Hard Wall/Ceiling Plaster (all layers, metal or wood lathe) | Square Foot | |
| 3 | Soft/Decorative Plaster (all layers, including substrate if necessary) | Square Foot | |
| 4 | Popcorn or Sprayed-on Ceiling or Wall Texture (all layers, including substrate if necessary) | Square Foot | |
| 5 | Drywall/Mud Compound | Square Foot | |
| 6 | Thermal System Insulation (TSI) Straight Pipe < 6-inch diameter | Linear Foot | |
| 7 | TSI Straight Pipe > 6 to 12 inch diameter | Linear Foot | |
| 8 | TSI Straight Pipe > 12 inch diameter | Linear Foot | |
| 9 | TSI Mud Fitting < 6 inch diameter | Each | |
| 10 | TSI Mud Fitting > 6 to 12 inch diameter | Each | |
| 11 | TSI Mud Fitting > 12 inch diameter | Each | |
| 12 | Duct Insulation (cloth or paper) | Square Foot | |
| 13 | Duct Insulation (fiberglass with ACM seam mud) | Square Foot | |
| 14 | Undercoated Sink | Each | |
| 15 | Fire Door | Each | |
| 16 | Floor Tile Only (any size) | Square Foot | |
| 17 | Floor Tile and Mastic (any size, any mastic type) | Square Foot | |
| 18 | Linoleum/Resilient Sheetting | Square Foot | |
| 19 | Linoleum/Resilient Sheetting and Mastic (any type) | Square Foot | |
| 20 | Window with associated caulk and/or glazing (any size including frame) | Each | |
| 21 | Furnace, boiler, or tank insulation (mud and jacket) | Square Foot | |
| 22 | Transite (Panels, Siding or Board) | Square Foot | |
| 23 | Fireproof Panels Square | Square Foot | |
| 24 | Asphalt Brick Siding (e.g., Insul-Brick, Brick-Kote, etc.) | Square Foot | |
| 25 | Electrical Panel | Each | |
| 26 | Glued-on ceiling tiles (any size) and glue pods | Each | |
| 27 | Construction Adhesives/other glue pods | Each | |
| 28 | Cove Base | Square Foot | |
| 29 | Vermiculite Insulation | Cubic Yard | |
| 30 | Miscellaneous Asbestos Debris (any type, total quabtity) | Cubic Foot | |
| 31 | Cementious Materials | Square Foot | |
| 32 | Roofing/Flashing/Tar (any type) | Square Foot | |
| 33 | Light Fixture Heat Shields | Each | |
| 34 | Foundation, wall or block caulk | Linear Foot | |
| 35 | Transite / asbestos utility piping (any size) | Linear Foot | |

| Hazardous Material Unit Rate Schedule | | | |
|--|---|-------------|-------------------|
| Item No. | Description | Unit | Unit Price |
| 36 | PCB or other ballasts | Each | |
| 37 | Fluorescent light tubes, > 4feet | Each | |
| 38 | Fluorescent light tubes, 4' or less | Each | |
| 39 | Mercury thermostats or switches | Each | |
| 40 | Misc household chemical containers | Each | |
| 41 | CFC (refrigerator, freezer, any size) | Each | |
| 42 | CFC A/C unit (window or whole house) | Each | |
| 43 | Oil filled equipment | Each | |
| 44 | Gas cylinders (any size and type including, but not limited to: propane, oxygen, acetylene, etc.) | Each | |
| 45 | High pressure light fixtures (sodium, mercury vapor, etc.) | Each | |
| 46 | Heating oil or other bulk oil | Gallon | |
| 47 | Miscellaneous Aerosol Containers | Each | |
| 48 | Car/vehicle battery | Each | |
| 49 | Bicycle tires Each | Each | |
| 50 | Automobile or truck tires | Each | |
| 51 | Television, microwave, computer monitor | Each | |
| 52 | Smoke detector | Each | |
| 53 | Paint cans (latex, oil, etc. any size) | Each | |
| 54 | Gas Cans (10-gallons or less) | Each | |
| 55 | Lawn mowers/snow blowers (or other small engine item) | Each | |
| 56 | Empty 55-gallon drums | Each | |
| 57 | 55-gallon drum with non-hazardous liquid | Each | |
| 58 | Ethylene glycol (one gallon) | Each | |
| 59 | Fire extinguishers | Each | |
